

FLS Development

Public Improvement District Creation Request Letter

May 14, 2025

City of Tomball
Special Financing Districts
501 James Street
Tomball, TX 77357

To whom it may Concern:

FLS Development LLC, as applicant, requests the City of Tomball consider its application, attached as Exhibit A, for the creation of the Graylou Grove Public Improvement District. Petition is attached as Exhibit B. The below information and attached documentation are being provided in support of this application.

As outlined in the PD application, attached as Exhibit C, the Graylou Grove Estates development seeks to lift the quality and experience of residential life in Tomball. Residents will have access to larger lot sizes, a varied architectural canvas, and popular amenities, including but not limited to parks and trails, a large fishing dock, and pickle ball court, all of which will generate attainable but elevated home prices. This will support the City's goal of establishing superior developments and create an economic benefit by providing higher per acre tax revenue to the city. A detailed overview of the enhanced architectural standards, landscaping, amenities, and design of lots or buildings is provided in Exhibit C.

Located between two neighborhoods, Country Club Greens and Willow Creek Estates, Graylou Grove, will allow improvements in the public right of way including a dedicated right-of-way which will also provide public access to parks and trails created within the PID boundary. This will support Tomball's future thoroughfare vision by dedicating right-of-way through the property and paving a majority of Medical Complex Drive for future connection to Mahaley.

The FLS partners represent 75+ years of experience in real estate acquisition and development and over 100 years of construction experience in both commercial and residential markets.

While primarily focused on the Houston, and more specifically the North Houston market, our partners have years of experience in both development and construction in national markets including DFW, Atlanta, Phoenix and North Carolina.

With strong and long-standing relationships with financial institutions, primarily through construction financing agreements, FLS and its partners have access to funding from well-established banks.

**PETITION FOR THE CREATION OF A PUBLIC IMPROVEMENT DISTRICT
WITHIN THE CITY OF TOMBALL, TEXAS**

This petition ("Petition") is submitted and filed with the City Secretary of the City of Tomball, Texas ("City"), by FLS Development, LLC., a Texas Limited Liability Corporation (the "Petitioner"), the owner of the approximately 43.149 acres described in Exhibit "A" ("Property") located within the proposed boundaries of the District, as hereinafter defined. Acting pursuant to the provisions of Chapter 372, Texas Local Government Code, as amended (the "Act"), the Petitioner requests that the City create a public improvement district (the "District"), encompassing the Property. The Property is located in part within the extraterritorial jurisdiction ("ETJ") of the City, and in part within the corporate limits of the City. The remainder is not within the corporate limits or extraterritorial jurisdiction of any other city, town, or village. In support of this Petition, the Petitioner would present the following:

Section 1. General Nature of the Authorized Improvements. The general nature of the proposed public improvements (collectively, the "Authorized Improvements") may include: (i) design, construction and other allowed costs related to street and roadway improvements, including related sidewalks, drainage, utility relocation, signalization, landscaping, lighting, signage, off-street parking, and right-of-way; (ii) design, construction and other allowed costs related to improvement of parks and open space, together with any ancillary structures, features, or amenities such as trails, playgrounds, walkways, lighting, and any similar items located therein; (iii) design, construction, and other allowed costs related to sidewalks and landscaping and hardscaping, fountains, lighting, and signage; (iv) design, construction, and other allowed costs related to gas, water, wastewater, and drainage (including detention) improvements and facilities; (v) design, construction, and other allowed costs related to projects similar to those listed in subsections (i) - (iv) above authorized by the Act, including similar off-site projects that provide a benefit to the property within the District; (vi) special supplemental services for improvement and promotion of the district; (vii) payment of costs associated with operating and maintaining the public improvements listed in subparagraphs (i) - (v) above; and (viii) payment of costs associated with developing and financing the public improvements listed in subparagraphs (i) - (v) above, and costs of establishing, administering, and

operating the District. These Authorized Improvements shall promote the interests of the City and confer a special benefit upon the Property.

Section 2. Estimated Cost of the Authorized Improvements. The estimated cost to design, acquire, and construct the Authorized Improvements, together with bond issuance costs, eligible legal and financial fees, eligible credit enhancement costs, and eligible costs incurred in the establishment administration and operation of the District, is \$8,000,000.00. The City will pay none of the costs of the proposed improvements from funds other than such assessments. The remaining costs of the proposed improvements will be paid from sources other than the City or assessments of property owners.

Section 3. Boundaries of the Proposed District. The District is proposed to include the Property.

Section 4. Proposed Method of Assessment. The City shall levy assessments on each parcel within the District in a manner that results in imposing equal shares of the costs on property similarly benefited. All assessments may be paid in full at any time (including interest and principal), and certain assessments may be paid in annual installments (including interest and principal). If an assessment is allowed to be paid in installments, then the installments must be paid in amounts necessary to meet annual costs for those Authorized Improvements financed by the assessment, and must continue for a period necessary to retire the indebtedness of those Authorized Improvements (including interest).

Section 5. Proposed Apportionment of Costs between the District and the City. The City will not be obligated to provide any funds to finance the Authorized Improvements, other than from assessments levied on the District and possible tax increment reinvestment zone revenue. The Petitioner may also pay certain costs of the improvements from other funds available to the Petitioner.

Section 6. Management of the District. The Petitioner proposes that the District be managed by the City, with the assistance of a consultant, who shall, from time to time, advise the City regarding certain operations of the District.

Section 7. The Petitioner Requests Establishment of the District. The person(s) signing this Petition request(s) the establishment of the District, is duly authorized, and has the corporate authority to execute and deliver the Petition.

Section 8. Advisory Board. The Petitioner proposes that the District be established and managed without the creation of an advisory board. If an advisory board is created, the Petitioner requests that a representative of the Petitioner be appointed to the advisory board.

Section 9. Landowner(s). This Petition has been signed by (1) the owners of taxable real property representing more than 50 percent of the appraised value of taxable real property liable for assessment under the proposal, as determined by the current roll of the appraisal district in which the property is located; and (2) record owners of real property liable for assessment under the proposal who: (A) constitute more than 50 percent of all record owners of property that is liable for assessment under the proposal; or (B) own taxable real property that constitutes more than 50 percent of the area of all taxable real property that is liable for assessment under the proposal.

This Petition is hereby filed with the City Secretary of the City, or other officer performing the functions of the municipal secretary, in support of the creation of the District by the City Council of the City as herein provided. The undersigned request that the City Council of the City call a public hearing on the advisability of the Authorized Improvements, give notice thereof as provided by law and grant all matters requested in this Petition and grant such other relief, in law or in equity, to which Petitioner may show itself to be entitled.

RESPECTFULLY SUBMITTED, on this the 15th day of May, 2025.
