

March 1, 2024

Kelly Violette

Executive Director

Tomball Economic Development Corporation

Good morning,

Delayed opening due to bad weather has extended our opening date. The Oven manufacturer was impeding the progress, due to part delays and shipping delays. This caused revenue loss that would have impacted our local economy.

Sylvia's Wood Fire Pizza, will be a one of a kind establishment that Tomball's community and surrounding areas are already talking about. Our business will attract a new crowd, which will impact the small businesses around Tomball. We will be providing employment for around 30 individuals.

We are also putting a focus on local artists, young and up and coming entrepreneur's that will have a pivotal role in our restaurant. This will also help with highlighting the amazing people and businesses in the Greater Tomball area. We greatly appreciate your consideration.

With regards,

A handwritten signature in black ink, appearing to read 'Bruce Kissinger', with a long horizontal flourish extending to the right.

Bruce Kissinger
