SUBJECT:
Tualatin Moving Forward Quarterly Update

EXECUTIVE SUMMARY:

In 2018, Tualatin voters approved a \$20 million transportation bond to pay for projects that improve traffic flow, neighborhood safety, and provide safe access to schools and parks citywide. More than 25 bond-funded projects will be completed by 2023.

Each quarter, the Tualatin Moving Forward bond program team provides an update to the City Council on program developments in alignment with the agreed-upon communication goals to:

- Be fully transparent and commit to communicating at every stage;
- Continue to engage the community in projects;
- Use multiple channels to communicate with diverse audiences; and
- Demonstrate progress and build confidence with the quarterly reports, project signage, and more.

This update includes a reminder of the program's history, a preview of this year's construction plans, and the introduction of the 2021 solicitation process for the Neighborhood Traffic Safety Program.
