BACKGROUND

The subject property has been within the city limits since 1960 (Ordinance#1960-01) and has remained vacant since that time. The property was rezoned from Commercial to Planned Development District #8 in 2014 (Ordinance #2014-39). This planned development was intended to promote a mixed-use development that would include multi-family apartments along with commercial land uses along the State Highway 249 frontage road and Holderrieth Road. Although this planned development was adopted by ordinance the site has remained undeveloped. The applicant is requesting to rezone the property back to its original Commercial zoning classification to allow the construction of a large retail store on the subject property.

ANALYSIS

The subject property is approximately 25.87 acres, located at the northeast corner of the intersection of Holderrieth Road and State Highway 249. Property north and northeast of the subject site is located within Planned Development District #14. In June of 2022, the City of Tomball Planning & Zoning Commission approved the Final Plat of Wood Leaf Reserve, Section 2, a subdivision comprised of single-family detached homes within this segment of Planned Development #14. East of the subject property is vacant land that is within a Commercial zoning district. West of the subject site are properties that are located within Commercial zoning and are occupied by retail and office land uses. Southeast of the site is a property that is within Planned Development #8, which is occupied by buildings that predate this Planned Development; the site is occupied by a martial arts facility. South of the subject property on the south side of Holderrieth Road is vacant land that is outside the limits of the City of Tomball.

Comprehensive Plan Recommendation:

The Future Land Use Map within the Comprehensive Plan designates the subject property as “Corridor Commercial.” According to the Comprehensive Plan, this Corridor Commercial land use category is intended for predominantly nonresidential uses along high-traffic, regionally serving thoroughfares. This land use category typically is comprised of varying lot sizes and intensities predominately serving the automobile. While these areas will likely always be auto-oriented, there is opportunity to improve bicycle/pedestrian accommodations.

The Comprehensive Plan identifies regional commercial, personal service offices, multi-family, retail, entertainment, dining, hotels, and brew pub/distilleries to be appropriate land uses within the Corridor Commercial land use.

According to the Comprehensive Plan, Office, General Retail, Commercial, Mixed Use, Multi-Family, and Planned Developments are considered appropriate zoning districts within the Corridor Commercial land use category.

In making decisions regarding the neighborhood commercial land use category the following items should be considered: “Development should gain primary access from an arterial street. Pedestrian enhancements should be a focus with comfort and safety taking priority. New development should include improved standards for building form and architecture, buffering, landscaping, and signage.”

Staff Review Comments:

The request to rezone the subject property to Commercial is in accordance with the Corridor Commercial land use identified on the Future Land Use Map. According to the Comprehensive Plan this land use category is intended for nonresidential uses along high-traffic, regionally serving thoroughfares. Further, the City of Tomball Code of Ordinance states that convenient access to major thoroughfares is a primary consideration for Commercial zoning districts. The subject site is located at the intersection of Medical Complex Drive (minor arterial) and State Highway 249 (expressway). Commercial land uses are often located at intersections such as this because they provide convenient access and exposure to higher volumes of traffic. Lastly, this change in zoning may promote the Comprehensive Plans goal of promoting development that creates complimentary relationships between differing land uses. According to the Comprehensive Plan, locating commercial services within and near existing and proposed neighborhoods has the potential to be mutually beneficial.

PUBLIC COMMENT

A Notice of Public Hearing was published in the paper and property owners within 200 feet of the project site were mailed notification of this proposal on July 25, 2022. Any public comment forms will be provided in the Planning & Zoning Commission and City Council packets or during the public hearing.

STAFF RECOMMENDATION:

Based on the findings outlined in the analysis section of this staff report, the City staff recommends approval of Zoning Case P22-226.

- Completed application form

It shall be the applicant's responsibility to provide evidence of proof that all taxes, fees, etc., have been paid, or that other arrangements satisfactory to the City have been made for payment of said taxes, fees, etc.)

Application Process

1. The official filing date is the date the application and fee are received by the City.
2. The City will review the application for completeness and will notify the applicant in writing within 10 days if the application is deemed incomplete.
3. Property owners within two-hundred (200) feet of the project site will be notified by letter within 10 calendar days prior to the public hearing date and legal notice will appear in the official newspaper of the City before the eighth calendar day prior to the date of the hearing.
4. A public hearing will be held by the Planning and Zoning Commission at 6:00 p.m. in the City Council chambers, unless otherwise noted. The Planning and Zoning Commission meetings are scheduled on the second Monday of the month. The staff will review the request with the Commission and after staff presentations the chair will open the public hearing. The applicant will have ten (10) minutes to present the request. The chair will then allow those present in favor of the request and those in opposition to the request to speak. The Commission may then ask staff or anyone present additional questions, after which the Commission may close or table the public hearing. The Commission may then vote to recommend approval or denial to the City Council. The Commission may also table the request to a future date before a recommendation is sent to the City Council.
5. A second public hearing will be scheduled before the City Council after fifteen (15) days of legal notice. The Council meetings are held on the first (1st) and third (3rd) Mondays of the month at 6:00 p.m. in the City Council chambers (401 Market Street, Tomball, Texas, 77375).

In the event that there has been a petition filed with the City Secretary with twenty percent (20%) of the adjoining property owners in opposition to the subject zoning request, it will require a three fourths (3/4) vote of the full Council to approve the request. Upon approval of the request by the City Council, an amended ordinance shall be prepared and adopted. The ordinance shall have two separate readings and will be effective at such time that it is adopted by City Council and signed by the Mayor and attested by the City Secretary.

FAILURE TO APPEAR: It is the applicant/property owner's responsibility to attend all Planning and Zoning Commission and City Council meetings regarding their case. Failure of the applicant or his/her authorized representative to appear before the Planning and Zoning Commission or the City Council for more than one (1) hearing without approved delay by the City Manager, or his/her designee, may constitute sufficient grounds for the Planning and Zoning Commission or the City Council to table or deny the application unless the City Manager or his/her designee is notified in writing by the applicant at least seventy-two (72) hours prior to the hearing. If the agenda item is tabled the Planning and Zoning Commission shall specify a specific date at which it will be reconsidered.
