Planning & Zoning Commission Public Hearing Date: June 13, 2022

City Council Public Hearing Date: June 20, 2022

Rezoning Case: P22-115

Property Owner(s): Welcome Land Development, LLC and Jacquelyn Marshall

Applicant(s): Bryan Harrison

Legal Description: Portion of Tomball Outlots 163, 167, 171, 172, and 176

Location: 13000 block of Medical Complex Drive (south side), at the southwest corner of the intersection of South Cherry Street and Medical Complex Drive (Exhibit "A")

Area: 13.2 acres

Comp Plan Designation: Neighborhood Commercial (Exhibit "B")

Present Zoning and Use: Agricultural (AG) District (Exhibit "C") / Vacant (Exhibit "D")

Request: Rezone from the Agricultural District to the Commercial District

Adjacent Zoning & Land Uses:

- North:** Agricultural / Vacant
- South:** Light Industrial / Office-Warehouse
- West:** Agricultural & Commercial / Drainage Channel (M-121), Vacant
- East:** Office / Office Building

BACKGROUND

The subject properties have been located within the original Tomball Townsite since 1909. The properties have remained vacant since that time. According to information provided by the applicant, the zone change request is to allow the subject property to be developed as an office business park that will include offices, commercial uses, and warehousing facilities.

ANALYSIS

The subject property is approximately 13.2 acres, located within the 13000 block of the south side of Medical Complex Drive. In 2008, when the City of Tomball adopted zoning the Agricultural zoning classification was applied to the subject property. North of the subject property is vacant land within Agricultural zoning. West of the subject site is an existing drainage channel (M-121) and vacant tracts that are within Agricultural and Commercial zoning. East of the subject property is an office building within an Office zoning district. South of the subject property is an existing office-warehouse facility most recently occupied by Devasco International, Inc. This warehouse facility was constructed in 2007. When the city of Tomball adopted zoning in 2008, the adjacent

property was zoned Light Industrial. The requested Commercial zoning for the subject property would effectively serve as a buffer from the existing Light Industrial use.

Comprehensive Plan Recommendation:

The Future Land Use Map designates the subject property as “Neighborhood Commercial.” This Neighborhood Commercial land use category is intended for “commercial uses that are developed with the appropriate context, scale, and design to complement residential development. These areas are intended to be accessible by both vehicles and pedestrians.”

The Comprehensive Plan identifies Office, General Retail, and Planned Development as being potentially compatible zoning districts with the Neighborhood Commercial land use.

In making decisions regarding the neighborhood commercial land use category the following items should be considered: “Neighborhood commercial development should be located adjacent to an intersection of a collector street or greater functional classification.”

Staff Review Comments:

Although the requested Commercial zoning does not strictly adhere to the Neighborhood Commercial land use that is identified on the Future Land Use Map, the conditions on the ground would suggest the proposed land use category may be more appropriate. Given the existing industrial zoning/land use immediately south of the subject property and the business park industry land use that it falls within as well as the lack of residential land uses adjacent to the subject site, the Neighborhood Commercial land use does not appear appropriate at this time. Furthermore, land uses that would result from the rezoning of the subject property would be in character with the surrounding land uses. This zone change would encourage the goal of providing an appropriate transition of land use between the existing Light Industrial zoning immediately south of the subject property and the existing manufactured home residential land use north of Medical Complex Drive. Moreover, the subject site is at the intersection of two arterial streets (Medical Complex Drive and S. Cherry Street). Intersections such as this are customarily appropriate for commercial land uses as they provide convenient access and exposure often considered necessary for commercial success.

PUBLIC COMMENT

A Notice of Public Hearing was published in the paper and property owners within 200 feet of the project site were mailed notification of this proposal on May 26, 2022. Any public comment forms will be provided in the Planning & Zoning Commission and City Council packets or during the public hearing.

RECOMMENDATION

Based on the findings outlined in the analysis section of this staff report, the City staff recommends approval of Zoning Case P22-115.

Submittal Requirements

The following summary is provided for the applicant's benefit. However, fulfilling the requirements of this summary checklist does not relieve the applicant from the responsibility of meeting the regulations in the Zoning Ordinance, subdivision regulations, and other development related ordinances of the City of Tomball.

Applications must be received by the City of Tomball at least 40 calendar days prior to the City Planning and Zoning Commission hearing date.

- ☐ **Completed application form**
- ☐ ***Copy of Recorded/Final Plat**
- ☐ **Check for \$400.00 + \$10.00 per acre (Non-Refundable)** *CHECK \$ 470⁰⁰*
- ☐ **Letter stating reason for request and issues relating to request**
- ☐ **Conceptual Site Plan (if applicable)**
- ☐ **Metes & Bounds of property**
- ☐ **Payment of all indebtedness attributed to subject property must be paid with application or an arrangement in accordance with Section 50-36(a)(3) of the Code of Ordinances as cited below:**

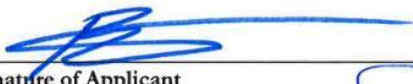

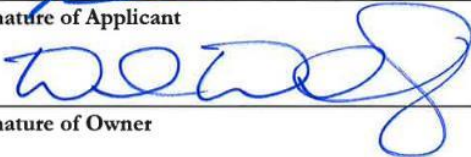

(No person who owes delinquent taxes, delinquent paving assessments, or any other fees, delinquent debts or obligations or is otherwise indebted to the City of Tomball, and which are directly attributed to a piece of property shall be allowed to submit any application for any type of rezoning, building permit, or plan review until the taxes, assessments, debts, or obligations directly attributable to said property and owed by the owner or previous owner thereof to the City of Tomball shall have been first fully discharged by payment, or until an arrangement satisfactory to the City has been made for the payment of such debts or obligations. It shall be the applicant's responsibility to provide evidence of proof that all taxes, fees, etc. have been paid, or that other arrangements satisfactory to the City have been made for payment of said taxes, fees, etc.)

The City's staff may require other information and data for specific required plans. Approval of a required plan may establish conditions for construction based upon such information.

***Legal Lot Information:** If property is not platted, a plat will be required to be filed with the Community Development Department unless evidence of a legal lot is provided. To be an unplatted legal lot, the applicant is required to demonstrate that the tract existed in the same shape and form (same metes and bounds description) as it currently is described prior to August 15, 1983, the date the City adopted a subdivision ordinance.

Please note: A courtesy notification sign will be placed on the subject property during the public hearing process and will be removed when the case has been processed.

This is to certify that the information on this form is COMPLETE, TRUE, and CORRECT and the under signed is authorized to make this application. I understand that submitting this application does not constitute approval, and incomplete applications will result in delays and possible denial.

Request for Zone Change

Medical Complex Business Park, Tomball, TX, TX

Letter of Intent

April 11, 2022

Dear Members of the Planning and Zoning Commission and City Council,

Request:

We are submitting a request to rezone the property generally located at the southwest corner of the intersection of Medical Complex Drive and South Cherry Street. (See Vicinity Map for general location). The property under consideration encompasses three tracts. The request is to rezone the property from Agricultural zoning district (AG) to Commercial zoning district (C). The purpose of the rezoning is to allow the development of the property as a business park that will include offices and commercial uses with warehousing facilities, uses that are not permitted in an AG zoning district.

Zone Change Request Summary:

TRACT	HCAD NUMBER	CURRENT	PROPOSED
1	0352860002416	AG	C
2	0352860000412	AG	C
3	0352860000172	AG	C
4	1299580010001	LI	LI

Property Description:

The intent is to develop four tracts at this location in a unified manner, three of which (Tracts 1, 2, and 3) are currently zoned Agricultural zoning district (AG) and one (Tract 4) zoned Light Industrial zoning district (LI). The northern three tracts that are included in this zone change request that are currently zoned Agricultural zoning district are vacant. The southern tract that is not part of the zone change is zoned LI and is partially developed. The tracts front on Medical Complex Drive and South Cherry Street. This segment of Medical Complex Drive was constructed as a four-lane boulevard in 2016. The city's Throughfare Map designates Medical Complex Road as a Major Arterial and South Cherry as a Minor Arterial.

The tracts will be combined in the future to enable unified development of the four tracts. In preparation for a unified development, existing pipeline will be relocated and the well will be capped on Tract 1.

The area is in transition due to the growth in the region and proposed improvements to the roadways by the City and the County. With the expansion of Huffsmith – Kohrville Road by the County and Medical Complex Drive by the City, Medical Complex Blvd. will be a heavily travelled east-west corridor between Huffsmith – Kohrville Road and Business 249, in addition to West Main Street.

Surrounding Zoning and Uses:

	Zoning District	Uses
East	SF 20 -E - Single Family Estate, and O Office	South Cherry Street, office, and single family residential east of South Cherry Street
West	AG	Drainage channel (buffer), vacant
North	AG	Medical Complex Drive and vacant land.
South	LI	Industrial

Zoning:

Current Zoning – The property is zoned AG zoning district currently. Low density uses such as farming, ranching, and other similar agricultural uses and large single family lots are considered appropriate for the AG zoning district. This zoning is also appropriate for newly annexed land as a temporary holding zone until permanent zoning is approved. The AG zoning district is also appropriate for areas where utilities or city services are not readily available.

Proposed Zoning – C zoning district is intended for office, retail, commercial and service-related establishments, and some light manufacturing uses subject to certain conditions. The uses envisioned for the C Commercial zoning district will typically utilize smaller sites and have operation characteristics which are generally not compatible with residential uses and some nonresidential uses. C zoning district is generally intended for sites that have access to thoroughfares and collector streets.

Thoroughfare Designation:

The City's Thoroughfare Map designates Medical Complex Road as a Major Arterial and South Chery as a Minor Arterial. The primary function of arterials is to provide a high degree of vehicular mobility through effective street design. Generally, the higher the classification of a street (Major Arterial being the highest), the greater the volumes, length of trips and the fewer

the access points. Arterials typically connect activity centers within the city to interstate and other regional roads.

Comprehensive Plan Future Land Use Map (FLUP) Recommendations:

The FLUP recommends Neighborhood Commercial (NC) future land use category for the area. This land use category is considered compatible to residential use and encourages commercial uses to be developed with the appropriate context, scale and design to compliment residential development. These areas are intended to be accessible by both vehicles and pedestrians. The requested C zoning district is not considered to be a suitable zoning district for the NC future land use category, and O: Office, GR: General Retail, PD: Planned Development are considered more appropriate.

The Comprehensive Plan also states that the Future Land Use Plan... "however, is also intended to be a guide and is subject to modification over time-based upon new or changing information and circumstances."

With the development of Medical Complex Blvd. as a Major Arterial, the location of the parcel adjacent to industrial zoning districts, and lack of any residential areas immediately adjacent to the parcel that would encourage walkable environments, the designation of Neighborhood Commercial (NC) category does not appear to be appropriate for this location.

The designation of Corridor Commercial is more appropriate for this parcel as it meets the intent as stated in the Comprehensive Plan – "...intended for predominantly nonresidential uses along high-traffic, regionally serving thoroughfares. The land uses are typically comprised of varying lot sizes and intensities predominantly serving the automobile. While these areas will always be auto-oriented, there is opportunity to improve bicycle/pedestrian accommodations and to create a pleasing environment which leaves a lasting impression on residents and passers-by."

The designation of Corridor Commercial future land use category would encourage the most economic and functional use of this highly accessible corner located at the intersection of two arterials. It would also provide an appropriate transition between the Business Park and Industrial future land use category to the south and the Medical Center Drive to the north.

The Comprehensive Plan considers C zoning district as being compatible with the Corridor Commercial future land use category. Due to lack of any residential uses around, the uses permitted in the C zoning district would not have an adverse impact on the surroundings.

Summary:

In summary, we believe that the requested zone change would be appropriate for the following reasons:

1. Due to its location at the intersection of a Major Arterial and Minor Arterial street and ease of vehicular access, the parcel is suitable for more intense developments than those envisioned in the Neighborhood Commercial(NC) future land use category .
2. The current Neighborhood Commercial land use category designation is considered appropriate for uses that provide services to surrounding residential, that people can walk or bike to. Due to lack of residential neighborhoods immediately abutting the parcels and separation of neighborhoods in the vicinity by two arterials, Neighborhood Commercial land use category designation is not appropriate for this parcel. Corridor Commercial land use category designation is better suited.
3. The character of this area is undergoing transition due to the proposed improvements to the roadways by the City and the County (Huffsmith – Kohrville Road). Medical Complex Blvd. will be a heavily travelled east-west corridor between Huffsmith – Kohrville Road and Business 249 and will not be conducive for neighborhood commercial development. The uses permitted in a C zone will be better suited to this site.
4. The rezoning to C zoning district would be in conformance with the Comprehensive Plan that states that the C zoning district is generally intended for sites that have access to thoroughfares and collector streets.
5. The current zoning of AG is appropriate for newly annexed land as a temporary holding zone until permanent zoning is approved. The AG zoning district is also considered appropriate for areas where utilities or city services are not readily available. With adequate utilities and infrastructure available to the parcel, the requested C zone will provide an opportunity for maximum utilization of the parcel. The designation of C zone would encourage the most economic and functional use of this highly accessible corner located at the intersection of two arterials.
6. The rezoning will not have any adverse impact on surrounding uses since the abutting parcels do not contain any single family residential or similar uses. The rezoning will provide an appropriate buffer between the industrial zoning to the south and the Medical Center Drive to the north.
