

## **Tenino Planning Commission**

### **Mayor's Report**

**As of: October 14, 2020**

City Council approved the installation of a reclaimed water line from the western-most Equalization Basin to the southwest corner of the Ag Park property in order to provide reclaimed water per the PSA between Miles S&G and the City.

City Council approved the award of the City Hall Renovation contract to Construct, Inc., based in Tumwater.

City Council approved an ILA between Thurston County Public Works and the City for the expenditure of Rural Community Support Program (RCSP) grant funds. After a discussion with the TRPC and City Officials, the City is considering its options for use of the grant.

Barcott Construction is nearing completion of the installation of water service lines on the Ag Park property and will begin work on the reclaimed water line immediately thereafter.

C/T Millard will work with Dan Penrose on developing a "Section 6 HCP Planning Assistance Grant" request
