and Accu-Trak™ Wheel Assist

LOADER MOUNT

Packed with technology, yet surprisingly simple to operate, the 720Xi WA harnesses the power and productivity of much larger, self-propelled reclaimers into a very powerful, versatile and affordable loader attachment. Powered by the latest Cummins intercooled turbo-diesel Tier 4 Final Performance Series engine, the 720Xi WA will pulverize up to 12-inch-thick asphalt in a single pass. The innovative upgrades and improvements throughout this new-generation Asphalt Zipper dramatically improve production in thicker asphalt, reliability and longevity of the machine, and ease of use. Full road repairs, base stabilization, street patches, and opening utility trenches in asphalt are just a few of its many uses.

# Completely re-engineered, with new features and improvements throughout

**260 hp Cummins Tier 4 Final Performance Series engine** for quieter, cleaner power

**Hydraulically secured top hatch** with automatic latching and overload protection

**Hydraulically activated auto-adjusting clutch**, remote engage, and loader operator's safety stop

**300-gallon wheel-assist-mount water supply system** (optional) for an on-board, steady supply of water

**Improved Z-Pro™ X cutter head** for greater production with better material gradation

**Heavier-duty planetary / gear box** for even greater durability

**Hardox®-reinforced steel frames** with greater internal abrasion resistance, for longer life

**Hydraulic safety-chain system** (Xi models and all models with Accu-Trak™ Wheel Assist) ensures secure connection to host vehicle

**Full-range depth adjustment**, independent of the loader

**Automatic hydraulic belt tensioning** that is dynamically self-adjusting and releases tension when not in use, for greater longevity

**Upgraded control box** for cab of host vehicle, with improved display

**Improved bucket clamping system** (Xi models) for an easier, more secure connection to an even wider range of loader buckets

**Push cooling** for lower under-hood temperatures

**Innovative liquid cooling jacket** for up to 5× improved planetary cooling

**Quick-Load™ guiding system** on all custom trailers, for easier loading

**And much more ...**

**Milling sled** for easier leveling

**Upgraded control panel and wireless remote** with expanded functionality

**Integrated ZipTec™ Enhanced Pulverizing System**, with full depth range, contained grinding chamber, and an adjustable baffle for controlling material size

**Smart cylinders**—improved depth control that is independently adjustable for more precise milling

**Improved Accu-Trak™ wheel assist system** (optional) with remote-control steering, for even more precise maneuvering and fine control of milling depth, enabling use with smaller host vehicles

**Custom tandem-axle trailer** (optional) with quick-load guiding system, low center of gravity, convenient working deck and built-in custom toolbox, enables the 720Xi WA to be hauled behind a 2-ton pickup truck.
