To Whom it May Concern:

Today I am paying the past due amount of \$49.92. The reason I'm late is because it was an oversight on my part. My shed is leaking terribly + my mind was preoccupied trying to figure out how I'm going to pay for repairs. I'm not usually late + am requesting a waiver on the \$40.00 late fee as it will add to the hardship of my life. I am on social security disability + my adult daughter has Autism + is also on aid. Together our income is less than \$2,000.00 a month.

Please consider my request.
Sincerely, Carole L. Solar
