Subject: Town of Truckee Application for Caltrans Sustainable Communities Grant Program

Ms. Callaway:

With this letter, the Truckee Town Council is providing our complete support for the Town's application to the Caltrans Sustainable Communities Grant Program to develop an Active Transportation Plan, including updates to the Truckee Trails and Bikeways Master Plan.

The Town of Truckee is a community that has long advocated for and continuously supports an ever-growing active transportation network of trails, bikeways, and walkways that creates recreation and transportation opportunities within Truckee and the surrounding area. The Town's recently adopted 2040 General Plan places a heavy emphasis on alternative transportation to address both existing and future transportation needs and demand.

The development of the Active Transportation Plan will enhance local and regional active transportation connectivity and safety, as well as identify and prioritize future improvements. This plan will serve as a guide for continued development, with a focus on filling in gaps in the existing trail system and better connecting neighborhoods to Downtown and other activity centers without the reliance on personal automobiles.

Sincerely,

Jan Zabriskie, Mayor
Town of Truckee
