Title: **CEVAT Scope**

---

**Recommended Action:** That the River Revitalization Steering Committee participate in a facilitated discussion regarding the continued scope of the Community Economic Vitality Action Team.

**Discussion:**

The Community Economic Vitality Action Team (CEVAT) is a Brown Act subcommittee of the R2SC, consisting of both R2SC members and members of the public.

Successes of the CEVAT include:

- Economic analysis conducted by BAE Urban Economics of the current status and interests of property and business owners.
- Lead the Catalyst Project RFI process

Proposed continued scope of the CEVAT includes:

- Summarizing barriers and recommendations to address barriers

The R2SC will be asked to Identify/discuss if there are other CEVAT scope items to ensure the overall R2SC goals are met.
