With this Fourth Annual Report, 20 projects are built and 14 more are underway in every corner of the City. This report highlights the completion of the Garden Corner Curves signature project and four of the Neighborhood Traffic Safety Program projects selected in 2020. It also introduces the five new Neighborhood Traffic Safety Program projects that will be constructed in 2022 and 2023 as well as the Boones Ferry Corridor Sidewalk and Bike Lane Project which will also begin construction next year.
