

Thank you, Councilmember Susan Copeland, for your years of service as a member of the Tenino Park Commission and the Tenino City Council. Your connections to the community, your compassion, professionalism and patient ear were integral in helping move Tenino to the place it is now, you have helped usher in an era of trust and respect among Tenino's elected officials. We are all proud of you and your professional accomplishments with the State of Washington and respect the difficult decision you've made. The doors of City Hall will always remain open and if you get the itch to rejoin City Service please do not hesitate.

Sorry that I could not make it tonight!
Thank you again, for everything you've done

Wayne Fournier
Mayor, City of Tenino
