

3/24/2025

City Council,

I am asking if you would consider removing the \$40 late fee on my water bill account. I have received a bill for the current amount due so paid \$150 of it as I cannot see how much is owed online and the due date, the 10th was on a Monday and the office was closed.

I appreciate you considering this as money is tight right now. Thank you.
