River Revitiazation Steering Committee

Author and title: Carissa Binkley, Economic Vitality Program Analyst & Stephanie Grigsby, Principal Design Workshop

Title: **Envisioned Uses**

---

**Recommended Action:**

That the River Revitalization Steering Committee receive a presentation from Design Workshop on examples of mixed use developments, adaptive reuse and how other areas have started through catalyst projects and participate in a facilitated discussion.

**Overview:**

Design Workshop will present an overview of mixed use developments, adaptive reuse and how other areas have started through catalyst projects followed by a facilitated discussion. Discussion topics may include:

- What examples are appealing to you?
- What elements can advance the vision for this part of the River Corridor?
- What elements should be considered as part of potential catalyst projects?
