Purpose of this RCA:

The purpose of this Request for Council Action is to present an update regarding the development of Family Assistance and Resource Center Group's (FAC's) Managed Outreach and Community Resource Facility, which is primarily directed at unsheltered members of the community.

Background/Context:

City of Sweet Home residents have suffered from homelessness and the effects of homelessness for many years. Recent court decisions have limited the City's ability to enforce any ordinances restricting urban camping, sleeping, or otherwise occupying public rights-of-way or public property. For many reasons, the problem has only grown worse in recent years.

For over a year, the City has been working with FAC to create a facility where the unsheltered can keep warm, sleep, and access the services necessary for them to move into permanent housing. Such a facility would enable the City to enforce its urban camping ordinances and direct individuals to the facility, as long as the facility has space available.

Recently, Linn County donated property to FAC for this facility, and the City Council has approved a Memorandum of Understanding with FAC for the development and operation of the facility.

April Update:

- The County has finalized the transfer of the property, and it is now owned by FAC.
- The City and FAC are now meeting once a week to coordinate the development.
- Public Works staff have begun clearing the site, both on the FAC property and on the easement through City property.

- Fencing is being installed along the south side of the easement starting April 20th. This portion of fencing is crucial, as it keeps the Public Works Yard secure.
- After the easement fencing is installed, work can begin on extending the water line and conduit for power and telecommunications, as well as putting down gravel for vehicular access.
- Students at the High School are currently constructing components of the huts, which will later be assembled on site after the site is graded, graveled, and fenced.
- FAC is working with a local contractor to schedule the transfer of the City Hall Annex building to the site.

The Challenge/Problem:

How does the City address the impacts of homelessness in a way that meets the needs of the housed, unhoused, and business community, while still following case law and State statutes?

Stakeholders:

- Sweet Home Residents – Residents deserve a neat, clean, and orderly city. Unsheltered residents need a place to sleep and keep warm.
- Sweet Home Businesses – Local businesses deserve a city in which they can operate their businesses and serve customers in the community without the negative impacts that typically accompany homelessness.
- Sweet Home City Council – Council members are the voice of the citizens they serve and represent and are responsible for agreements made with other organizations.
- City of Sweet Home Staff – City Staff need to be able to enforce Sweet Home ordinances but are prevented from doing so by court decisions and State law. In addition, Staff need authorization from the Council regarding the proposed cooperation with FAC.
- Family Assistance and Resource Center Group – FAC desires to serve the unsheltered and others in the community and would like to cooperate with the City to do this.

Issues and Financial Impacts:

At this time, there are no financial impacts beyond what has already been approved.

Elements of a Stable Solution:

N/A. No council action is requested at this time. This document is informational only.
