

City Council Meeting

Agenda Item

Data Sheet

Meeting Date: February 2, 2026

Topic:

Approve a Professional Services Agreement Addendum with AIG Technical Services, LLC for Project Number 2025-10015, M121W Channel Segment C, for a total addendum amount of \$75,900 (contract total not-to-exceed \$150,885), approve the expenditure of funds therefor, and authorize the City Manager to execute any and all documents related to the purchases. This expenditure is included in the adopted Fiscal Year 2026-2031 Capital Improvement Projects Plan and is included in the Fiscal Year 2025-2026 Capital Improvement Budget.

Background:

The M121W Channel Segment C project was included in the Drainage Master Plan as a proposed project for drainage improvements along M121W Channel Segment C. The project limits begin north of Medical Complex within the existing M121 channel and continue north approximately 2,000 feet to the confluence with M121 and Hardin Ditch (Hardin Street right-of-way) and include reconstructing the channel reach at ultimate depth to provide outfall depth for upstream improvements.

The City entered into a professional services agreement with AIG Technical Services to complete the surveying, environmental assessment, design, bidding, construction management, material testing, and other required services, for a not-to-exceed amount of \$74,985.

As design has progressed, it has been determined that professional engineering and surveying services to include boundary survey, topographical survey, and subsurface utility engineering, is required.

The project was identified from the Drainage Master Plan as a high priority project to alleviate flood as was added to the Fiscal Year 2024-2025 Capital Improvement Budget, and adopted Capital Improvement Plan, to be paid from drainage impact fees that are required to be used within ten years of collection per Chapter 395 of Texas Local Government Code.
