- 0 Land Use Applications were submitted in June.
- 2 Land Use Applications are pending final approval.
- 5 Fence Permits were issued in June.
- 0 Temporary RV Permits were issued in June.
- The overhaul of development code portions of the Sweet Home Municipal Code (SHMC) is progressing as planned. The Planning Commission has completed their review of the draft code. Due to state notice requirements, we had to push the required Planning Commission public hearing to August 4th (it was previously scheduled for July 21, 2022). After that public hearing, the Commission may make a recommendation to the City Council that the updated code be adopted. The Council will then have an opportunity to review the document and consider changes. We have scheduled the required City Council public hearing for August 23rd. Based on Council feedback, after the required public hearing, Staff will schedule a special Council meeting for the first reading of the adoption ordinance. The reading will require approximately 6 and a half hours. This meeting can be scheduled anytime after August 23rd.
- The City has received a grant from the State to update our Transportation System Plan and create an Area Plan for the undeveloped land on the north side of the City. A consultant for the work is now on board, and the City has met with them to kick off the project.
- The City has also received a State grant for a Housing Needs Analysis (HNA). The consultant has been selected and will begin work soon. The purpose is to ensure that the City has both sufficient residential lands, and the proper mix of types and densities. This project is now underway, and Staff are meeting with the consultants every two weeks on the project.
- The Planning Commission last met on July 7th. The next scheduled meeting is August 4th, 2022.

3. ECONOMIC DEVELOPMENT

- City Staff organized a promotional booth for the Icebox Cookoff barbecue event held by Radiator Supply House, and staff were on hand on July 1st and July 3rd. The event went smoothly and attracted a lot of visitors.
- Based on feedback from the Council at the June 28th work session, Staff are developing a Request for Proposals (RFP) for the quarry property that will outline all of the City's goals for the property and seek interest from developers for a public-private-partnership with the City. After Staff have finished a draft of the RFP, we will bring it to the Council for review, suggested changes, and, ultimately, approval.

The City's Code Enforcement Officer responds to complaints submitted through the City's website, and actively patrols the City and works to resolve identified code violations.

5. PARKS

- The Park and Tree Committee will meet next on July 20th, 2022.
- Construction of Phase II of the Sankey Park Improvements is now complete. Design work is now underway for Phase III of the park improvements, which will focus on the upper portion of the park.
- Design work is underway for a new park adjacent to City Hall. The Park will include a donated playground structure and dog park.
- We are holding “Movies in the Park” in Sankey Park again this year. The turnout for June 17th (“Encanto”) was fantastic, with over 100 in attendance. We are looking forward to two more moves this year on July 15th (“Sing 2”) and August 19th (“Space Jam 2”).

6. OTHER PROJECTS

- Willow Street Neighborhood LID: Staff recently met with representatives of several state agencies at a “one stop” meeting and have a tentative plan for financing that will include a package of both forgivable loans and other loans with very attractive interest rates. Staff is currently working on loan applications. One application has been submitted, but the other program won’t be reviewing applications until September.
- The ODOT Foster Lake Sidewalk Project: Construction is starting soon. The Council recently approved an updated IGA with ODOT for this project. Staff completed the necessary waterline relocation.
- Staff is working with ODOT on a pedestrian crossing at 22nd Avenue and Main Street. State Funding has been identified, and we have an agreement with ODOT on what improvements will be constructed and where. This will come at little to no cost to the City. This improvement will be combined with an existing ODOT project to replace ADA ramps at intersections on Main Street. The Council recently approved an IGA with ODOT for this project. Construction on the overall ramp replacement project has begun, and the pedestrian crossing will follow soon.
- CEDD Staff have been developing designs for the budgeted City Hall renovation and emergency generator installation. This project has been included in the budget for the next fiscal year, and plans will be ready at that time.
- CEDD Staff continue to provide key support for the efforts to create a managed homeless facility. The site has been cleared, and a new fence has been erected along the south side of the easement. Water and power lines have been extended to the site, and the sewer line is expected to be completed soon. Staff is meeting with FAC on a weekly basis to coordinate site development. FAC is moving the old City Hall annex building to the site in the next week.
