		process)	
East	Light Industrial (LI)	Vacant land	
West	Single-Family – 20 Estate Residential (SF-20-E)	Single-family residences	

BACKGROUND

The subject property has been within the City of Tomball's SF-20-E zoning district since the adoption of zoning in February 2008. The property currently has a single-family detached residence on site with two detached garages and four agricultural buildings. Recent rezonings in the area include the following:

- In September 2023, the property directly to the south successfully rezoned into the Light Industrial District.
- In October 2024, the property directly to the east successfully rezoned into the Light Industrial District.
- In December 2024, the second property directly to the east successfully rezoned into the Light Industrial District.

ANALYSIS

Comprehensive Plan Analysis: The property is designated as "Business Park and Industrial" by the Comprehensive Plan's Future Land Use Map. The Business Park and Industrial designation is intended to be located near adequate thoroughfares which provide convenient access for vehicular traffic including freight.

According to the Comprehensive Plan, land uses should consist of offices, warehousing, light manufacturing (with indoor operations), breweries/distilleries, equipment sales, contractor services, and corporate campuses. Appropriate secondary uses include utility services, government facilities, and transportation/freight uses.

The Comprehensive Plan identifies the following zoning districts as compatible with the Business Park and Industrial designation: Light Industrial (LI), Commercial (C), and Office (O). The Comprehensive Plan also identifies the need to carefully design sites that are adjacent to residential zoning districts to include landscape buffering as well as the screening of outdoor storage and equipment from public rights-of-way.

Staff Review Comments: The request to rezone the subject property to Light Industrial (LI) is in conformance with the Future Land Use Plan. Furthermore, the subject property has frontage on South Persimmon Street which is designated as a Minor Arterial on Tomball's Major Thoroughfare Plan. Roadways such as this are designed to accommodate the volume and character of traffic that can be expected within the Light Industrial district. The approval of the requested zoning will promote a new development that is consistent with the type of development patterns and character endorsed by the Future Land Use Plan for this area.

PUBLIC COMMENT

A Notice of Public Hearing was published in the paper and property owners within 300 feet of the project site were mailed notification of this proposal on March 31, 2025. Any public comment forms will be provided in the Planning & Zoning Commission and City Council packets or during the public hearing.

Application Process

- 1. The official filing date is the date the application and fee are received by the City.
- The City will review the application for completeness and will notify the applicant in writing within 10 days if the application is deemed incomplete.
- 3. Property owners within two-hundred (300) feet of the project site will be notified by letter within 10 calendar days prior to the public hearing date and legal notice will appear in the official newspaper of the City before the eighth calendar day prior to the date of the hearing.
- 4. A public hearing will be held by the Planning and Zoning Commission at 6:00 p.m. in the City Council chambers, unless otherwise noted. The Planning and Zoning Commission meetings are scheduled on the second Monday of the month. The staff will review the request with the Commission and after staff presentations the chair will open the public hearing. The applicant will have ten (10) minutes to present the request. The chair will then allow those present in favor of the request and those in opposition to the request to speak. The Commission may then ask staff or anyone present additional questions, after which the Commission may close or table the public hearing. The Commission may then vote to recommend approval or denial to the City Council. The Commission may also table the request to a future date before a recommendation is sent to the City Council.
- A second public hearing will be scheduled before the City Council after fifteen (15) days of legal notice. The Council meetings are held on the first (1st) and third (3st) Mondays of the month at 6:00 p.m. in the City Council chambers (401 Market Street, Tomball, Texas, 77375).
- 6. The City Council will conduct a public hearing on the request in the same manner as the Planning and Zoning Commission. In the event that there has been a petition filed with the City Secretary with twenty percent (20%) of the adjoining property owners in opposition to the subject zoning request, it will require a three fourths (3/4) vote of the full Council to approve the request. Upon approval of the request by the City Council, an amended ordinance shall be prepared and adopted. The ordinance shall have two separate readings and will be effective at such time that it is adopted by City Council and signed by the Mayor and attested by the City Secretary.

FAILURE TO APPEAR: It is the applicant/property owner's responsibility to attend all Planning and Zoning Commission and City Council meetings regarding their case. Failure of the applicant or his/her authorized representative to appear before the Planning and Zoning Commission or the City Council for more than one (1) hearing without approved delay by the City Manager, or his/her designee, may constitute sufficient grounds for the Planning and Zoning Commission or the City Council to table or deny the application unless the City Manager or his/her designee is notified in writing by the applicant at least seventy-two (72) hours prior to the hearing. If the agenda item is tabled the Planning and Zoning Commission shall specify a specific date at which it will be reconsidered.
