Trends:

Out of the 21 person crimes for the month of October, I was please to see that 20 of those crimes were cleared. This works out to be a 95% clearance rate for that category. Overall, our person crimes clearance rate is up 13.85% compared to this time last year. The property crimes clearance rate is holding steady at 24%. We had the same property crime clearance rate at this time last year.

Our call volume for October 2022 was up 2.56% compared to our call volume from last year.

Additionally, we are pleased to report that we had no significant issues on Halloween. The downtown trick or treat event was a success.

In November, our clearance rates for person crimes were not quite as good as the previous month. We had a 50% clearance rate for person crimes and a 5% clearance rate for property crimes. However, year to date for all calls for service our clearance rate for person crimes is sitting at 78% which is amazing! Our year-to-date clearance rate for our property crimes is sitting at 23% which is normal/average for this category.

During the month of October our officers did a total of 133 self-initiated traffic stops and in November they did a total of 116 self-initiated traffic stops. We know that traffic enforcement has been a priority and I am pleased to report that we are continuing to focus our efforts in this area as time and call load allow.
