To whom it may Concern.

CHTA Development and Roc Homes is the Developer and Builder in Winfrey Estates, Tomball, TX.

Because about 15% of our homes are encroaching on the rear building line (14-feet), we are asking for the plat to be amended with a rear building line of 9-feet to accommodate these homes. All of our homes have the concept of "outdoor living" which is primarily to one side of the homes. However, some of the home do have partial "outdoor living" to the back of the house. On some lots, some of our plans encroach into the rear building line anywhere from 6-inches to 5-feet.

At this time we do not know which plans will go on which lots. This is a Buyers choice depending on the guidelines within the CCR's of the HOA.

We respectfully request that the Rear Building Line be adjusted to accommodate all of our plans. We understand that, in some areas, the CenterPoint easements will not allow for encroachment into there 14-foot rear Utility Easement and will abide by this.

Thank you for your consideration of this matter.
