Tiffiani Wooten, CEcD
Assistant Director
Tomball Economic Development Corporation

Dear Tiffiani,

I'm excited to share my plans for Sassy Whiskers Cat Café, a one-of-a-kind gathering spot coming soon to Tomball. Sassy Whiskers Cat Cafe will blend two simple joys (great coffee, snacks, and the comfort of cats) into a cozy, welcoming space designed to make people smile, unwind, and connect.

Our mission is to create a warm, welcoming environment that fosters both human connection and animal compassion. Sassy Whiskers Cat Cafe will serve locally roasted coffee, pastries from nearby bakeries, and offer guests the opportunity to meet and adopt cats in need of loving homes. By partnering with area rescue organizations, we aim to increase local pet adoptions and promote responsible pet ownership throughout the community.

Beyond the cat lounge, we plan to host events that bring people together like "Caturday Coffee Clubs," Paint with Cats art nights, and collaborations with local artisans and small businesses. Our goal is to make Sassy Whiskers Cat Cafe a true community hub that celebrates kindness, creativity, and connection.

As a small, locally owned start-up, I am seeking the Rental Incentive Grant to help with the early costs of transforming our space into a safe and inviting environment for both people and cats. These funds will go toward specialized enclosures, HVAC improvements for animal safety, and building a comfortable seating area that encourages guests to stay, relax, and return.

Thank you for your time, and for supporting small businesses that bring heart and creativity to Tomball. I would love the opportunity to share more about our plans and how Sassy Whiskers Cat Cafe will be "purr"fect for downtown.

Warm regards,

Heather Pollack
Owner
