\*Note: Unless otherwise requested, stump grinding will leave resulting wood chips piled in place. This avoids creating a possibly dangerous hole and keeps costs down, as chip removal requires extra labor and fees. We can provide pricing to remove chips to ground level upon request. Without removal, large stumps may leave large chip piles.

Quote valid for 30 days.

All quotes require a 50% non-refundable deposit to confirm the work, with the remaining balance due upon job completion, unless otherwise stated. Payment of the deposit constitutes acceptance of this contract and its terms. Deposits may be refunded in extenuating circumstances at Company's sole discretion.

The Company will perform services as outlined in the contract in a professional and workmanlike manner. Any additional work requires prior approval and may result in extra charges.

Scheduling is subject to weather and availability. Customers will be notified at least 24 hours before the start of work. The Customer does not need to be home for the work to be completed; however, any scheduling restrictions must be disclosed at the time of deposit. The Customer must provide clear access to the worksite, including unlocking gates and moving vehicles or other movable impediments. Surcharges may apply if work is delayed due to customer's failure to properly prepare work zone on agreed upon work date.

The Company will use Julie Locating Service to identify underground utility hazards, but the Customer must disclose any additional underground systems, such as irrigation. The Customer is responsible for keeping the work area clear of people, pets, and obstacles. The Company is not responsible for pre-existing conditions, hidden hazards, or damage caused by external factors.

Customer acknowledges that tree work often requires the use of heavy equipment and machinery. While every effort will be made to minimize impact, the Company is not responsible for minor damage to lawns, turf, or landscaping caused during the normal course of operations. No warranty is provided against such incidental property disturbance. However, the Company carries liability insurance and workers' compensation and will take responsibility for reasonable repair of property damage caused by the negligence or improper performance of its employees. Proof of insurance is available upon request.

No warranty is provided for the future health or condition of trees or shrubs.

Invoices not paid within 30 days of job completion are subject to a \$25 late fee and a 1.8% per month finance charge. If a third party is hired to collect past due balances, all associated collection fees will be added to the outstanding balance.

Both parties agree to mediation before pursuing legal action. Disputes will be resolved in the State of Illinois.

The Customer releases the Company from liability for any undisclosed site hazards.

The Company reserves the right to terminate services if unsafe conditions exist, access is denied, or payment terms are not met.

Payment of the deposit constitutes acceptance of this contract and its terms. Deposits may be refunded in extenuating circumstances at Company's sole discretion.

The Company will perform services as outlined in the contract in a professional and workmanlike manner. Any additional work requires prior approval and may result in extra charges.

Scheduling is subject to weather and availability. Customers will be notified at least 24 hours before the start of work. The Customer does not need to be home for the work to be completed; however, any scheduling restrictions must be disclosed at the time of deposit. The Customer must provide clear access to the worksite, including unlocking gates and moving vehicles or other movable impediments. Surcharges may apply if work is delayed due to customer's failure to properly prepare work zone on agreed upon work date.

The Company will use Julie Locating Service to identify underground utility hazards, but the Customer must disclose any additional underground systems, such as irrigation. The Customer is responsible for keeping the work area clear of people, pets, and obstacles. The Company is not responsible for pre-existing conditions, hidden hazards, or damage caused by external factors.

Customer acknowledges that tree work often requires the use of heavy equipment and machinery. While every effort will be made to minimize impact, the Company is not responsible for minor damage to lawns, turf, or landscaping caused during the normal course of operations. No warranty is provided against such incidental property disturbance. However, the Company carries liability insurance and workers' compensation and will take responsibility for reasonable repair of property damage caused by the negligence or improper performance of its employees. Proof of insurance is available upon request.

\*Note: Unless otherwise requested, stump grinding will leave resulting wood chips piled in place. This avoids creating a possibly dangerous hole and keeps costs down, as chip removal requires extra labor and fees. We can provide pricing to remove chips to ground level upon request. Without removal, large stumps may leave large chip piles.
