

**TO:** Architectural Review Board

**THROUGH:** Steve Koper, AICP, Assistant Community Development Director

**FROM:** Erin Engman, Senior Planner

**DATE:** November 30, 2022

---

**SUBJECT:**

Consideration of an Architectural Review application (AR 22-0006) requesting approval of a 120,000 square foot office building development on a 58 acre campus in the Manufacturing Park (MP) zone at 11155 SW Leveton Drive. (Tax Lots: 2S122AA 00500, 00800 and 2S122AB 00100).

**RECOMMENDATION:**

Based on the analysis and findings, as well as the application materials demonstrating compliance with the applicable review criteria, staff respectfully recommends approval of the subject Architectural Review application (AR 22-0006), subject to the recommended conditions of approval in the attached written order.

**EXECUTIVE SUMMARY:**

- The subject proposal is a Type III land use case, subject to a quasi-judicial hearing before the Architectural Review Board.
- The subject site is comprised of three parcels that total 58 acres of land in the Manufacturing Park zone, located on SW Leveton Drive, west of 108<sup>th</sup> Avenue, and south of SW Tualatin Road. The land is currently occupied by Lam Research Corporation and is improved with five buildings and associated parking.
- The applicant requests approval to construct a four-story, 120,000 square foot office building, two new access drives off of SW 108<sup>th</sup>, and parking lot expansions by approximately 549 stalls. The applicant has also submitted a tree removal permit for 80 trees to construct the improvements.
- The proposed development was granted an industrial master plan through IMP 22-0001 that established appropriate building materials and colors, modified setback standards, and modified parking lot landscaping standards for the south half of the site (Exhibit D).
- There are existing City utilities that will adequately serve the site.
- Two public comments were received (Exhibit F) which inquired about the existing street trees and screening along SW Tualatin Road. The subject application is not seeking to modify any site frontage along SW Tualatin Road.

**OUTCOMES OF DECISION:**

Approval of AR 22-0006 will facilitate construction of the proposed development.

**ALTERNATIVES TO RECOMMENDATION:**

The Architectural Review Board may alternatively:

- Approve AR 22-0006 with amended conditions of approval and direct staff to provide updated Analysis and Findings;
  - Continue the hearing to a later date for further consideration; or
  - Deny AR 22-0006.
