

City Council Meeting

Agenda Item

Data Sheet

Meeting Date: May 6, 2024

Topic:

Conduct Public Hearing of the City Council of the City of Tomball to consider the adoption of the Water Conservation and Drought Contingency Plan.

Background:

Texas Water Code mandates that all public utilities that provide potable water service to 3,300 or more connections have and submit a Water Conservation and Drought Contingency Plan. Additionally, the Texas Commission on Environmental Quality (TCEQ) requires that municipalities adopt a Water Conservation and Drought Contingency Plan (Plan) and that the Plan be reviewed and re-adopted every five years to coincide with the Regional Water Planning Cycle. The City completed the last update to the Plan in 2019 and are now required to complete the five year review and adoption.

As part of the formal adoption process for the Plan, the City must conduct a single public hearing to allow for public involvement and providing the opportunity for input into the preparation of the Plan.

Origination: Project Management

Recommendation:

Conduct public hearing to consider the adoption of the Water Conservation and Drought Contingency Plan.

Party(ies) responsible for placing this item on agenda: Meagan Mageo, Project Manager
