

City Council Agenda Item Data Sheet

Meeting Date: November 6, 2023

Topic:

Discussion and possible action regarding the appointment of focus group members for the City of Tomball Comprehensive Plan Update.

Background:

As the City is preparing to update the Comprehensive Plan, it is important that our community is well represented in this effort, so we are looking to put together a focus group to serve as an advisory committee to guide the project team throughout the comprehensive plan update process. The focus group should include informed residents, landowners, and business owners who have an interest in the long-term growth and development of the city. The primary roles of the group include providing knowledge of the area, reviewing key components of the plan in detail, identifying issues and opportunities, and serving as ambassadors of the plan. As ambassadors, they will promote public meetings, online surveys, and other activities designed to engage and involve the community in the development of the plan. They will also help shape the content of the plan, build consensus around key issues and recommendations, and lend their expertise and unique perspective about Tomball.

Origination: Community Development Department

Recommendation:

The following list identifies individuals that were contacted and agreed to participate in the City of Tomball Comprehensive Plan Update Focus Group. This list is being presented to City Council for discussion and consideration.
