
International Building Codes (IBC) 2021 Edition Update

Purpose of building codes

- Promotes higher quality construction
 - Reduces potential hazards
 - Provides higher safety standards for the public and first responders
- Protects investments
- Promotes energy conservation/lower utility bills

Why update codes?

- Updated technology and methods
- ISO Building Code Effectiveness Grading Schedule
 - Scores municipalities on codes (loss risks) and provides them to insurance providers, can affect insurance premiums
 - Municipalities with effective, well-enforced codes should demonstrate lower losses and lower insurance rates
- Industry standard
 - Streamlines permitting process
 - Many nearby communities are on newer codes
