- a) Sweet Home Park System Plan

The Public Hearing was opened at 6:32 PM

Commissioner Wood read the application summary and asked of the Commission if there were any ex parte, conflicts of interest, or personal bias, there were none.

Director Larsen gave an introduction and introduced our consultants, Colin and Elizabeth, from Cameron McCarthy. The consultants gave a presentation to the planning commissioners.

Commissioner Graybill asked informed the consultants that there is a more updated waterways map. Graybill also asked if the consultants had considered the Foster Lake area. Colin explained that the Foster Lake area is owned by the Corp of Engineers, and the plan mentions partnerships, but focuses primarily on City limits properties. Director Larsen informed the Commissioners that staff have met with the Corp and discussed future partnerships and cooperation. Commissioner Wood asked if the cost estimates included staff maintenance. Colin stated that they did not explicitly include costs for operations and maintenance for each park that comes online, but it does include all the costs necessary to bring a project online including such things as planning, engineering, etc. Colin reminded the Commissioners that these are 10 to 20 year plans and operations and maintenance costs will change. Commissioner Journey asked about police surveillance and how that affect police staffing. She also stated that she is pleased to see the report. Director Larsen commented about park security. He stated that all future park plans will include security cameras. Commissioner White asked how likely the grants and improvement bonds will be to get and does the report prioritize based on funding. Colin stated that the priorities were based on what the community stated that they wanted and funding was considered based on community needs.

b) Application CU24-01 Staff Report

The public hearing was opened at 7:11 PM

Commissioner Wood read the application summary and asked of the Commission if there were any ex parte, conflicts of interest, or personal bias, there were none.

Planning & Building Manager Clegg presented the staff report and asked if there were any questions.

Commissioner Graybill asked if the concerns from the Fire Chief will be addressed through the building permit process or through a condition of approval. Clegg stated that some of the concerns have already been addressed and she included those items in the staff report. Other items will be addressed in the permit process. Special Projects Manager Leisinger stated that he can speak to the Commissioners about the renovations after the meeting since it doesn't apply to the conditional use application. Commissioner Graybill asked if the use applies to the upper and lower levels of the building or just the upper level? Director Larsen stated that at this time it is only the upper floor.

Testimony in favor: None

Testimony in opposition: Judy Goodenough, Donna Brown, and Brandell Braatz testified on behalf of the Hope Center. They are all concerned about safety and security for their tenants. The Hope Center is a home for women and children who live there due to unsafe circumstances in their past. They heard that mental health services would be offered at the site. Staff assured them that they have not heard of any mental health facilities were being offered. The women have noticed more homeless activity around the subject building since Ridgeway Health started occupying it. They have had increased amounts of vandalism and have had to call law enforcement more in the last few months. Brandell is concerned that there will be a zoning change in the future that would allow drug and alcohol and mental health services. Director Larsen confirmed that there is not a zone change being proposed, just a change a use, and no mental health or substance abuse services will be permitted. If there were anything other than wellness center proposed, the applicant would have to come back to the Commissioners for approval.

Neutral Testimony: None

The public hearing was closed at 7:36 PM

Commissioner Wood stated that she is compassionate about the Hope Center concerns, however she believes that having a tenant in the building will allow for safer conditions. Having tenants in the building strengthens the ability to remove unwanted individuals and will allow more eyes to keep watch on the property. Commissioner Graybill agreed with Commissioner Wood that having more tenants will help improve the safety of the property and discourage unwanted activities in the area. Commissioner Journey recognized that the Hope Center is housing vulnerable women and children. Journey stated that she recognizes that vandalism has occurred that the Commission has not control over, but she does think that having someone in the building will discourage unwanted activity. Commissioner Wood asked about the exterior improvements that the City will increase lighting and cameras around the building. Manager Clegg stated that the improvements will be included under a building permit, and not a part of the Conditional Use application. Director Larsen stated that he is willing to stay after the meeting and discuss the security concerns that are not a part of the application. Larsen stated that they would work closely with law enforcement to improve the conditions. Commissioner Wood asked who people would contact if they see concerns. Larsen stated that people can contact the City with concerns and they will either take care of the concern or contact the appropriate person to take care of the concerns.

Commissioner Wood stated that she hopes the Ridgeway staff will assist with the security of the building.

A motion to approve Application CU24-03 was made by Commissioner Graybill, seconded by Commissioner White.
