## Public Improvement District Creation Request Letter

November 14, 2023

City of Tomball  
Special Financing Districts  
501 James Street  
Tomball, TX 77357

To Whom It May Concern:

FLS Development LLC, as applicant, requests the City of Tomball consider its application, attached as Exhibit A, for the creation of the Graylou Grove Public Improvement District. Petition is attached as Exhibit B. The below information and attached documentation are being provided in support of this application.

As outlined in the PD application, attached as Exhibit C, the Graylou Grove Estates development seeks to lift the quality and experience of residential life in Tomball. Residents will have access to larger lot sizes, a varied architectural canvas, and popular amenities, including but not limited to parks and trails, a large fishing dock, and pickle ball court, all of which will generate attainable but elevated home prices. This will support the City's goal of establishing superior developments and create an economic benefit by providing higher per acre tax revenue to the city. A detailed overview of the enhanced architectural standards, landscaping, amenities, and design of lots or buildings is provided in Exhibit C.

Located between two neighborhoods, Country Club Greens and Willow Creek Estates, Graylou Grove, will allow improvements in the public right of way including a dedicated right-of-way which will also provide public access to parks and trails created within the PID boundary. This will support Tomball's future thoroughfare vision by dedicating right-of-way through the property and paving a majority of Medical Complex Drive for future connection to Mahaffey.

The FLS partners represent 75+ years of experience in real estate acquisition and development and over 100 years of construction experience in both commercial and residential markets. While primarily focused on the Houston, and more specifically the North Houston market, our partners have years of experience in both development and construction in national markets including DFW, Atlanta, Phoenix and North Carolina.

With strong and long-standing relationships with financial institutions, primarily through construction financing agreements, FLS and its partners have access to funding from well-established banks.

**PETITION FOR THE CREATION OF A PUBLIC IMPROVEMENT DISTRICT  
WITHIN THE CITY OF TOMBALL, TEXAS**

This petition (“Petition”) is submitted and filed with the City Secretary of the City of Tomball, Texas (“City”), by FLS Development, LLC., a Texas Limited Liability Corporation (the “Petitioner”), the owner of the approximately 43.149 acres described in Exhibit “A” (“Property”) located within the proposed boundaries of the District, as hereinafter defined. Acting pursuant to the provisions of Chapter 372, Texas Local Government Code, as amended (the “Act”), the Petitioner requests that the City create a public improvement district (the “District”), encompassing the Property. The Property is located in part within the extraterritorial jurisdiction (“ETJ”) of the City, and in part within the corporate limits of the City. The remainder is not within the corporate limits or extraterritorial jurisdiction of any other city, town, or village. In support of this Petition, the Petitioner would present the following:

**Section 1. General Nature of the Authorized Improvements.** The general nature of the proposed public improvements (collectively, the “Authorized Improvements”) may include: (i) design, construction and other allowed costs related to street and roadway improvements, including related sidewalks, drainage, utility relocation, signalization, landscaping, lighting, signage, off-street parking, and right-of-way; (ii) design, construction and other allowed costs related to improvement of parks and open space, together with any ancillary structures, features, or amenities such as trails, playgrounds, walkways, lighting, and any similar items located therein; (iii) design, construction, and other allowed costs related to sidewalks and landscaping and hardscaping, fountains, lighting, and signage; (iv) design, construction, and other allowed costs related to gas, water, wastewater, and drainage (including detention) improvements and facilities; (v) design, construction, and other allowed costs related to projects similar to those listed in subsections (i) - (iv) above authorized by the Act, including similar off-site projects that provide a benefit to the property within the District; (vi) special supplemental services for improvement and promotion of the district; (vii) payment of costs associated with operating and maintaining the public improvements listed in subparagraphs (i) - (v) above; and (viii) payment of costs associated with developing and financing the public improvements listed in subparagraphs (i) - (v) above, and costs of establishing, administering, and

operating the District. These Authorized Improvements shall promote the interests of the City and confer a special benefit upon the Property.

**Section 2. Estimated Cost of the Authorized Improvements.** The estimated cost to design, acquire, and construct the Authorized Improvements, together with bond issuance costs, eligible legal and financial fees, eligible credit enhancement costs, and eligible costs incurred in the establishment administration and operation of the District, is \$8,000,000.00. The City will pay none of the costs of the proposed improvements from funds other than such assessments. The remaining costs of the proposed improvements will be paid from sources other than the City or assessments of property owners.

**Section 3. Boundaries of the Proposed District.** The District is proposed to include the Property.

**Section 4. Proposed Method of Assessment.** The City shall levy assessments on each parcel within the District in a manner that results in imposing equal shares of the costs on property similarly benefited. All assessments may be paid in full at any time (including interest and principal), and certain assessments may be paid in annual installments (including interest and principal). If an assessment is allowed to be paid in installments, then the installments must be paid in amounts necessary to meet annual costs for those Authorized Improvements financed by the assessment, and must continue for a period necessary to retire the indebtedness of those Authorized Improvements (including interest).

**Section 5. Proposed Apportionment of Costs between the District and the City.** The City will not be obligated to provide any funds to finance the Authorized Improvements, other than from assessments levied on the District and possible tax increment reinvestment zone revenue. The Petitioner may also pay certain costs of the improvements from other funds available to the Petitioner.

**Section 6. Management of the District.** The Petitioner proposes that the District be managed by the City, with the assistance of a consultant, who shall, from time to time, advise the City regarding certain operations of the District.

**Section 7. The Petitioner Requests Establishment of the District.** The person(s) signing this Petition request(s) the establishment of the District, is duly authorized, and has the corporate authority to execute and deliver the Petition.

**Section 8. Advisory Board.** The Petitioner proposes that the District be established and managed without the creation of an advisory board. If an advisory board is created, the Petitioner requests that a representative of the Petitioner be appointed to the advisory board.

**Section 9. Landowner(s).** This Petition has been signed by (1) the owners of taxable real property representing more than 50 percent of the appraised value of taxable real property liable for assessment under the proposal, as determined by the current roll of the appraisal district in which the property is located; and (2) record owners of real property liable for assessment under the proposal who: (A) constitute more than 50 percent of all record owners of property that is liable for assessment under the proposal; or (B) own taxable real property that constitutes more than 50 percent of the area of all taxable real property that is liable for assessment under the proposal.

This Petition is hereby filed with the City Secretary of the City, or other officer performing the functions of the municipal secretary, in support of the creation of the District by the City Council of the City as herein provided. The undersigned request that the City Council of the City call a public hearing on the advisability of the Authorized Improvements, give notice thereof as provided by law and grant all matters requested in this Petition and grant such other relief, in law or in equity, to which Petitioner may show itself to be entitled.

RESPECTFULLY SUBMITTED, on this the 15<sup>th</sup> day of November 2023.

#### 1) Building façade criteria and features:

- a) Each residence must present an exterior design within the classification of “Modern Farmhouse” or “Craftsman” design.
- b) Combined exterior materials and colors must vary from those within 4 residences of the subject. Crossing the street will count as one residence.
- c) Primary brick material may not be repeated within 4 residences

The following amenities are required as shown on Exhibit A.

1) Wet amenity detention pond with fountains

2) Designated walking trails around amenity ponds (w/ workout equipment)

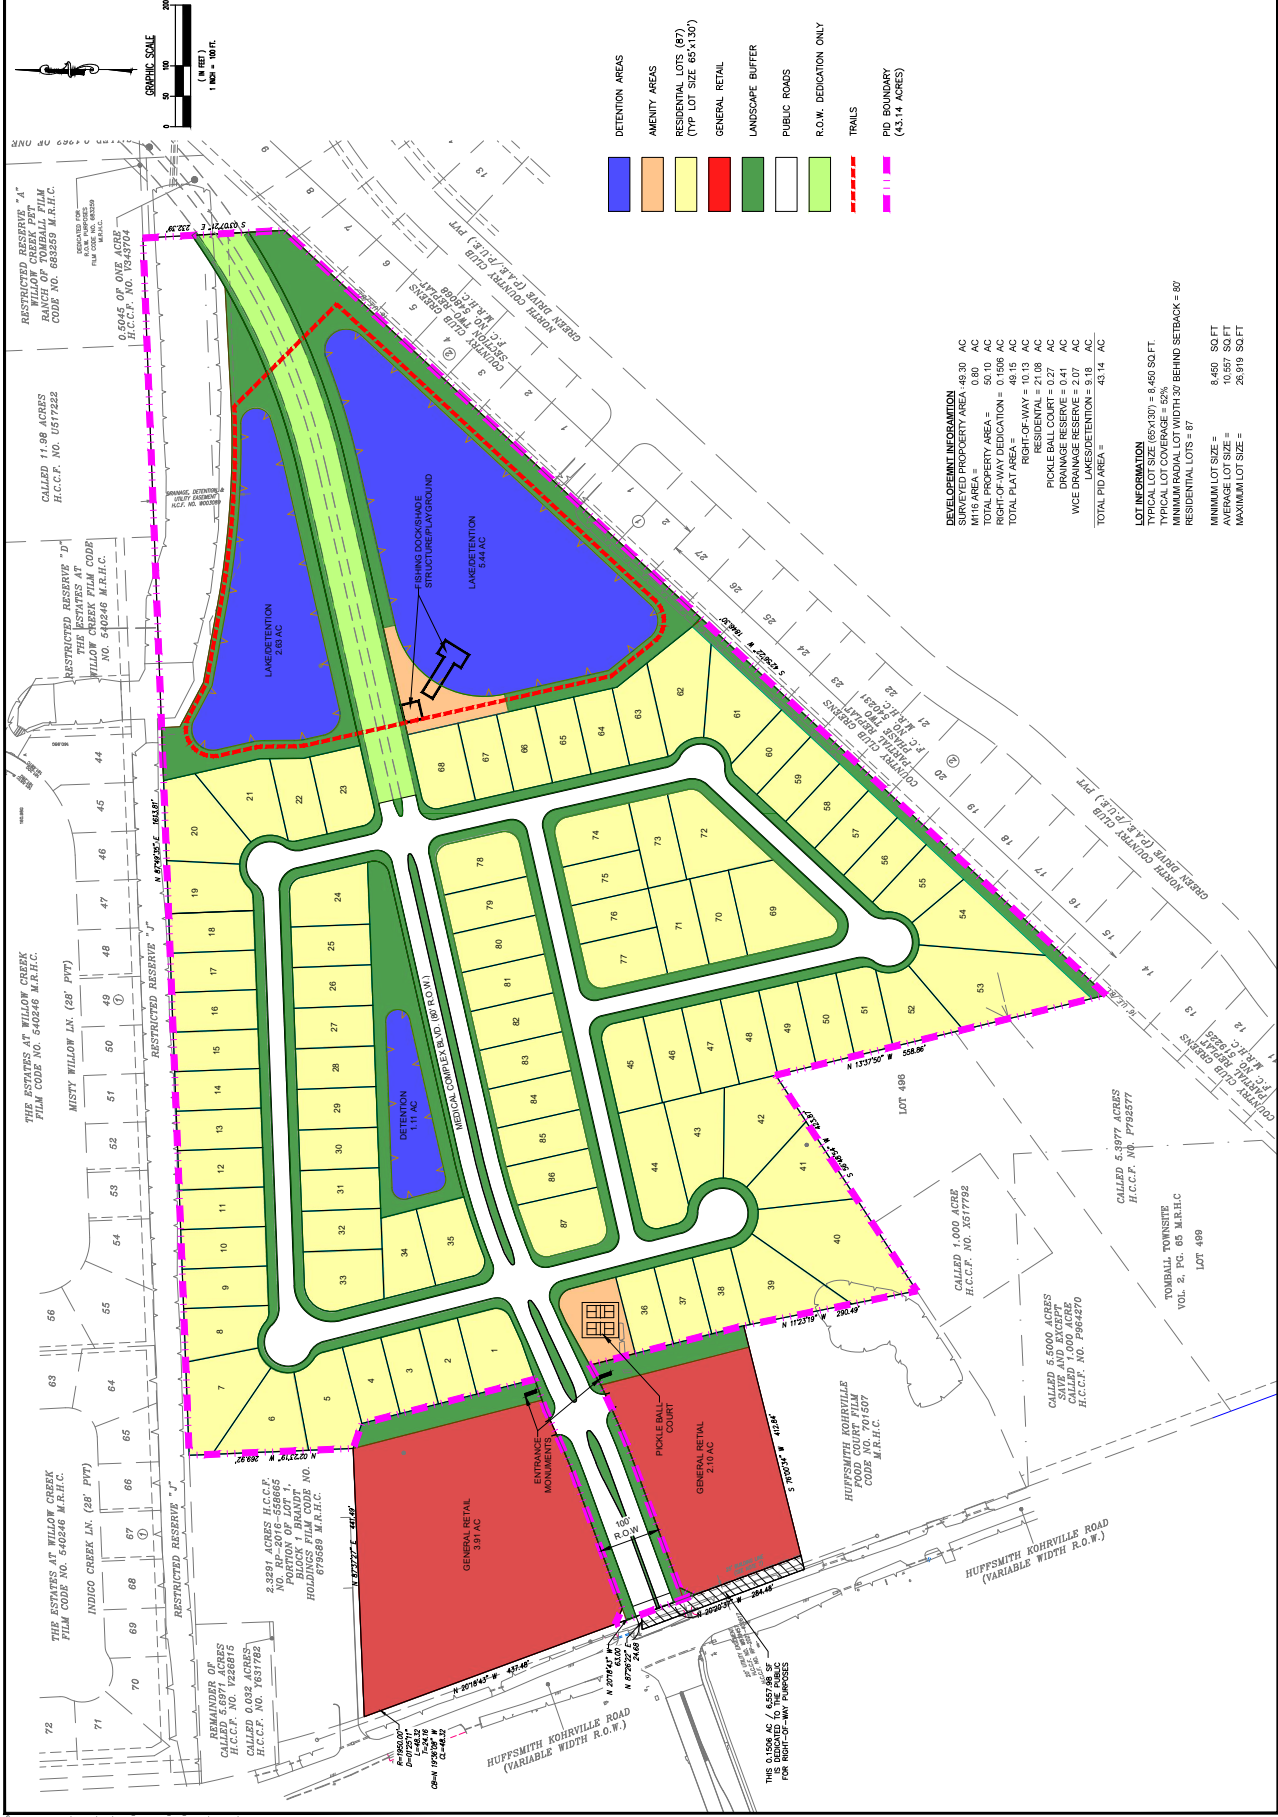

3) Playground structure

4) Fishing Dock

7) Two (2) Pickle ball courts with fence and seating.

## **EXHIBIT B**

### **Landscaping Guidelines**

Just as all structures built throughout Graylou Grove from commercial to residences to amenity structures will be required to include design elements consistent with one another, landscaping in all of these areas will be expected to create a consistent and beautiful vegetation concept throughout the development.

A focus will be made on trees, plants and flowers which are native to the area and the State of Texas in general. Trees planted will be Oaks, implementation of plants will have a focus on evergreen selections and color will be provided by plants and flowers which do well in the environment and seasonal use of their intent.

All areas landscaped as part of the development will remain on an ongoing maintenance plan including irrigation and landscaping maintenance workers who will perform work on a regular basis.

#### **Treelines:**

Areas designated as treelines will be completed with selected Oaks of 6" in diameter or greater.

#### **Common Areas:**

Common areas in the development will include areas around signage, inside medians of Medical Complex, and throughout the amenity area at east end of the community.

These areas will require coverage by landscaping. Medians will be presented with a combination of mulch, St Augustine Grass, Evergreen plants and seasonal plants and flowers. These areas will be maintained through irrigation and ongoing care through landscaping professionals.

Areas immediately surrounding amenities or signage will be maintained with a combination of St. Augustine grass, mulch, evergreen plants and seasonal color.

Smaller, more detailed areas that require grass will be completed with the laying of sod while larger open areas will be completed through the use of grass seed.

#### **Residential Requirements:**

In order to be considered complete per community guidelines, each residence must include at least one 3.5 caliper tree of Oak or other approve tree, a fully sodded and irrigated front yard (to front corner of home at a minimum) and a landscaping area which must be a minimum of 5' x 20' in size. Landscaped should include a combination of mulch beds, evergreen plants and seasonal plants with color or seasonal flowers.

Recitals:

WHEREAS, unless otherwise defined: (1) all references to “sections” shall mean to sections of this Agreement; (2) all references to “exhibits” shall mean exhibits to this Agreement which are incorporated as part of this Agreement for all purposes; and (3) all references to “ordinances” or “resolutions” shall mean ordinances or resolutions adopted by the City Council of the City of Tomball, Texas (the “City Council”); and

WHEREAS the Developer has acquired for development the approximately 50.105 acres of real property described in Exhibit A-1 attached hereto (the “Property”) located in part within the corporate limits of the City, and in part within the extraterritorial jurisdiction of the City (“ETJ”), and intends to develop it for single-family residential purposes, in accordance with the terms of this Agreement (the “Project”); and

WHEREAS, in order to incentivize the development of the Property and encourage and support economic development within the City and to promote employment, the City desires to facilitate the development of the Property through the financing of certain public infrastructure (the “Public Improvements” as defined herein) and constructing additional public improvements within the Property; and

WHEREAS, in order to finance the Public Improvements, the City Council intends to create a public improvement district that is coterminous with the boundaries of the portion of the Property (the “PID”), described in Exhibit A-2 attached hereto, in accordance with Chapter 372 Texas Local Government Code, as amended (the “PID Act”); and

WHEREAS, the City recognizes that financing of the Public Improvements confers a special benefit to the property within the PID; and

WHEREAS, the City intends to (upon satisfaction of the conditions and in accordance with the terms set forth in this Agreement), adopt the Assessment Ordinance (as defined herein) and adopt a Service and Assessment Plan (“SAP”) (as defined herein) which provide for the construction, and financing of the Public Improvements pursuant to the Service and Assessment Plan, payable in whole or in part by and from Assessments levied against property within the PID (whether through a cash reimbursement or through an issuance of PID Bonds); and

and in accordance with the terms set forth in this Agreement, cause the release of the Property from the Aqua Texas CCN.

WHEREAS the payment or reimbursement for the Public Improvements shall be solely from the installment payments of Assessments and/or proceeds of the PID Bonds and the City shall never be responsible for the payment of the Public Improvements or the PID Bonds from its general fund, or its ad valorem tax collections, past or future, or any other source of City revenue, or any assets of the City of whatsoever nature; and

WHEREAS, the City recognizes the positive impact that the construction and installation of the Public Improvements for the PID will bring to the City and will promote state and local economic development; to stimulate business and commercial activity in the City; for the development and diversification of the economy of the State; development and expansion of commerce in the State, and elimination of employment or underemployment in the State;

WHEREAS, the Parties acknowledge that, as to the portion of the Property located in the ETJ, this Agreement is a development agreement as provided for by law, including Section 212.171 et seq of the Texas Local Government Code.

If the Public Improvement is on land owned by the City, the City hereby grants to the Developer a temporary easement to enter upon such land for purposes related to construction (and maintenance pending acquisition and acceptance) of the Public Improvement. If the Public Improvement is on land owned by the Developer, the Developer shall dedicate easements by plat or shall execute and deliver to the City such access and maintenance easements as the City may reasonably require in recordable form, and the Developer hereby grants to the City a permanent access and maintenance easement by plat or separate instrument to enter upon such land for purposes related to inspection and maintenance of the Public Improvement. The grant of the permanent easement shall not relieve the Developer of any obligation to grant the City title to property and/or easements related to the Public Improvement as required by this Agreement or as should in the City's reasonable judgment be granted to provide for convenient access to and routine and emergency maintenance of such Public Improvement. The provisions for inspection and acceptance of such Public Improvement otherwise provided herein shall apply.

Section 8.09. Additional Requirements.

In connection with the design and construction of the Public Improvements, the Developer shall take or cause the following entities or persons to take the following actions and to undertake the following responsibilities:

(a) The Developer shall provide to the City electronic copies of the Plans and Specifications for the Public Improvements (including revisions) as such Plans and Specifications are currently in existence and as completed after the date hereof and shall provide the City one complete set of record drawings (in electronic format) for the Public Improvements, in accordance with Applicable Law;

(b) In accordance with the requirements between the Developer and the City with regard to the development and construction of the Public Improvements, the Developer or such person selected by and contracting with the Developer shall provide the City with a copy of the detailed construction schedule outlining the major items of work of each major construction contractor. Such schedule shall be updated monthly and submitted to the City.

(c) The Developer shall provide construction documents, including the Plans and Specifications to the City, signed and sealed by one or more registered professional architects or engineers licensed in the State of Texas at the time the construction documents are submitted to the City for approval;

(d) The Developer shall provide the City with reasonable advance notice of any scheduled construction meetings as set forth in the construction contracts for the Public Improvements, and shall permit the City to attend and observe such meetings as the City so chooses in order to monitor the project;

(e) The Developer or any general contractor shall comply with, and shall require that its agents and subcontractors comply with, all Applicable Laws regarding the use, removal, storage, transportation, disposal and remediation of hazardous materials;

(f) The Developer or any general contractor shall notify and obtain the City's approval for all field changes that directly result in material changes to the portion of the Plans and Specifications for the Public Improvements that describe the connection of such improvements with City streets, storm sewers and utilities;

(g) Upon notice from the City, the Developer shall or shall cause any general contractor to promptly repair, restore or correct, on a commercially reasonable basis, all damage caused by the general contractor or its subcontractors to property or facilities of the City during construction of the Public Improvements and the City shall pay for any damage repair from funds on hand from the Developer pursuant to the Professional Services Agreement, as such funds are available, or from other funds of the City. If the City pays for such damage repair from other City funds, the Developer shall reimburse or cause the general contractor to reimburse the City for out-of-pocket costs actually incurred by the City that are directly related to the City's necessary repairs of such damage;

(h) Upon notice from the City, the Developer shall promptly cause the correction of defective work and shall cause such work to be corrected in accordance with the construction contracts for the Public Improvements and with City Regulations;

(i) If the Developer performs any soils, construction and materials testing during construction of the Public Improvements, the Developer shall make available to the City copies of the results of all such tests; and

(j) If any of the foregoing entities or persons shall fail in a material respect to perform any of its obligations described above (or elsewhere under this Agreement), the Developer shall use its good faith efforts to enforce such obligations against such entities or persons, or the Developer may cure any material failure of performance as provided herein; and

(k) The Developer shall provide any other information or documentation or services required by City Regulations; and

(l) The Developer shall allow the City Representative to conduct a reasonable pre-final and final inspection of the Public Improvements. Upon acceptance by the City of the Public Improvements, the City shall become responsible for the maintenance of the Public Improvements and making any bond or warranty claim, if applicable.

#### Section 8.10. Revisions to Scope and Cost of Public Improvements.

(a) The Public Improvement Project Costs, as set forth in Exhibit C, may be modified or amended from time to time upon the approval of the City Representative, provided that the total cost of the Public Improvements shall not exceed such amounts as set forth in the applicable SAP or the Project and Financing Plan. Should the Public Improvements be amended by the City Council in a SAP pursuant to the PID Act, the City Representative shall be authorized to make

corresponding changes to the applicable Exhibits attached hereto and shall keep official record of such amendments.

(b) Should the Public Improvement Project Costs exceed the amounts set forth in the SAPs, the Developer shall be responsible for such excess costs and such excess costs shall not be reimbursed by the City. The City shall only reimburse the Public Improvement Project Costs in the amounts set forth in the applicable SAP.

Section 8.11. City Police Powers.

The Developer recognizes the authority of the City pursuant to the Texas Constitution together with the City's charter and ordinances to exercise its police powers in accordance with applicable laws to protect the public health, safety, and welfare. The City retains its police powers over the Developer's or its general contractor's construction activities on or at the Property, and the Developer recognizes the City's authority to take appropriate enforcement action in accordance with Applicable Law to provide such protection. No lawful action taken by the City pursuant to these police powers shall subject the City to any liability under this Agreement, including without limitation liability for costs incurred by any general contractor or the Developer, and as between the Developer and the City, any such costs shall be the sole responsibility of the Developer and any of its general contractors and shall not be reimbursable from PID Bond Proceeds.

Section 8.12. Title and Mechanic's Liens.

(a) Title. The Developer agrees that the Public Improvements shall not have a lien or cloud on title upon their dedication to and acceptance by the City.

(b) Mechanic's Liens. Developer shall not create nor allow or permit any liens, encumbrances, or charges of any kind whatsoever against the Public Improvements arising from any work performed by any contractor by or on behalf of the Developer. The Developer shall not permit any claim of lien made by any mechanic, materialman, laborer, or other similar liens to stand against the Public Improvements for work or materials furnished to the Developer in connection with any construction, improvements, renovation, maintenance or repair thereof made by the Developer or any contractor, agent or representative of the Developer. The Developer shall cause any such claim of lien to be fully discharged prior to the earlier of (i) the date of acceptance of the applicable Public Improvement by the City of the related Public Improvement or (ii) 180 days.

Section 8.13. City Consents.

Any consent or approval by or on behalf of the City required in connection with the design, construction, improvement or replacement of the Public Improvements or otherwise under this Agreement shall not be unreasonably withheld, delayed, or conditioned. Any review associated with any determination to give or withhold any such consent or approval shall be conducted in a timely and expeditious manner with due regard to the cost to the Developer associated with delay.

Section 8.14. Right of the City to Make Inspection.

(a) At any time during the construction of the Public Improvements, the City shall have the right to enter the Property for the purpose of inspection of the progress of construction on the Public Improvements; provided, however, the City Representative shall comply with reasonable restrictions generally applicable to all visitors to the Development that are imposed by the Developer or its General Contractor or subcontractors. The Developer shall pay the standard City inspection fees.

(b) Inspection of the construction of all Public Improvements shall be by the City Representative or his/her designee. In accordance with Sections 5.03, the Developer shall pay the inspection fee which may be included as a Public Improvement Project Cost.

(c) City may enter the Property in accordance with customary City procedures and Applicable Law to make any repairs or perform any maintenance of Public Improvements which the City has accepted for maintenance. If, during construction of the Public Improvements, the Developer is in default under this Agreement beyond any applicable cure period or in the event of an emergency which is not being timely addressed, the City may enter the Property to make any repairs to the Public Improvements that have not been accepted for maintenance by the City, of every kind or nature, which the Developer is obligated under this Agreement to repair or maintain but which the Developer has failed to perform after reasonable notice (other than in the case of an emergency in which notice is impossible or impractical). The Developer shall be obligated to reimburse the City the reasonable costs incurred by the City for any such repairs. Nothing contained in this paragraph shall be deemed to impose on the City any obligation to actually make repairs or alterations on behalf of the Developer.

Section 8.15. Competitive Bidding. The construction of the Public Improvements (which are funded from Assessments) is anticipated to be exempt from competitive bidding pursuant to Texas Local Government Code Section 252.022(a)(9). In the event that the actual costs of the Public Improvement do not meet the parameters for exemption from the competitive bid requirement, then either competitive bidding or alternative delivery method may be utilized by the City as allowed by Applicable Law.

## ARTICLE IX

### PAYMENT OF PUBLIC IMPROVEMENTS

Section 9.01. Overall Requirements.

(a) The City shall not be obligated to provide funds for any Public Improvement except from the proceeds of the PID Bonds or from Assessments pursuant to a Reimbursement Agreement. The City makes no warranty, either express or implied, that the proceeds of the PID Bonds available for reimbursement of the Public Improvement Project Costs will be sufficient for the construction or acquisition of all of the Public Improvements. Any costs of the Public Improvements in excess of the available PID Bond Proceeds or Assessments pursuant to a Reimbursement Agreement, shall not be paid or reimbursed by the City. The Developer acknowledges and agrees that any lack of availability of monies in the Project Funds established

under the Indentures to reimburse the costs of the Public Improvements shall in no way diminish any obligation of the Developer with respect to the construction of or contributions for the Public Improvements required by this Agreement, or any other agreement to which the Developer is a party, or any governmental approval to which the Developer or Property is subject.

(b) Upon written acceptance of a Public Improvement, and subject to any applicable maintenance-bond period, the City shall be responsible for all operation and maintenance of such Public Improvement, including all costs thereof and relating thereto.

(c) The City's obligation with respect to the reimbursement from Assessments of the Public Improvement Project Costs as finally set forth in the Service and Assessment Plan, shall be limited to the lower of Actual Costs or the available Net PID Bond Proceeds or Assessment revenues, and shall be reimbursed solely from amounts on deposit in the Project Funds from the sale of the PID Bonds as provided herein and in the Indentures, or from Assessments collected for the reimbursement or payment of such costs pursuant to Reimbursement Agreement. The Developer agrees and acknowledges that it is responsible for all costs and all expenses related to the Public Improvements in excess of the Reimbursement Cap.

(d) The City shall have no responsibility whatsoever to the Developer with respect to the investment of any funds held in the Project Fund by the Trustee under the provisions of the Indenture, including any loss of all or a portion of the principal invested or any penalty for liquidation of an investment. Any such loss may diminish the amounts available in the Project Fund to reimburse the Public Improvement Project Costs in the PID. The obligation of Developer to pay the Assessments is not in any way dependent on the availability of amounts in the Project Fund to pay for all or any portion of the Public Improvements Project Costs hereunder.

Section 9.02. Remaining Funds after Completion of a Public Improvement.

The Service and Assessment Plan shall be updated or amended, as applicable, such that the costs of the Public Improvements in the SAP match the costs set forth in the applicable construction contracts; provided that such adjustment of the SAP does not affect the benefit analysis. Then, the Completion of Construction of a Public Improvement (or segment or stage thereof) and payment or reimbursement for such Public Improvement, there are Cost Underruns, any remaining budgeted cost(s) may be available to reimburse Cost Overruns on any other Public Improvement with the approval of the City Representative, such approval not to be unreasonably withheld, at completion of the Public Improvements and provided that all Public Improvements, as set forth in the Service and Assessment Plan are undertaken at least in part. The elimination of a category of Public Improvements as set forth in the Service and Assessment Plan will require an amendment to the Service and Assessment Plan. Upon receipt of all acceptance letters from the City for the Public Improvements within an improvement category as set forth in the Service and Assessment Plan, any Underruns from that category may be released to reimburse for Overruns in another improvement category, as approved by the City.

Section 9.03. Payment Process for Public Improvements.

(a) The City shall authorize reimbursement of the Public Improvement Project Costs from (i) PID Bond Proceeds or from (ii) Assessments collected in the PID as set forth in 8.04

below. The Developer shall submit a Payment Certificate to the City for Public Improvement Project Costs. The form of the Payment Certificate is set forth in Exhibit F, as may be modified by the applicable Indenture or Reimbursement Agreement. The City shall review the sufficiency of each Payment Certificate with respect to compliance with this Agreement, compliance with the Development Standards, and Applicable Law, and compliance with the applicable SAP and Plans and Specifications within fifteen (15) business days of receipt from the Developer. After review, the City shall send notice to the Developer of what is approved in each Payment Certificate and what is denied and will notify Developer of additional documentation needed. Approved costs in a Payment Certificate shall be forwarded for payment in a timely manner and the City will work with the Developer to resolve amounts not approved in each Payment Certificate.

(b) The City shall reimburse the Public Improvement Project Costs as set forth in Exhibit C and the SAP, from funds available pursuant to the applicable Indenture or Reimbursement Agreement.

(c) Reimbursement to the Developer and the City for administrative costs relating to the creation of the PID, the levy of assessments and issuance of the PID Bonds may be distributed at closing of the applicable series of PID Bonds pursuant to a Closing Disbursement Request, in the form attached as Exhibit G.

Section 9.04. Public Improvements Reimbursement from Assessment Fund In the Event of a Non-Issuance of PID Bonds.

(a) The reimbursement for costs of the Public Improvements set forth in Exhibit C and in the Service and Assessments Plan shall be made on an annual basis from Assessments levied by the City for the Public Improvements pursuant to Chapter 372, Texas Local Government Code, as amended. Such reimbursement shall be made pursuant to the terms and provisions of one or more Reimbursement Agreements. Such Reimbursement Agreements shall set forth the terms of the annual reimbursement for the costs of the Public Improvements.

(b) Reimbursement or payment of the costs of the Public Improvements shall only be made from the levy of Assessments within the PID as set forth herein.

(c) The term, manner and place of payment or reimbursement to the Developer under this Section shall be set forth in the Reimbursement Agreement.

(d) Reimbursement or payment shall be made only for the costs of the Public Improvements as set forth in this Agreement, the Service and Assessment Plan or in the Reimbursement Agreement, as approved by the City. Any additional public improvements other than the Public Improvements constructed by the Developer and dedicated to the City, shall not be subject to payment or reimbursement under the terms of this Agreement.

Section 9.05. Rights to Audit.

(a) The City shall have the right to audit, upon reasonable notice and at the City's own expense, records of the Developer with respect to the expenditure of funds to pay Public Improvement Project Costs. Upon written request by the City, the Developer shall give the City

or its agent, access to those certain records controlled by, or in the direct or indirect possession of, the Developer (other than records subject to legitimate claims of attorney-client privilege) with respect to the expenditure of Public Improvement Project Costs, and permit the City to review such records in connection with conducting a reasonable audit of such fund and account. The Developer shall make these records available to the City electronically or at a location that is reasonably convenient for City staff.

(b) The City and the Developer shall reasonably cooperate with the assigned independent auditors (internal or external) in this regard, and shall retain and maintain all such records for at least 2 years from the date of Completion of Construction of the Public Improvements. All audits must be diligently conducted and once begun, no records pertaining to such audit shall be destroyed until such audit is completed.

(b) Due Authority: No Conflict. The Developer has all requisite power and authority to execute and deliver this Agreement and to carry out its obligations hereunder and the transactions contemplated hereby. This Agreement has been, and the documents contemplated hereby will be, duly executed and delivered by the Developer and constitute the Developer's legal, valid and binding obligations enforceable against the Developer in accordance with their terms. The consummation by the Developer of the transactions contemplated hereby is not in violation of or in conflict with, nor does it constitute a default under, any term or provision of the organizational documents of the Developer, or any of the terms of any agreement or instrument to which the Developer is a Party, or by which the Developer is bound, or of any provision of any applicable law, ordinance, rule or regulation of any governmental authority or of any provision of any applicable order, judgment or decree of any court, arbitrator or governmental authority.

(e) Legal Proceedings. ## ARTICLE XI

### MAINTENANCE OF LANDSCAPE IMPROVEMENTS

#### Section 11.01. Mandatory Homeowners' Association.

(a) The Developer will create a mandatory homeowners' association ("HOA") over the portion of the Property then being developed as single family homes ("the "Single Family Property"), which HOA, through its conditions and restrictions filed of record in the property records of Harris County, shall be required to assess and collect from owners annual fees in an amount calculated to maintain the open spaces, common areas, right-of-way irrigation systems, raised medians and other right-of-way landscaping, detention areas, drainage areas, screening walls, trails, lawns, landscaped entrances to the Single Family Property and any other common improvements or appurtenances (the "HOA Maintained Improvements"). Maintenance of any HOA Maintained Improvements on land owned by the City shall be pursuant to a maintenance agreement between the HOA and the City (the "HOA Maintenance Agreement").

(b) The Developer and the HOA shall maintain and operate any open spaces, nature trails, amenity center, common areas, landscaping, detention ponds, screening walls, development signage, and any other common improvements or appurtenances within the Property that are not maintained or operated by the City, including without limitation such facilities financed by the PID.

(c) While the Parties anticipate that the HOA established to maintain and operate the HOA Maintained Improvements, will adequately perform such duties, in the event that the City determines that the HOA is not adequately performing the duties for which it was created, which non-performance shall be evidenced by violations of the HOA Maintenance Agreement, applicable deed restrictions and/or applicable City ordinances, the City reserves the right to levy an assessment each year equal to the actual costs of operating and maintaining the HOA Maintained Improvements that are owned by the City. The City agrees that it will not levy such assessments without first giving the HOA written notice of the deficiencies and providing the HOA with sixty (60) days in which to cure the deficiencies. Covenants, conditions and restrictions for the HOA must be filed and the HOA Maintenance Agreement, if any, must be approved and executed before any Assessments are levied by the City.

## ARTICLE XII

Section 12.02. City Termination Events.

(b) The City may terminate this Agreement and any Reimbursement Agreement upon an uncured Event of Default by the Developer pursuant to Article XIV herein.

(c) The City may terminate this Agreement and any Reimbursement Agreement, if Commencement of Construction of the private horizontal improvements within the Development has not occurred within three (3) years of the Effective Date.

Upon such a termination, the Parties hereto shall have no duty or obligation one to the other under this Agreement, with the exception of any of Developer's Public Improvement Project Costs that were previously advanced or incurred as of the date of termination, provided that a Payment Certificate for such Public Improvement Project Costs is submitted within ninety (90) days of the termination and is approved by the City pursuant to its normal and usual process for approving such Payment Certificate. The City must approve such Payment Certificate within thirty (30) days or submit to the Developer its objections/issues with such Payment Certificate and reasonably consult with the Developer to cure any insufficiencies in the Payment Certificate within an additional thirty (30) days.

Section 12.04. City Actions Upon Termination.

Upon termination the Developer shall have no claim or right to any further payments for Public Improvements Project Costs pursuant to this except that, (i) any Public Improvements completed and accepted by the City or (ii) Public Improvement Project Costs submitted pursuant to a Payment Certificate and approved by the City shall still be subject to reimbursement.

Notwithstanding the above, the provisions of Article VII of this Agreement shall survive termination.

## ARTICLE XIV

### DEFAULT AND REMEDIES

#### Section 14.01. Developer Default.

Each of the following events shall be an “Event of Default” by the Developer under this Agreement:

(a) The Developer shall fail to pay to the City any monetary sum hereby required of it as and when the same shall become due and payable and shall not cure such default within thirty (30) calendar days after the later of the date on which written notice thereof is given by the City to the Developer, as provided in this Agreement. The Developer shall fail in any material respect to maintain any of the insurance or bonds required by this Agreement; provided, however, that if a contractor fails to maintain any of the insurance or bonds required by this Agreement, the Developer shall have thirty (30) calendar days to cure.

(b) The Developer shall fail to comply in any material respect with any term, provision or covenant of this Agreement (other than the payment of money to the City), and shall not cure such failure within ninety (90) calendar days after written notice thereof is given by the City to the Developer;

(c) The filing by Developer of a voluntary proceeding under present or future bankruptcy, insolvency, or other laws respecting debtors, rights;

(d) The consent by Developer to an involuntary proceeding under present or future bankruptcy, insolvency, or other laws respecting debtor’s rights;

(e) The entering of an order for relief against Developer or the appointment of a receiver, trustee, or custodian for all or a substantial part of the Property or assets of Developer in any involuntary proceeding, and the continuation of such order, judgment or degree unstayed for any period of ninety (90) consecutive days;

(f) The failure by Developer or any Affiliate to pay Impositions, and Assessments on property owned by the Developer and/or any Affiliates within the PID if such failure is not cured within thirty (30) calendar days after written notice by the City; OR

(g) Any representation or warranty confirmed or made in this Agreement by the Developer was untrue in any material respect as of the Effective Date.

Section 14.02. Notice and Cure Period.

(a) Before any Event of Default under this Agreement shall be deemed to be a breach of this Agreement, the Party claiming such Event of Default shall notify, in writing, the Party alleged to have failed to perform the alleged Event of Default and shall demand performance (with the exception of 13.01(f) above). Except with respect to cure periods set forth in 13.01 above, which shall be controlling, no breach of this Agreement may be found to have occurred if performance has commenced to the reasonable satisfaction of the complaining Party within thirty (30) calendar days of the receipt of such notice (or thirty (30) calendar days in the case of a monetary default), with completion of performance within ninety (90) calendar days.

(b) Notwithstanding any provision in this Agreement to the contrary, if the performance of any covenant or obligation to be performed hereunder by any Party is delayed by Force Majeure, the time for such performance shall be extended by the amount of time of the delay directly caused by and relating to such uncontrolled circumstances. The Party claiming delay of performance as a result of any of the foregoing Force Majeure events shall deliver written notice of the commencement of any such delay resulting from such Force Majeure event and the length of the Force Majeure event is reasonably expected to last not later than seven (7) days after the claiming Party becomes aware of the same, and if the claiming Party fails to so notify the other Party of the occurrence of a Force Majeure event causing such delay, the claiming Party shall not be entitled to avail itself of the provisions for the extension of performance contained in this Article. The number of days a Force Majeure event is in effect shall be determined by the City based upon commercially reasonable standards.

Section 14.03. City's Remedies.

With respect to the occurrence of an Event of Default the City may pursue the following remedies:

(a) The City may pursue any legal or equitable remedy or remedies, including, without limitation, specific performance, damages, and termination of this Agreement. The City shall not terminate this Agreement unless it delivers to the Developer a second notice expressly providing that the City will terminate within thirty (30) additional days. Termination or non-termination of this Agreement upon a Developer Event of Default shall not prevent the City from suing the Developer for specific performance, damages, actual damages, excluding punitive, special and consequential damages, injunctive relief or other available remedies with respect to obligations that expressly survive termination. In the event the Developer fails to pay any of the expenses or amounts or perform any obligation specified in this Agreement, then to the extent such failure constitutes an Event of Default hereunder, the City may, but shall not be obligated to do so, pay any such amount or perform any such obligations and the amount so paid and the reasonable out

of pocket costs incurred by the City in said performance shall be due and payable by the Developer to the City within thirty (30) days after the Developer's receipt of an itemized list of such costs.

(b) No remedy herein conferred or reserved is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder now or hereafter existing at law or in equity.

(c) The exercise of any remedy herein conferred or reserved shall not be deemed a waiver of any other available remedy.

#### Section 14.04. City Default.

Each of the following events shall be an Event of Default by the City under this Agreement:

(a) The City shall fail to pay to the Developer, so long as the Developer has complied with the terms and provisions of this Agreement, any monetary sum hereby required of it and shall not cure such default within thirty (30) calendar days after the later of the date on which written notice thereof is given to the City by the Developer.

(b) The City shall fail to comply in any material respect with any term, provision or covenant of this Agreement, other than the payment of money, and shall not cure such failure within sixty (60) calendar days after written notice thereof is given by the Developer to the City.

#### Section 14.05. Developer's Remedies.

(a) Upon the occurrence of any Event of Default by the City, the Developer may pursue any legal remedy or remedies specifically including damages as set forth below (specifically excluding specific performance and other equitable remedies), and termination of this Agreement; provided, however, that the Developer shall have no right to terminate this Agreement unless the Developer delivers to the City a second notice which expressly provides that the Developer will terminate within thirty (30) days if the default is not addressed as herein provided.

(b) No remedy herein conferred or reserved is intended to be inclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder now or hereafter existing.

(c) The exercise of any remedy herein conferred or reserved shall not be deemed a waiver of any other available remedy.

#### Section 14.06. No Waiver of Immunity.

(a) Nothing contained in this Agreement shall be deemed to waive the City's governmental immunity nor the official immunity of any City officer, official, employee or agent.

(b) Should a court of competent jurisdiction determine the City's immunity from suit is waived in any manner other than as provided in Subchapter I of Chapter 271, Texas Local Government Code, as amended, the Parties hereby acknowledge and agree that in such suit against the City for breach of this Agreement:

- (i) The total amount of money awarded is limited to actual damages in an amount not to exceed the balance due and owed by City under this Agreement or any Reimbursement Agreement and is payable solely from Assessment revenues;
- (ii) The recovery of damages against City or the Developer may not include consequential damages or exemplary damages;
- (iii) The Parties may not recover attorney's fees; and
- (iv) The Parties are not entitled to specific performance or injunctive relief against the City.

Section 14.07. Limitation on Damages.

In no event shall any Party have any liability under this Agreement for any exemplary or consequential damages.

Section 14.08. Waiver.

Forbearance by the non-defaulting Party to enforce one or more of the remedies herein provided upon the occurrence of an Event of Default by the other Party shall not be deemed or construed to constitute a waiver of such default. One or more waivers of a breach of any covenant, term or condition of this Agreement by either Party hereto shall not be construed by the other Party as a waiver of a different or subsequent breach of the same covenant, term or condition. The consent or approval of either Party to or of any act by the other Party of a nature requiring consent or approval shall not be deemed to waive or render unnecessary the consent to or approval of any other subsequent similar act.

## ARTICLE XV

### INSURANCE, INDEMNIFICATION AND RELEASE

Section 15.01. Insurance.

With no intent to limit any contractor's liability or obligation for indemnification, the Developer shall maintain or cause to be maintained, by the persons constructing the Public Improvements, certain insurance, as provided below in full force and effect at all times during construction of the Public Improvements and shall require that the City is named as an additional insured under such contractor's insurance policies.

(a) With regard to the obligations of this Agreement, the Developer shall obtain and maintain in full force and effect at its expense, or shall cause each contractor to obtain and maintain at their expense, the following policies of insurance and coverage:

- (i) Commercial general liability insurance insuring the City, contractor and the Developer against liability for injury to or death of a person or persons and for damage to

property occasioned by or arising out of the activities of Developer, the contractor, the City and their respective officers, directors, agents, contractors, or employees, in the amount of \$500,000 Per Occurrence or a limit equal to the amount of the contract amount, \$2,000,000 General Aggregate Bodily Injury and Property Damage. The contractor may procure and maintain a Master or Controlled Insurance policy to satisfy the requirements of this section, which may cover other property or locations of the contractor and its affiliates, so long as the coverage required in this section is separate;

(ii) Worker's Compensation insurance as required by law;

(iii) Business automobile insurance covering all operations of the contractor pursuant to the Construction Agreement involving the use of motor vehicles, including all owned, non-owned and hired vehicles with minimum limits of not less than One Million Dollars (\$1,000,000) combined single limit for bodily injury, death and property damage liability.

(iv) To the extent available, each policy shall be endorsed to provide that the insurer waives all rights of subrogation against the City;

(v) Each policy of insurance with the exception of Worker's Compensation and professional liability shall be endorsed to include the City (including its former, current, and future officers, directors, agents, and employees) as additional insureds;

(vi) Each policy, with the exception of Worker's Compensation and professional liability, shall be endorsed to provide the City sixty (60) days' written notice prior to any cancellation, termination or material change of coverage; and

(vii) The Developer shall cause each contractor to deliver to the City the policies, copies of policy endorsements, and/or certificates of insurance evidencing the required insurance coverage before the Commencement of Construction of the Public Improvements and within 10 days before expiration of coverage, or as soon as practicable, deliver renewal policies or certificates of insurance evidencing renewal and payment of premium. On every date of renewal of the required insurance policies, the contractor shall cause a Certificate of Insurance and policy endorsements to be issued evidencing the required insurance herein and delivered to the City. In addition, the contractor shall within ten (10) business days after written request provide the City with the Certificates of Insurance and policy endorsements for the insurance required herein (which request may include copies of such policies).

#### Section 15.02. Waiver of Subrogation Rights.

The Commercial General Liability, Worker's Compensation, Business Auto and Excess Liability Insurance required pursuant to this Agreement shall provide for waivers of all rights of subrogation against the City.

Section 15.03. Additional Insured Status.

With the exception of Worker's Compensation Insurance and any Professional Liability Insurance, all insurance required pursuant to this Agreement shall include and name the City as additional insureds using Additional Insured Endorsements that provide the most comprehensive coverage to the City under Texas law including products/completed operations.

Section 15.04. Certificates of Insurance.

Certificates of Insurance and policy endorsements in a form satisfactory to City shall be delivered to City prior to the commencement of any work or services on the Public Improvements. All required policies shall be endorsed to provide the City with sixty (60) days advance notice of cancellation or non-renewal of coverage. The Developer shall provide sixty (60) days written notice of any cancellation, non-renewal or material change in coverage for any of the required insurance in this Article.

On every date of renewal of the required insurance policies, the Developer shall cause (and cause its contractors) to provide a certificate of insurance and policy endorsements to be issued evidencing the required insurance herein and delivered to the City. In addition, the Developer shall, within ten (10) business days after written request, provide the City with certificates of insurance and policy endorsements for the insurance required herein (which request may include copies of such policies). The delivery of the certificates of insurance and the policy endorsements (including copies of such insurance policies) to the City is a condition precedent to the payment of any amounts to the Developer by the City.

Section 15.05. Carriers.

All policies of insurance required to be obtained by the Developer and its contractors pursuant to this Agreement shall be maintained with insurance carriers that are satisfactory to and as reasonably approved by City, and lawfully authorized to issue insurance in the state of Texas for the types and amounts of insurance required herein. All insurance companies providing the required insurance shall be authorized to transact business in Texas and rated at least "A" by AM Best or other equivalent rating service. All policies must be written on a primary basis, non-contributory with any other insurance coverage and/or self-insurance maintained by the City. All insurance coverage required herein shall be evidenced by a certificate of insurance and policy endorsements submitted by the Developer's and its contractors' insurer or broker. Certificates of insurance and policy endorsements received from any other source will be rejected.

Section 15.06. INDEMNIFICATION.

DEVELOPER AGREES TO DEFEND, INDEMNIFY, AND HOLD THE CITY AND ITS RESPECTIVE OFFICERS, AGENTS AND EMPLOYEES, HARMLESS AGAINST ANY AND ALL CLAIMS, LAWSUITS, JUDGMENTS, FINES, PENALTIES, COSTS, AND EXPENSES FOR PERSONAL INJURY (INCLUDING DEATH), PROPERTY DAMAGE OR OTHER HARM OR VIOLATIONS FOR WHICH RECOVERY OF DAMAGES, FINES, OR PENALTIES IS SOUGHT, SUFFERED BY ANY PERSON OR PERSONS, THAT MAY ARISE OUT OF OR BE OCCASIONED BY DEVELOPER'S ACT OR OMISSION, INCLUDING BUT

NOT LIMITED TO BREACH OF ANY OF THE TERMS OR PROVISIONS OF THIS CONTRACT, VIOLATIONS OF LAW, ANY ACT OR OMISSION, INCLUDING BUT NOT LIMITED TO ANY NEGLIGENT, GROSSLY NEGLIGENT, INTENTIONAL, OR STRICTLY LIABLE ACT OR OMISSION OF THE CONTRACTOR, ITS OFFICERS, AGENTS, EMPLOYEES, INVITEES, SUBCONTRACTORS, OR SUB-SUBCONTRACTORS AND THEIR RESPECTIVE OFFICERS, AGENTS, OR REPRESENTATIVES, OR ANY OTHER PERSONS OR ENTITIES FOR WHICH THE CONTRACTOR IS LEGALLY RESPONSIBLE IN THE PERFORMANCE OF THIS CONTRACT. THE INDEMNITY PROVIDED FOR IN THIS PARAGRAPH SHALL NOT APPLY TO ANY LIABILITY RESULTING FROM THE SOLE NEGLIGENCE OF THE CITY, AND ITS OFFICERS, AGENTS, EMPLOYEES OR SEPARATE CONTRACTORS. THE CITY DOES NOT WAIVE ANY GOVERNMENTAL IMMUNITY OR OTHER DEFENSES AVAILABLE TO IT UNDER TEXAS OR FEDERAL LAW. THE PROVISIONS OF THIS PARAGRAPH ARE SOLELY FOR THE BENEFIT OF THE PARTIES HERETO AND ARE NOT INTENDED TO CREATE OR GRANT ANY RIGHTS, CONTRACTUAL OR OTHERWISE, TO ANY OTHER PERSON OR ENTITY.

DEVELOPER AT ITS OWN EXPENSE IS EXPRESSLY REQUIRED TO DEFEND CITY AGAINST ALL SUCH CLAIMS. CITY RESERVES THE RIGHT TO PROVIDE A PORTION OR ALL OF ITS OWN DEFENSE; HOWEVER, CITY IS UNDER NO OBLIGATION TO DO SO. ANY SUCH ACTION BY CITY IS NOT TO BE CONSTRUED AS A WAIVER OF DEVELOPER'S OBLIGATION TO DEFEND CITY OR AS A WAIVER OF DEVELOPER'S OBLIGATION TO INDEMNIFY CITY PURSUANT TO THIS AGREEMENT. DEVELOPER SHALL RETAIN DEFENSE COUNSEL WITHIN SEVEN (7) BUSINESS DAYS OF CITY'S WRITTEN NOTICE THAT CITY IS INVOKING ITS RIGHT TO INDEMNIFICATION UNDER THIS AGREEMENT. IF DEVELOPER FAILS TO RETAIN COUNSEL WITHIN THE REQUIRED TIME PERIOD, CITY SHALL HAVE THE RIGHT TO RETAIN DEFENSE COUNSEL ON ITS OWN BEHALF AND DEVELOPER SHALL BE LIABLE FOR ALL COSTS INCURRED BY THE CITY.

Section 16.02. Make-Whole Provision.

(a) If in any calendar year the City issues debt obligations that would be qualified tax-exempt obligations but for the issuance or proposed issuance of PID Bonds, the Developer shall pay to the City a fee (the “PID Bond Fee”) to compensate the City for the interest savings the City would have achieved had the debt issued by the City been qualified tax-exempt obligations. Prior to issuance of any PID Bonds, the City’s financial advisor shall calculate the PID Bond Fee based on the issued and planned debt issuances for the City and shall notify the Developer of the total amount of the PID Bond Fee prior to the issuance of the PID Bonds. The Developer agrees to pay the PID Bond Fee to the City within ten (10) business days after receiving notice from the City of the amount of PID Bond Fee due to the City. If the City has not forgone the ability to issue a series of obligations as qualified tax exempt obligations, the PID Bond Fee shall be held in a segregated account of the City and if the total amount of debt obligations sold or entered into by the City in the calendar year in which the PID Bonds are issued are less than the bank qualification limits (currently \$10 million per calendar year), then the PID Bond Fee shall be returned to the Developer. The City shall not be required to sell any series of PID Bonds until the Developer has paid the estimated PID Bond Fee.

(b) If the City is planning to issue debt obligations as qualified tax-exempt obligations prior to the issuance of PID Bonds in any calendar year, the City may (but is not obligated to) notify the Developer that it is planning to issue qualified tax-exempt obligations that may limit the amount of debt that the City can issue in a calendar year. In connection with the delivery of such notice, the City’s financial advisor shall provide a calculation of the interest savings that the City would achieve by issuing the obligations the City plans to issue in the year as qualified tax-exempt obligations as opposed to non-qualified tax-exempt obligations. If following the receipt of such notice the Developer asks the City to forego designating the obligations as qualified tax-exempt obligations in order to preserve capacity for PID Bonds, the Developer shall pay to the City a fee

to compensate the City for the interest savings the City would have achieved had the debt issued by the City been qualified tax-exempt obligations. The Developer agrees to pay the PID Bond Fee to the City within ten (10) business days after receiving notice from the City of the amount of PID Bond Fee due to the City. Upon receipt of the PID Bond Fee, the City agrees not to designate the obligations planned for issuance as qualified tax-exempt obligations. Such payment is compensation to the City for choosing to forego the designation of obligations as qualified tax exempt obligations, and the PID Bond Fee may be used for any lawful purpose of the City.

Section 16.03. Assignment.

(a) This Agreement shall be binding upon and inure to the benefit of the successors and assigns of the Parties. The obligations, requirements or covenants to develop the Property, including construction of the Public Improvements may be assigned to any Affiliate thereof without the prior written consent of the City. The obligations, requirements or covenants to the development of the Property, including construction of the Public Improvements shall not be assigned to any non-Affiliate without the prior written consent of the City Council, which consent shall not be unreasonably withheld if the assignee demonstrates the financial ability to perform in the reasonable judgment of the City Council. Each assignment shall be in writing executed by Developer and the assignee and shall obligate the assignee to be bound by this Agreement to the extent this Agreement applies or relates to the obligations, rights, title or interests being assigned. No assignment by Developer shall release Developer from any liability that resulted from an act or omission by Developer that occurred prior to the effective date of the assignment unless the City approves the release in writing. Developer shall maintain written records of all assignments made by Developer to assignee, including a copy of each executed assignment and the assignee's notice information as required by this Agreement, and, upon written request from the City, any Party or assignee, shall provide a copy of such records to the requesting person or entity, and this obligation shall survive the assigning Party's sale, assignment, transfer or other conveyance of any interest in this Agreement or the Property. The City shall not be required to execute any consent with respect to assignment to an Affiliate nor shall the City be required to make any representations with respect to any assignment.

(b) Developer may assign any receivables or revenues due pursuant to this Agreement or any Reimbursement Agreement to a third party without the consent of, but upon written notice to the City. Provided, however, that notwithstanding the above, the City shall not be required to make partial payments to more than two parties as a result of an assignment and shall not execute any consent or make any representations with respect thereto.

(c) The Developer and assignees have the right, from time to time, to collaterally assign, pledge, grant a lien or security interest in, or otherwise encumber any of their respective rights, title, or interest under this Agreement for the benefit of (a) their respective lenders without the consent of, but with prompt written notice to, the City. The collateral assignment, pledge, grant of lien or security interest, or other encumbrance shall not, however, obligate any lender to perform any obligations or incur any liability under this Agreement unless the lender agrees in writing to perform such obligations or incur such liability. Provided the City has been given a copy of the documents creating the lender's interest, including notice information for the lender, then that lender shall have the right, but not the obligation, to cure any default under this Agreement within thirty (30) days written notice to the lender. A lender is not a party to this Agreement unless this

Agreement is amended, with the consent of the lender, to add the lender as a Party. Notwithstanding the foregoing, however, this Agreement shall continue to bind the Property and shall survive any transfer, conveyance, or assignment occasioned by the exercise of foreclosure or other rights by a lender, whether judicial or non-judicial. Any purchaser from or successor owner through a lender of any portion of the Property, except an in-user homeowner, shall be bound by this Agreement and shall not be entitled to the rights and benefits of this Agreement with respect to the acquired portion of the Property until all defaults under this Agreement with respect to the acquired portion of the Property have been cured. The City shall not be required to make partial payments to more than two parties as a result of an assignment and shall not execute any consent or make any representations with respect thereto.

(d) The City shall not be required to acknowledge the receipt of any Assignment by the Developer; however, to the extent the City does acknowledge receipt of any assignment pursuant to this Section, such acknowledgment does not evidence the City's agreement, acceptance or acknowledgment of the content of the assignment documents or any rights accruing thereunder; it is solely an acknowledgment of receipt of the notice via mail, express mail or email.

(e) The City does not and shall not consent to nor participate in any third-party financing based upon the Developer's assignment of its right to receive funds pursuant to this Agreement or any Reimbursement Agreement.

Section 16.04. Table of Contents; Titles and Headings.

The titles of the articles, and the headings of the sections of this Agreement are solely for convenience of reference, are not a part of this Agreement, and shall not be deemed to affect the meaning, construction, or effect of any of its provisions.

Section 16.05. Entire Agreement; Amendment.

This Agreement is the entire agreement between the Parties with respect to the subject matter covered in this Agreement. There is no other collateral oral or written agreement between the Parties that in any manner relates to the subject matter of this Agreement. This Agreement may only be amended by a written agreement executed by all Parties.

Section 16.06. Time.

In computing the number of days for purposes of this Agreement, all days will be counted, including Saturdays, Sundays, and legal holidays; however, if the final day of any time period falls on a Saturday, Sunday, or legal holiday, then the final day will be deemed to be the next day that is not a Saturday, Sunday, or legal holiday.

Section 16.07. Counterparts.

This Agreement may be executed in any number of counterparts, each of which will be deemed to be an original, and all of which will together constitute the same instrument.

Section 16.08. Severability; Waiver.

If any provision of this Agreement is illegal, invalid, or unenforceable, under present or future laws, it is the intention of the parties that the remainder of this Agreement not be affected and, in lieu of each illegal, invalid, or unenforceable provision, a provision be added to this Agreement which is legal, valid, and enforceable and is as similar in terms to the illegal, invalid, or enforceable provision as is possible.

Any failure by a Party to insist upon strict performance by the other party of any material provision of this Agreement will not be deemed a waiver or of any other provision, and such Party may at any time thereafter insist upon strict performance of any and all of the provisions of this Agreement.

Section 16.09. No Third-Party Beneficiaries.

The City and the Developer intend that this Agreement shall not benefit or create any right or cause of action in or on behalf of any third party beneficiary, or any individual or entity other than the City, the Developer or assignees of such Parties.

Section 16.10. Notice of Assignment. Developer shall not transfer any portion of the Property prior to the levy of Assessments, except as provided in Section 3.05. Subject to Section 15.03 herein, the requirements set forth below shall apply in the event that the Developer sells, assigns, transfers or otherwise conveys the Property or any part thereof and/or any of its rights, benefits or obligations under this Agreement. Developer must provide the following:

- (a) within 30 days after the effective date of any such sale, assignment, transfer, or other conveyance, the Developer must provide written notice of same to the City;
- (b) the Notice must describe the extent to which any rights or benefits under this Agreement have been sold, assigned, transferred, or otherwise conveyed;
- (c) the Notice must state the name, mailing address, and telephone contact information of the person(s) acquiring any rights or benefits as a result of any such sale, assignment, transfer, or other conveyance;
- (d) the Notice must be signed by a duly authorized person representing the Developer and a duly authorized representative of the person that will acquire any rights or benefits as a result of the sale, assignment transfer or other conveyance.

Section 16.11. No Joint Venture.

Nothing contained in this Agreement or any other agreement between the Developer and the City is intended by the Parties to create a partnership or joint venture between the Developer, on the one hand, and the City on the other hand and any implication to the contrary is hereby expressly disavowed. It is understood and agreed that this Agreement does not create a joint enterprise, nor does it appoint either Party as an agent of the other for any purpose whatsoever.

Neither Party shall in any way assume any of the liability of the other for acts of the other or obligations of the other. Each Party shall be responsible for any and all suits, demands, costs or actions proximately resulting from its own individual acts or omissions.

Section 16.12. Estoppel Certificates. From time to time within fifteen (15) business days of a written request of the Developer or any future Developer, and upon the payment of a \$100.00 fee to the City, the City Manager, or his/her designee is authorized, in his official capacity and to his reasonable knowledge and belief, to execute a written estoppel certificate in form approved by the City Attorney, identifying any obligations of a Developer under this Agreement that are in default. No other representations in the Estoppel shall be made by the City.

Section 16.13. Independence of Action.

It is understood and agreed by and among the Parties that in the design, construction and development of the Public Improvements and any of the related improvements described herein, and in the Parties' satisfaction of the terms and conditions of this Agreement, that each Party is acting independently, and the City assumes no responsibility or liability to any third parties in connection to the Developer's obligations hereunder.

Section 16.14. Limited Recourse.

No officer, director, employee, agent, attorney or representative of the Developer shall be deemed to be a Party to this Agreement or shall be liable for any of the contractual obligations created hereunder. No elected official of the City and no agent, attorney or representative of the City shall be deemed to be a Party to this Agreement or shall be liable for any of the contractual obligations created hereunder.

Section 16.15. Exhibits.

All exhibits to this Agreement are incorporated herein by reference for all purposes wherever reference is made to the same.

Section 16.16. No Consent to Third Party Financing.

The City does not and shall not consent to nor participate in any way in any third-party financing based upon the Developer's assignment of its right to receive funds pursuant to this Agreement or any Reimbursement Agreement.

Section 16.17. Survival of Covenants.

Any of the representations, warranties, covenants, and obligations of the Parties, as well as any rights and benefits of the Parties, pertaining to a period of time following the termination of this Agreement shall survive termination.

Section 16.18. No Acceleration.

All amounts due pursuant to this Agreement and any remedies under this Agreement are not subject to acceleration.

Section 16.19. Conditions Precedent.

This Agreement is expressly subject to, and the obligations of the Parties are conditioned upon the City levy of the Assessments or approval of a Reimbursement Agreement.

Section 16.20. No Reduction of Assessments.

Following the issuance of each series of PID Bonds, the Developer agrees not to take any action or actions to reduce the total amount of the Assessments levied in payment of such PID Bonds.

Section 16.21. Recording Fees.

Any fees associated with the recording of documents in the real property records of Harris County in order to give initial notice of the Assessments or made pursuant to the Act, shall be paid by the Developer. Ongoing recording in the real property records of Harris County of updates to the Service and Assessment Plan shall be paid as an administrative expense of the PID.

Section 16.22. Governing Law.

The Agreement shall be governed by the laws of the State of Texas without regard to any choice of law rules; and venue for any action concerning this Agreement and the Reimbursement Agreement shall be in the State District Court of Harris County, Texas. The Parties agree to submit to the personal and subject matter jurisdiction of said court.

Section 16.23. Anti-Boycott Verification.

The Developer hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott Israel and, to the extent this Agreement is a contract for goods or services, will not boycott Israel during the term of this Agreement. The foregoing verification is made solely to comply with Section 2271.002, Texas Government Code, and to the extent such Section does not contravene applicable Federal law. As used in the foregoing verification, 'boycott Israel' means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes. The Developer understands 'affiliate' to mean an entity that controls, is controlled by, or is under common control with the Developer and exists to make a profit.

Section 16.24. Iran, Sudan and Foreign Terrorist Organizations

The Developer represents that neither it nor any of its parent company, wholly- or majority-owned subsidiaries, and other affiliates is a company identified on a list prepared and maintained by the Texas Comptroller of Public Accounts under Section 2252.153 or Section 2270.0201, Texas Government Code, and posted on any of the following pages of such officer's internet website: <https://comptroller.texas.gov/purchasing/docs/sudan-list.pdf>, <https://comptroller.texas.gov/purchasing/docs/iran-list.pdf>, or <https://comptroller.texas.gov/purchasing/docs/fto-list.pdf>. The foregoing representation is made solely to comply with Section 2252.152, Texas Government Code, and to the extent such Section does not

contravene applicable Federal law and excludes the Developer and each of its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, that the United States government has affirmatively declared to be excluded from its federal sanctions regime relating to Sudan or Iran or any federal sanctions regime relating to a foreign terrorist organization. The Developer understands “affiliate” to mean any entity that controls, is controlled by, or is under common control with the Developer and exists to make a profit.

Section 16.25. Petroleum.

To the extent this Agreement constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 13 in the 87th Texas Legislature, Regular Session), Texas Government Code, as amended, the Developer hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not boycott energy companies and will not boycott energy companies during the term of this Agreement. The foregoing verification is made solely to enable the Issuer to comply with such Section and to the extent such Section does not contravene applicable Texas or federal law. As used in the foregoing verification, “boycott energy companies” shall mean, without an ordinary business purpose, refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations with a company because the company (A) engages in the exploration, production, utilization, transportation, sale, or manufacturing of fossil fuel-based energy and does not commit or pledge to meet environmental standards beyond applicable federal and state law; or (B) does business with a company described by (A) above. The Developer understands “affiliate” to mean an entity that controls, is controlled by, or is under common control with the Developer within the meaning of SEC Rule 133(f), 17 C.F.R. §230.133(f), and exists to make a profit.

Section 16.26. Firearms.

To the extent this Agreement constitutes a contract for goods or services for which a written verification is required under Section 2274.002 (as added by Senate Bill 19 in the 87th Texas Legislature, Regular Session), Texas Government Code, as amended, the Developer hereby verifies that it and its parent company, wholly- or majority-owned subsidiaries, and other affiliates, if any, do not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate during the term of this Agreement against a firearm entity or firearm trade association. The foregoing verification is made solely to enable the Issuer to comply with such Section and to the extent such Section does not contravene applicable Texas or federal law. As used in the foregoing verification, ‘discriminate against a firearm entity or firearm trade association’ (A) means, with respect to the firearm entity or firearm trade association, to (i) refuse to engage in the trade of any goods or services with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association, (ii) refrain from continuing an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association, or (iii) terminate an existing business relationship with the firearm entity or firearm trade association based solely on its status as a firearm entity or firearm trade association and (B) does not include (i) the established policies of a merchant, retail seller, or platform that restrict or prohibit the listing or selling of ammunition, firearms, or firearm accessories and (ii) a company’s

refusal to engage in the trade of any goods or services, decision to refrain from continuing an existing business relationship, or decision to terminate an existing business relationship (aa) to comply with federal, state, or local law, policy, or regulations or a directive by a regulatory agency or (bb) for any traditional business reason that is specific to the customer or potential customer and not based solely on an entity's or association's status as a firearm entity or firearm trade association. As used in the foregoing verification, (b) 'firearm entity' means a manufacturer, distributor, wholesaler, supplier, or retailer of firearms (i.e., weapons that expel projectiles by the action of explosive or expanding gases), firearm accessories (i.e., devices specifically designed or adapted to enable an individual to wear, carry, store, or mount a firearm on the individual or on a conveyance and items used in conjunction with or mounted on a firearm that are not essential to the basic function of the firearm, including detachable firearm magazines), or ammunition (i.e., a loaded cartridge case, primer, bullet, or propellant powder with or without a projectile) or a sport shooting range (as defined by Section 250.001, Texas Local Government Code), and (c) 'firearm trade association' means a person, corporation, unincorporated association, federation, business league, or business organization that (i) is not organized or operated for profit (and none of the net earnings of which inures to the benefit of any private shareholder or individual), (ii) has two or more firearm entities as members, and (iii) is exempt from federal income taxation under Section 501(a), Internal Revenue Code of 1986, as an organization described by Section 501(c) of that code. The Developer understands "affiliate" to mean an entity that controls, is controlled by, or is under common control with the Developer within the meaning of SEC Rule 133(f), 17 C.F.R. §230.133(f), and exists to make a profit.

Section 16.27. Conflict.

In the event of any conflict between this Agreement and any Indenture authorizing the PID Bond, the Indenture controls. In the event of any conflict between this Agreement and the Reimbursement Agreement, the Reimbursement Agreement shall control, except that in all cases, Applicable Law shall control.

These recommendations and standards are meant to foster a sense of design continuity that will deliver the desired aesthetic of the planned residential development. The follow architectural criteria are intended to make the home builder and building designer aware of the architectural context, not to inhibit or limit unique design.

1) Building façade criteria and features:

- a) Each residence must present an exterior design within the classification of “Modern Farmhouse” or “Craftsman” design.
- b) Combined exterior materials and colors must vary from those within 4 residences of the subject. Crossing the street will count as one residence.
- c) Primary brick material may not be repeated within 4 residences
- d) A variation of garage entries and garage sizes is expected as a general method of breaking up the street scene for the subdivision. This will include front loading 2 and 3 car garages as well as “J-Swing” garage entries.

2) Building façade finishes and materials:

- a) Each residence must include the following materials in varied methods of use.
- b) Brick and/or Stone

e. Landscape/Buffer Regulations

f. Amenities

Amenities will be designed and built to complement the overall concept of the community with a similar use of materials and design concepts related to the home design requirements for the subdivision. When completed, the combination of the architectural design of the Amenities, the consistent branding of each area and the complimentary design of the commercial section of the community will complete a destination environment combining a modern design with a nod to the history of Tomball.

The following amenities are required as shown on Exhibit A.

- 1) Wet amenity detention pond with fountains
- 2) Designated walking trails around amenity ponds (w/ workout equipment)
- 3) Playground structure
- 4) Fishing Dock
- 5) Shade structure
- 6) Up to two (2) monument signs within platted area
- 7) Two (2) Pickle ball courts with fence and seating.

## **EXHIBIT B**

### **Landscaping Guidelines**

Just as all structures built throughout Graylou Grove from commercial to residences to amenity structures will be required to include design elements consistent with one another, landscaping in all of these areas will be expected to create a consistent and beautiful vegetation concept throughout the development.

A focus will be made on trees, plants and flowers which are native to the area and the State of Texas in general. Trees planted will be Oaks, implementation of plants will have a focus on evergreen selections and color will be provided by plants and flowers which do well in the environment and seasonal use of their intent.

All areas landscaped as part of the development will remain on an ongoing maintenance plan including irrigation and landscaping maintenance workers who will perform work on a regular basis.

#### **Treelines:**

Areas designated as treelines will be completed with selected Oaks of 6” in diameter or greater.

#### **Common Areas:**

Common areas in the development will include areas around signage, inside medians of Medical Complex, and throughout the amenity area at east end of the community.

These areas will require coverage by landscaping. Medians will be presented with a combination of mulch, St Augustine Grass, Evergreen plants and seasonal plants and flowers. These areas will be maintained through irrigation and ongoing care through landscaping professionals.

Areas immediately surrounding amenities or signage will be maintained with a combination of St. Augustine grass, mulch, evergreen plants and seasonal color.

Smaller, more detailed areas that require grass will be completed with the laying of sod while larger open areas will be completed through the use of grass seed.

**Residential Requirements:**

In order to be considered complete per community guidelines, each residence must include at least one 3.5 caliper tree of Oak or other approve tree, a fully sodded and irrigated front yard (to front corner of home at a minimum) and a landscaping area which must be a minimum of 5' x 20' in size.
