

83 Allen Street, Sylva, NC 28779

APPLICATION FOR ZONING TEXT OR MAP AMENDMENT

Submit this completed application and all supporting documentation that may be helpful in the review process. In order to ensure that the proposed text amendment or map amendment complies with the Town of Sylva's regulations, we recommend that the applicant review the Town of Sylva Zoning Ordinance prior to application submittal. The request for a Zoning text or Zoning Map amendment may only be initiated by the Town Board of Commissioners, the Town Planning Board, Planning Staff, the owner of property in the Town of Sylva or a citizen of the Town of Sylva.

All responses in this application must be legible and filled out completely. Illegible and/or incomplete applications will be returned to the applicant. The application fee for a text amendment or map amendment is set forth in the Town of Sylva's fee schedule, is non-refundable and must be submitted with the completed application. For map amendment requests, a current survey prepared and sealed by an NC Registered Surveyor will be required. Applications are not accepted via facsimile or email. Please submit application, fees and supporting documentation to the Town of Sylva, 83 Allen Street, Sylva, NC 28779 via hand delivery or U.S. Mail.

Application deadlines are 30 days prior to the Town of Sylva's Planning Board next scheduled meeting. The applicant will be notified of scheduled hearing dates and times. The average text or map amendment petition timeline is 45 days from date of application to Town Hall. Depending on the complexity of the request, it is not unusual for a petition to take up to 6 months to be considered before the Town Board of Commissioners. Hearing schedules are not guaranteed and subject to change.

Conditional Zoning Districts (CD) are a zoning tool, permitted in accordance with NCGS 160D-703.b., which may be utilized to create new unique, site-specific districts for uses or developments that may have particular benefits and/or impacts on both the immediate area and the community as a whole. The development of these uses may require deviation of the general district standards. The applicant must provide an initial Master Site Plan and zoning proposal that includes all proposed uses and standards for the conditional zoning district being proposed. It is not the intention of Conditional Zoning to circumvent, reduce, or eliminate particular regulations as they would normally be applied to any particular district or use but rather provide flexibility and design standards unique to the subject property and use.

This negotiated approach between the applicant and the Town through a legislative decision allows maximum flexibility to tailor regulations to a particular site and project. Special restrictions have been placed on Conditional zoning. Conditional Zoning Districts occur at the owner's request and conditions cannot be imposed without the owner's agreement. The individual conditions and site-specific standards that can be imposed are limited to those that are needed to bring a project into compliance with town ordinances and adopted plans and to those addressing the impacts reasonably expected to be generated by the use of the site. The town must assure that all of the factors defining reasonable spot zoning are fully considered and that the public hearing record reflects that consideration.

Conditional Zoning shall be subject to the specific procedural rules located in Articles 3 and 5.

**Town of Sylva, North Carolina
Zoning Map Amendment Request
Staff Report – October 15, 2025**

Applicant: OMP Holdings, LLC (Kole and Kim Clapsaddle) – Property Owners

Property Location: 89 Apollo Drive, Sylva NC 28779; PIN 7641-48-6031

Current Property Zoning: High Density Residential - HDR

Ordinance Section for which the Text Amendment is requested: Article 3 - Procedures - Section 3.9.B – Zoning and Map Amendments

Description of Request:

The applicant is requesting a map amendment that would designate the subject property as General Business (GB) District.

Background:

The General Business District (GB) is the largest district within Sylva's commercially zoned jurisdiction. The GB District offers a broad range of permitted (use-by-right) and special uses (SUP) such as lodging, retail/commercial, restaurants, public/civil and recreational uses. Property improvements in this district are subject to development standards as set forth in the zoning ordinance including building setbacks, landscaping, architectural standards, sidewalk construction, parking, storm water treatment, etc.

The subject property is located on the northeast side of the Highway 107/Asheville Highway (Business 23) intersection just behind vacant property that is currently zoned as General Business (GB) and in the Hall Heights neighborhood. This property is a total of 0.48 acres in land area with one existing residential dwelling. Access to this property is from the public right-of-way of Apollo Drive (Town road). This property is adjacent to properties to the west and south that are in the GB District and are not located within the 100-year flood plain. This property is served by Tuckaseigee Water & Sewer Authority for public utilities.

Application Response:

The applicant is requesting that the existing Town of Sylva Zoning Map be amended to designate this property (0.48 acres total) to the General Business District.

Staff Findings:

The requested map amendment would not constitute "spot zoning" as the properties to the west and south are zoned GB District.

The Town's adopted Land Use Plan for 2040 establishes that this property will be in the future *Urban Neighborhood District*. The encouraged land uses for this future district include: primarily residential: small lot single family, townhome residential, two-, three- or four-family units, and multifamily; civic and educational uses that support community residents, live-work units, small scale in-home businesses and small scale public open space (e.g. active pocket parks, passive open space, greenways). However, if the map amendment request is approved, this property will be in the future *Community Corridors District* with encouraged land uses for this district being mixed-use buildings, institutional uses, walkable neighborhood commercial (retail, office, personal services), large scale commercial, business centers, community services and civic/educational services. In addition, this requested map amendment will create available property and opportunity in the GB District that may be needed to serve the community during/after the proposed Highway 107 improvement project.

October 23, 2025

TOWN OF SYLVA PLANNING BOARD

Statement of Consistency pursuant to G.S. 160D

Re: Proposed zoning map amendment from High Density Residential (HDR) to General Business (GB) for parcel identified by PIN# 7641-48-6031.

The Town of Sylva Planning Board has found the zoning map amendment to parcel identified by PIN# 7641-48-6031 to be supported by the Town of Sylva 2040 Land Use Plan.

We find the proposed amendment to be consistent with The Plan for Sylva corridor specifications found on page 32 of the Town of Sylva 2040 Land Use Plan. More specifically:

- Community Corridor: The requested map amendment would not constitute “spot zoning” as the subject properties will be in accordance with the Town’s adopted Land Use Plan for 2040. This plan establishes that these properties will be in the future Community Corridor District. The encouraged land uses for this future district include:
 - Mixed-use buildings
 - Institutional uses
 - Walkable neighborhood commercial (retail, office, personal services)
 - Large scale commercial, business centers, community services and civic/educational services

We therefore consider the proposed zoning map amendment to be reasonable and in the public interest.

Signed:

A handwritten signature in black ink, appearing to read "Russ Harris".

Russ Harris, Vice-Chairman
