

City Council Agenda Item Data Sheet

Meeting Date: 07/03/2023

Topic:

Adopt, on Second Reading, Ordinance No. 2023-11, an Ordinance of the City of Tomball, Texas, amending Chapter 50 (Zoning) of the Tomball Code of Ordinances by rezoning approximately 5 acre of land legally described as being all of Lot 265 in Tomball Townsite from Agricultural (AG) to Light Industrial (LI) zoning. The property is generally located within the 900-1000 blocks (west side) of S. Pitchford Road, within the City of Tomball, Harris County, Texas; providing for severability; providing for a penalty of an amount not to exceed \$2,000 for each day of violation of any provision hereof, making findings of fact; and providing for other related matters.

Background:

The subject property has been within the City Limits of Tomball since at least 1907. The property has remained vacant since that time. The applicants are requesting to rezone the subject property to Light Industrial in conjunction with a separate request for a Conditional Use Permit to allow an “Electric Storage System” land use. There has been a lot of interest in the development of an “Electric Storage System” within the City of Tomball, particularly the development of such a facility near the existing CenterPoint Energy substation located in the 900 block of S. Pitchford Road. This interest has led to the City Council adopting amendments to the City of Tomball Code of Ordinance earlier this year (Ordinance No. 2023-03). This ordinance created the “Electric Storage System” land use, which also provided a definition to the land use and specified that such uses shall only be permitted within the Light Industrial zoning district with the approval of a Conditional Use Permit. City staff met with the applicants on a few occasions over the past several months to discuss the potential for their development. During these meetings staff expressed the concerns discussed by the City Council which were brought up during separate meetings with a different company interested in a similar development located in the same general vicinity. Specifically, staff shared City Councils concerns regarding the safety of locating such facilities in such close proximity to Old Town Tomball and the nearby existing residences.
