Coming Soon!

We are rearranging some collections in the library building to make room for something new and exciting! Our Western Fiction Collection will be moving to make way for a brand new TWEEN collection.

The books in the new collection will be geared towards 10-13 year olds, We will be moving some books from our Kid's and Young Adult Collections and adding some new titles. Books will be all genres. Research shows that reading for fun and pleasure begins to drop off around the age of 9. It is imperative that we promote reading for fun and pleasure. Ways we can do this include not making judgments about what tweens are reading, and giving them freedom of choice in what they read. Having a collection with age appropriate books will help tremendously!
