23. Contract Performance

Contractor shall at all times carry on the services diligently, without delay and punctually fulfill all requirements herein. Contractor shall not be liable for delays that are beyond Contractor's control. 24. Access to Records

For not less than three (3) years after the Contract expiration and for the purpose of making audit, examination, excerpts, and transcripts, City, and its duly authorized representatives shall have access to Contractor's books, documents, papers, and records that are pertinent to this Contract. If, for any reason, any part of this Contract, or any resulting construction contract(s) is involved in litigation, Contractor shall retain all pertinent records for not less than three years or until all litigation is resolved, whichever is longer. No other warranties are expressed or implied in this Contract.

26. City Obligations

26.1 City shall provide full information in a timely manner regarding requirements for and limitations on projects and work tasks. With regard to subcontractor liens, City shall furnish to Contractor, within fifteen (15) days after receipt of a written request, information necessary and relevant for Contractor to evaluate, give notice of, or enforce lien.

26.2 City shall establish and update, if necessary, overall project budgets, including consulting costs.

26.5 City shall furnish all legal accounting, auditing and insurance services as necessary for projects to meet the City's needs and interests, after Contractor has performed requisite project management and oversight duties.

26.10 Extra work or work on contingency tasks is not permitted unless authorized by the City in writing. Failure of Contractor to secure written authorization for extra work shall constitute a waiver of all rights to an adjustment in the Contract price or Contract time.

27. Arbitration

All claims, disputes, and other matters in question between the City and Contractor arising out of, or relating to this Contract, including rescission, reformation, enforcement, or the breach thereof except for claims which may have been waived by the making or acceptance of final payment, may be decided by binding arbitration in City's sole discretion, in accordance with Uniform Oregon Arbitration Act ORS 36.600 et seq. and any additional rules mutually agreed to by both parties. If the parties cannot agree on rules within ten (10) days after the notice of demand, the presiding judge of the Linn County Circuit Court will establish rules to govern the arbitration. The City shall have the sole discretion as to whether or not the dispute will be decided by arbitration rather than through the court process.

A claim by Contractor arising out of or relating to this Contract must be made in writing and delivered to the City Manager not less than 30 days after the date of the occurrence giving rise to the claim. Failure to file a claim with the City Manager within 30 days of the date of the occurrence that gave rise to the claim shall constitute a waiver of the claim. A claim filed with the City Manager will be considered by the City Council at the Council's next regularly scheduled meeting. At that meeting the Council will render a written decision approving or denying the claim. If the claim is denied by the Council, the Contractor may file a written request for arbitration with the City Manager. No demand for arbitration shall be effective until the City Council has rendered a written decision denying the underlying claim. No demand for arbitration shall be made later than thirty (30) days after the date on which the City has rendered a written decision on the underlying claim. The failure to demand arbitration within said 30 days shall result in the City Council's decision being binding upon the City and Contractor.

Notice of demand for arbitration shall be filed in writing with the other party to the Contract. The demand for arbitration shall be made within the 30-day period specified above. The City, if not the party demanding arbitration, has the option of allowing the

matter to proceed with binding arbitration or by written notice within five (5) days after receipt of a demand for arbitration, to reject arbitration and require the Contractor to proceed through the courts for relief. If arbitration is followed, the parties agree that the award rendered by the arbitrator(s) will be final, judgment may be entered upon it in any court having jurisdiction thereof and will not be subject to modifications or appeal except to the extent permitted by Oregon law.

28. Attorney Fees

If suit, action or arbitration is brought either directly or indirectly to rescind, reform, interpret or enforce the terms of this contract to the extent due to the negligent performance of the Contractor's employees, representatives or subcontractors, the prevailing party shall recover and the losing party hereby agrees to pay reasonable attorney's fees incurred in such proceeding, in both the trial and appellate courts, as well as the costs and disbursements. Further, if it becomes necessary for City to incur the services of an attorney to enforce any provision of this Contract without initiating litigation, Contractor agrees to pay City's attorney's fees at a reasonable rate and time so incurred if the City's position prevails. Such costs and fees shall bear interest if unpaid after 60 days at the maximum legal rate from the date incurred until the date paid by losing party.

29. Successors and Assigns

Contractor shall maintain the confidentiality of any of the Parties' information that has been so marked as confidential, unless withholding such information would violate the law, create the risk of significant harm to the public or prevent Contractor from establishing a claim or defense in an adjudicatory proceeding. Contractor shall require similar agreements from sub-Contractors to maintain the confidentiality of information of the Parties.

33. Force Majeure

Contractor shall not be deemed in default hereof nor liable for damages arising from its failure to perform its duties or obligations hereunder if such is due to causes beyond its reasonable control, including, but not limited to, acts of God, acts of civil or military authorities, fires, floods, windstorms, earthquakes, strikes or other labor disturbances, civil commotion or war, epidemics, pandemics, declared states of emergency, closing or reduction of force by the contractors or governmental permit reviewing entities, the enactment of governmental actions which cause delays or limit travel.

34. Waivers

No waiver by City of any provision of this Contract shall be deemed to be a waiver of any other provision hereof or of any subsequent breach by Contractor of the same or any other provision. City's consent to or approval of any act by Contractor requiring City's consent or approval shall not be deemed to render unnecessary the obtaining of City's consent to or approval of any subsequent act by Contractor, whether or not similar to the act so consented to or approved.

35. Severability

Any provision of this Contract which shall prove to be invalid, void or illegal shall in no way affect, impair or invalidate any other provision hereof, and such remaining provisions shall remain in full force and effect.

The captions contained in this Contract are for convenience only and shall not be considered in the construction or interpretation of any provision hereof.

Scope of Work

SERVICES AND RESPONSIBILITY OF CONTRACTOR

The Contractor reports directly to the Sweet Home City Manager. The work may include site visits, conferences, telephone conferences, presentations, and e-mail. Inquiries from the general public and/or press are outside the purview of the Contractor. Any and all inquiries for the Contractor's time shall be channeled through the Sweet Home City Manager or designee, who must authorize such request prior to the Contractor taking any action.

Deliverables are an EOC Quick Start Guide and a Mutual Aid Recommendations Report.

EOC Quick Start Guide.

This document is intended to be a concise resource that emergency managers can use to set up a regional EOC as quickly and seamlessly as possible. It should be less than 30 pages inclusive of all attachments. The focus of the document is on practical inter-agency collaboration, with simple action items. Checklists, bullets, or numbered lists are ideal. The Guide will be a living document to be maintained by the Parties.

The EOC Quick Start Guide shall include (not necessarily in this order):

- Primary and secondary locations to host a regional EOC.
- Primary and secondary contacts for each Party.
- Primary and secondary contacts for County, State, and Federal assistance.
- A procedure to determine when and how to escalate an event from the local response to a regional response, with specific action items.
- A list of needed equipment and information to operate the regional EOC (such as displays, digital maps, etc).
- A list of regional EOC assets that can be contributed by each Party.
- Identify potential community partners, sources of expertise, and funding mechanisms that could help the Parties prepare & respond to emergencies and disasters in the Response Area. (Hamm radio operators, heavy equipment, etc)
- Lines of command for a regional event response.
- Estimated timeframes that the Parties should expect to be mutually self-sufficient in an emergency until state and federal assistance arrives. Include best-case, worst-case, and middle-case scenarios for incidents of varying magnitudes from minor to catastrophic.
- Lessons learned from previous events.
- Additional topics which may be discovered and deemed relevant through the course of the work.

This list of contents may be revised by mutual consent of the Parties and the Contractor.

Mutual Aid Recommendations Report

The Parties anticipate that providing disaster response assistance to each other will likely require additional setup work, some of which may not have been identified yet. Draft a report detailing recommended next steps for the Parties to take.

- Identify if any formal mutual aid agreements, other IGAs, or local EOP amendments are required for Agencies to share staff and resources during a regional emergency and to establish interagency lines of command. If no regulatory or legal next steps are recommended, explain why.
- Identify recommended incident command training for key staff.
- Assess the feasibility of the parties adopting a single EOP with party specific annexes. If a single EOP is not recommended, then recommend any updates to individual EOPs to provide for a high degree of cooperation.
- Assess the Parties' existing operational capacity and resources. Identify common deficiencies and/or barriers to access and make recommendations to resolve same. (For example, perhaps heavy equipment is available but a lowboy trailer must be acquired to haul it.)
- Outline possible community outreach programs to recruit and train potential community partners. Draft a procedure to maintain the list of community partners in the EOC Quick Start Guide.
- Identify possible funding mechanisms for pre-, mid-, and post-disaster efforts.
- Any other recommended next steps.
