

Office of the Mayor

Proclamation

APRIL - NATIONAL CHILD ABUSE PREVENTION MONTH

WHEREAS, children are our nation's most vulnerable members as well as our nation's most valuable resources, helping to shape the future of [State or Jurisdiction]; and

WHEREAS, positive childhood experiences (PCEs)—like loving caregivers and safe, stable, and nurturing relationships—can help mitigate trauma and the negative long term impact of adverse childhood experiences (ACEs) to promote the social, emotional, and developmental well-being of children; and

WHEREAS, childhood trauma, including abuse and neglect, is a serious problem affecting every community in the U.S., and finding solutions requires input and action from everyone; and

WHEREAS, children who live in families with access to concrete economic and social supports are less likely to experience abuse and neglect; and

WHEREAS, prevention is possible because of the partnerships created between families, prevention advocates, child welfare professionals, education, health, community, and faith-based organizations, businesses, law enforcement agencies, and local, state, and national governments; and

WHEREAS, we acknowledge that in order to solve the public health issue of abuse and neglect we must work together to change hearts and mindsets through storytelling and sharing, center the needs of families, break down bias and barriers, and inspire action from expected and unexpected partners in prevention; and

WHEREAS, we recognize the need to prioritize kids and invest in more prevention initiatives like home visiting and family-strengthening policies, economic supports, and community-based child abuse prevention programs at the national, state, and local levels; and

NOW, THEREFORE, *The Mayor and Council of the Borough of Tinton Falls* do hereby proclaim April as NATIONAL CHILD ABUSE PREVENTION MONTH and urge all citizens to recognize this month by building a narrative of hope for children and families through collaboration and the creation of an ecosystem of primary prevention that does not currently exist in this country.
