(1) A fee, based on the Nevada County Department of Environmental Health (NCEHD) hourly rate, will be charged if the application needs to be reviewed by the NCEHD. The fee is a deposit for one hour of review time by the NCEHD. An applicant may be charged directly by Nevada County for additional fees if the project requires more than one hour of review time. The NCEHD hourly rate is currently **\$238.20** and may be adjusted by NCEHD mid-year.

(2) The fee will be charged if a zoning clearance application is submitted prior to the submittal of the building permit application or if no building permit is required for the proposed land use.

(3) The Fish and Wildlife administration fee is charged to applications with set fee for which a Negative Declaration or Environmental Impact Report is adopted. Applications with deposits are to be charged at the hourly rate for administration of the Fish and Wildlife Fee. The applicant is responsible for paying the Fish and Wildlife and County Clerk fees. Fees are subject to change on January 1 of each year.

Fish and Wildlife Fees (subject to change)

Statutorily or categorically exempt from California Environmental Quality Act
For project for which a (mitigated) negative declaration is prepared
For projects for which an Environmental Impact Report (EIR) is prepared
For projects subject to a certified regulatory program pursuant to CEQA Section
County Clerk Processing Fee

Effective Jan 1, 2026

No Fee
\$3,043.75
\$4,227.50
\$1,437.25
\$50.00

(4) Invoices issued for balances due on Planning Division deposit projects are due within 30 days. If an invoice is not paid within 90 days following the invoice date, an administrative fee of 30% of the invoice amount will be charged to cover collections costs and the invoice will be sent to collections.

(5) Regular mailing fees include the current cost of postage (currently \$0.78), color document printing (currently \$0.15 per page), and an additional \$0.10 per envelope. Postcard mailing fees include the current cost of postage plus the cost of color document printing (currently \$0.15 per page). Postage costs are subject to increases by the USPS.

(6) The Community Development Director shall determine the deposit amount for an Administrative Review application based on an estimate of the anticipated costs to process the application, including hourly staff time, Town Surveyor review costs, and outside agency review costs.

**Community Development Department
Planning Division
Fee Schedule for Land Use/Zoning Applications
Proposed Effective Date - November 8, 2026**

- (7) The deposit amount for a Project Amendment shall be based on the current application fee for the underlying land use entitlement. (For projects with multiple land use permits, see "Fees for Multiple Applications").

Fees for Multiple Applications

For projects with multiple land use/zoning permit applications, the fees will be charged as follows:

- (a) For projects with two or more applications with deposit fees, the highest deposit for the individual applications will be collected, and the project will be charged at the allocated staff hourly rate (**\$200 per hour**). For example, the deposit fee for a project with a lot line adjustment and a historic variance will be **\$3,000**.
- (b) For projects with an application(s) with a set fee and an application(s) with a deposit fee, the entire project (including work done for the application with the set fee) will be charged at the allocated staff hourly rate. The highest deposit fee of the individual applications will be collected.
- (c) For projects with two or more applications with set fees, the highest set fee for an application and 50% of the fee for the other applications will be collected. For example, the fee for a project with a minor historic design review and a temporary sign permit will be **\$466.50** (\$339 fee for the minor historic design review plus 50% of the **\$255** fee for the temporary sign permit, **\$127.50**).

Miscellaneous

- (a) Charges that will be applied to the deposit include planning staff hourly rate (**\$200 per hour**), engineering staff hourly rate (**\$216 per hour**), building staff hourly rate (**\$220 per hour**), town surveyor actual costs, consultant actual costs, newspaper publication costs, and other direct costs charged to the Town for the processing of the application.
- (b) The Community Development Director may reduce the application deposit at time of application submittal if the Director finds that the estimated hours and costs to process the application are substantially less than the deposit. The applicant will still be responsible for all actual costs to process the application. Also, an additional deposit may be required from the applicant after the application is submitted if over 75% of the deposit is expended prior to completion of the application.
