1. Why do you want to be a Commissioner?

To continue to serve the community!

2. Do you have experience in Planning?:

I have served on the planning and zoning commission prior to COVID.

3. What do you believe to be the most important aspect of the role that a Commissioner plays for the Town and Thunderbolt:

- ① Follow the existing codes, uniformly <sup>in rulings</sup> requests
- ② Ensure hardships are met for variance
- ③ Vote consistently according to the above
- ④ Apply votes consistently, fairly without subjective interference

4. In your own words, please give your personal opinion as to the meaning of "conflict of interest".

Similar to a dual relationship in my field meaning "any interest or relationship that would infringe on objectivity or any pre existing personal relationship that would interfere where personal gain may apply."

*in accordance with existing ordinances*
