

Sweeny Crime Control and Prevention Board,

After seemingly endless consideration it is with mixed emotion that I hereby submit my letter of resignation effective immediately, not only as Chair but as a member of the Sweeny Crime Control and Prevention Board. As many of you, I have been on the Board since its inception and therefore hold a special place in my heart for the success of the organization. Despite rough beginnings and a steep learning curve we have accomplished great things for our community. Through my relentless efforts and full support of an amazing board we have been able to not only further align with the laws governing a CCPD Board but also bring community together with music, host a great event for the public as well as provide a new patrol vehicle to the Police Department. Unfortunately, at this time I no longer feel comfortable or able to be effective on this board. I encourage you all to continue pushing toward legal compliance and actions that will prove the most effective for our citizens as a CCPD should do. I am proud of what we have accomplished and look forward to seeing further success from you all in the future. Thank you for the opportunity to serve beside you for the benefit of our community.

Sincerely,

*Woodrow Tolley*
