

COOPERATIVE IMPROVEMENT AGREEMENT
Roadway Improvements
Tualatin-Sherwood Rd: I-5 to Martinazzi Avenue

THIS AGREEMENT is made and entered into by and between the STATE OF OREGON, acting by and through its Department of Transportation, hereinafter referred to as "State" or "ODOT," and the CITY OF TUALATIN, acting by and through its elected officials, hereinafter referred to as "Agency," each herein referred to individually as a "Party" and collectively as the "Parties."

RECITALS

1. Interstate 5 is a part of the state highway system under the jurisdiction and control of the Oregon Transportation Commission (OTC). Southwest Tualatin Sherwood Road/Nyberg Street, from Southwest Martinazzi Avenue to approximately 500 feet west of the southbound I5 on-ramp, is a part of the county Road system under the jurisdiction and control of Washington County. The City is obtaining a permit from the county for the purposes of the project.
2. By the authority granted in Oregon Revised Statutes (ORS) 190.110, 366.572 and 366.576, State may enter into cooperative agreements with counties, cities and units of local governments for the performance of work on certain types of improvement projects with the allocation of costs on terms and conditions mutually agreeable to the contracting parties.
3. State, by ORS 366.220, is vested with complete jurisdiction and control over the roadways of other jurisdictions taken for state highway purposes. By the authority granted by ORS 373.020, the jurisdiction extends from curb to curb, or, if there is no regular established curb, then control extends over such portion of the right of way as may be utilized by State for highway purposes. Responsibility for and jurisdiction over all other portions of a city street remains with the Agency or other responsible agency.

NOW, THEREFORE, the premises being in general as stated in the foregoing Recitals, it is agreed by and between the Parties hereto as follows:

TERMS OF AGREEMENT

1. Agency shall perform certain roadway improvements along SW Tualatin Sherwood Road/Nyberg Street between SW Martinazzi Avenue and the southbound Interstate 5 onramp (the "Project"). Such improvements include updated signage, striping, paving, and lighting, construction of new concrete traffic separators, a retaining wall on the southwest corner of the I-5 southbound ramp, and curbs. The location of the Project is approximately as shown on the sketch map marked Exhibit A, attached hereto and by this reference made a part hereof.

2. The Project will be financed at an estimated cost of \$2,000,000 in Agency funds. The total Project cost is subject to change. Agency is responsible for all costs beyond the estimate.
3. This Agreement shall become effective on the date all required signatures are obtained and shall remain in effect for the purpose of ongoing maintenance and power responsibilities for the useful life of the facilities constructed as part of the Project. The useful life is defined as twenty (20) calendar years. The Project shall be completed within ten (10) calendar years following the date of final execution of this Agreement by both Parties.

AGENCY OBLIGATIONS

1. Agency shall upon receipt of a fully executed copy of this Agreement and upon a subsequent letter of request from State, forward to State an advance deposit or irrevocable letter of credit in the amount of \$23,000, said amount being equal to the estimated total cost for the work performed by State as further described under State Obligations. Agency agrees to make additional deposits as needed upon request from State and mutually agreed to by both State and Agency.
2. Upon completion of the Project and receipt from State of an itemized statement of the actual total cost of State's participation for the Project, Agency shall pay any amount which, when added to Agency's advance deposit, will equal 100 percent of actual total mutually agreed State costs for the Project. Any portion of said advance deposit which is in excess of the State's total costs will be refunded or released to Agency within ninety (90) days of Project closeout. Agency shall not be liable for costs exceeding \$30,000 without first receiving from State a request for additional deposit accompanied by an itemized statement of expenditures and an estimated cost to complete Project and receiving Agency's approval.
3. Agency shall be responsible for graffiti abatement on the newly constructed retaining wall.
4. Agency shall conduct the necessary field surveys, environmental studies, traffic investigations, preliminary engineering and design work required to produce and provide final plans, specifications and cost estimates for the highway Project; identify and obtain all required permits; perform all construction engineering, including all required materials testing and quality documentation; prepare all bid and contract documents; advertise for construction bid proposals; award all contracts; pay all contractor costs, provide technical inspection (other than inspections provided by State under State Obligations), project management services and other necessary functions for sole administration of the construction contract entered into for this Project.
5. Agency shall design and construct the Project in conformance with the current edition of the *ODOT Highway Design Manual* and the *Oregon Standard Specifications for Construction Manual*. Developer understands the Project shall be

designed and constructed to State standards and approved by State prior to advertisement for bid, or construction of Project by Agency.

7. Agency acknowledges and agrees that State, the Oregon Secretary of State's Office, the federal government, and their duly authorized representatives shall have access to the books, documents, papers, and records of Agency which are directly pertinent to the specific Agreement for the purpose of making audit, examination, excerpts, and transcripts for a period of six (6) years after final payment (or completion of Project -- if applicable.) Copies of applicable records shall be made available upon request. Payment for costs of copies is reimbursable by State.
8. Agency shall require its contractor(s) and subcontractor(s) that are not units of local government as defined in ORS 190.003, if any, to indemnify, defend, save and hold harmless the State of Oregon, Oregon Transportation Commission and its members, Department of Transportation and its officers, employees and agents from and against any and all claims, actions, liabilities, damages, losses, or expenses, including attorneys' fees, arising from a tort, as now or hereafter defined in ORS 30.260, caused, or alleged to be caused, in whole or in part, by the negligent or willful acts or omissions of Agency's contractor or any of the officers, agents, employees or subcontractors of the contractor ("Claims"). Any such indemnification shall also provide that neither the Agency's contractor and subcontractor nor any attorney engaged by Agency's contractor and subcontractor shall defend any claim in the name of the State of Oregon or any agency of the State of Oregon, nor purport to act as legal representative of the State of Oregon or any of its agencies, without the prior written consent of the Oregon Attorney General. The State of Oregon may, at anytime at its election assume its own defense and settlement in the event that it determines that Agency's contractor is prohibited from defending the State of Oregon, or that Agency's contractor is not adequately defending the State of Oregon's interests, or that an important governmental principle is at issue or that it is in the best interests of the State of Oregon to do so.

The State of Oregon reserves all rights to pursue claims it may have against Agency's contractor if the State of Oregon elects to assume its own defense.

10. Agency shall comply with all federal, state, and local laws, regulations, executive orders and ordinances applicable to the work under this Agreement, including, without limitation, the provisions of ORS 279C.505, 279C.515, 279C.520, 279C.530 and 279B.270 incorporated herein by reference and made a part hereof. 12. If Agency chooses to assign its contracting responsibilities to a consultant or contractor, Agency shall inform the consultant or contractor of the requirements of ORS 276.071, to ensure that the public contracting laws within ORS Chapters 279A, 279B and 279C are followed.
13. Agency or its contractor shall follow the Oregon Locate Laws (ORS 757 and OAR 952).
14. Certification of right of way acquisition work must be made by the Agency (or on behalf of its consultant) doing the work. If Agency acquires the right of way, it shall provide a letter from Agency's legal counsel certifying that 1) the right of way needed for the Project has been obtained and 2) right of way acquisition has been completed in accordance with the right of way requirements contained in this Agreement. The certification form shall be routed through the State Region 1 Right of Way Office for co-signature and possible audit. If Agency elects to have State perform right of way functions, a separate agreement shall be executed between Agency and State right of way, referencing this Agreement number.
15. Agency shall obtain a permit to "Occupy or Perform Operations upon a State Highway" from assigned State District 2B Project Manager as well as land use permits, building permits, and engineering design review approval from State. Agency agrees to comply with all provisions of said permit(s), and shall require its developers, contractors, subcontractors, or consultants performing such work to comply with such permit and review provisions.

16. Pursuant to the statutory requirements of ORS 279C.380 Agency shall require their contractor to submit a performance bond to Agency for an amount equal to or greater than the estimated cost of the Project.
17. If Agency enters into a construction contract for performance of work on the Project, then Agency will require its contractor to provide the following:
- a. Contractor shall indemnify, defend and hold harmless State from and against all claims, suits, actions, losses, damages, liabilities, costs and expenses of any nature whatsoever resulting from, arising out of, or relating to the activities of Contractor or its officers, employees, subcontractors, or agents under the resulting contract.
 - b. Contractor and Agency shall name State as a third party beneficiary of the resulting contract.
 - c. **Commercial General Liability.** Contractor shall obtain, at Contractor's expense, and keep in effect during the term of the resulting contract, Commercial General Liability Insurance covering bodily injury and property damage in a form and with coverages that are satisfactory to State. This insurance will include personal and advertising injury liability, products and completed operations. Coverage may be written in combination with Automobile Liability Insurance (with separate limits). Coverage will be written on an occurrence basis. If written in conjunction with Automobile Liability the combined single limit per occurrence shall not be less than **\$1,000,000** **\$2,000,000** **\$5,000,000** for each job site or location. Each annual aggregate limit shall not be less than **\$1,000,000** **\$2,000,000** **\$4,000,000** **10,000,000**.
 - d. **Automobile Liability.** Contractor shall obtain, at Contractor's expense, and keep in effect during the term of the resulting contract, Commercial Business Automobile Liability Insurance covering all owned, non-owned, or hired vehicles. This coverage may be written in combination with the Commercial General Liability Insurance (with separate limits). Combined single limit per occurrence will not be less than \$1,000,000.
 - e. **Additional Insured.** The liability insurance coverage, except Professional Liability, Errors and Omissions, or Workers' Compensation, if included, required for performance of the resulting contract will include State and its divisions, officers and employees as Additional Insured but only with respect to Contractor's activities to be performed under the resulting contract. Coverage will be primary and non-contributory with any other insurance and self-insurance.
 - f. **Notice of Cancellation or Change.** There shall be no cancellation, material change, potential exhaustion of aggregate limits or non-renewal of insurance coverage(s) without thirty (30) days written notice from Contractor's or its insurer(s) to State. Any failure to comply with the reporting provisions of this clause will constitute a material breach of the resulting contract and will be grounds for immediate termination of the resulting contract and this Agreement.

18. Pursuant to the statutory requirements of ORS 279C.380 Agency shall require their contractor to submit a performance bond to Developer for an amount equal to or greater than the estimated cost of the Project.
19. Agency shall, within ninety (90) calendar days of completion or termination without completion of the Project, provide to State electronic "as constructed" plans for work on state highways in 11 x 17 size in PDF form. If Developer redrafts the plans, done in Computer Aided Design and Drafting (CADD) or Microstation, to get the "as constructed" set, and they follow the most current version of the "Contract Plans Development Guide, Volume 1 Chapter 16" http://www.oregon.gov/State/HWY/ENGSERVICES/docs/dev_guide/vol_1/V1-16.pdf, City shall provide to State a Portable Document Format (PDF) file and a paper copy of the plan set.
20. Agency is responsible for and ensures that all survey monuments recorded with a county and within or adjacent to the highway right of way shall be preserved in accordance with ORS 209.140 and 209.150. Any such monumentation that is damaged or removed during the course of the Project must be replaced in compliance with ORS Chapter 209 stipulations, the State Right of Way Monumentation Policy, and at Agency's own expense.
21. Agency is also responsible, at its own expense, for replacement of any additional State survey marks or other monumentation not recorded with a county that are damaged or removed during the course of the Project. In the event of such replacement, Agency shall contact State's Geometronics Unit for replacement procedures.
22. If additional right of way is acquired for state highway right of way purposes as a result of the Project, then a right of way monumentation survey is required as defined in ORS 209.150 and 209.155. Agency agrees to provide such a survey, at its own expense, following ORS Chapter 209 stipulations, State Right of Way Monumentation Policy, and State's Geometronics Unit review and approval, and to file the legal survey with the appropriate Agency Surveyor's office as required
23. Agency certifies and represents that the individuals signing this Agreement have been authorized to enter into and execute this Agreement on behalf of Agency, under the direction or approval of its governing body, commission, board, officers, members or representatives, and to legally bind Agency.
24. Agency's Project Manager for this Project is Mike McCarthy, City Engineer, 10699 SW Herman Rd, Tualatin, OR 97062, 503.691.3674, mmccarthy@tualatin.gov, or assigned designee upon individual's absence. Agency shall notify the other Party in writing of any contact information changes during the term of this Agreement.

State shall review the Project plans, perform periodic inspection for internal documentation purposes, and provide technical inspection during and upon completion of the Project. State agrees to not incur costs exceeding \$30,000 without first submitting to Agency a request for additional deposit accompanied by an itemized statement of expenditures and an estimated cost to complete State's services for the Project and receiving Agency's approval.
2. Upon completion of the Project, State shall either send to Agency a bill for the amount which, when added to Agency's advance deposit, will equal 100 percent of the total state costs for Project or State will refund to Agency any portion of said advance deposit which is in excess of the total State costs for Project.
3. State shall be responsible for maintenance of the Project improvements, including striping, pavement, the concrete traffic separators, and curbs. State shall notify the other Party in writing of any contact information changes during the term of this Agreement.

GENERAL PROVISIONS

1. This Agreement may be terminated by mutual written consent of both Parties.
2. State may terminate this Agreement effective upon delivery of written notice to Agency, or at such later date as may be established by State, under any of the following conditions:
 - a. If Agency fails to provide services called for by this Agreement within the time specified herein or any extension thereof.
 - b. If Agency fails to perform any of the other provisions of this Agreement, or so fails to pursue the work as to endanger performance of this Agreement in accordance with its terms, and after receipt of written notice from State fails to

- correct such failures within ten (10) days or such longer period as State may authorize.
- c. If Agency fails to provide payment of its share of the cost of the Project.
 - d. If State fails to receive funding, appropriations, limitations or other expenditure authority sufficient to allow State, in the exercise of its reasonable administrative discretion, to continue to make payments for performance of this Agreement.
 - e. If federal or state laws, regulations or guidelines are modified or interpreted in such a way that either the work under this Agreement is prohibited or State is prohibited from paying for such work from the planned funding source.
3. Any termination of this Agreement shall not prejudice any rights or obligations accrued to the Parties prior to termination.
4. Americans with Disabilities Act Compliance:
- a. State Highway: For portions of the Project located on or along the State Highway System or a State-owned facility ("state highway"):
 - i. Agency shall utilize ODOT standards to assess and ensure Project compliance with Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 as amended (together, "ADA"), including ensuring that all sidewalks, curb ramps, and pedestrian-activated signals meet current ODOT Highway Design Manual standards;
 - ii. Agency shall follow ODOT's processes for design, construction, or alteration of sidewalks, curb ramps, and pedestrian-activated signals, including using the ODOT Highway Design Manual, ODOT Design Exception process, ODOT Standard Drawings, ODOT Construction Specifications, providing a temporary pedestrian accessible route plan and current ODOT Curb Ramp Inspection form;
 - iii. At Project completion, Agency shall send a completed ODOT Curb Ramp Inspection Form 734-5020 to the address on the form and to State's Project Manager for each curb ramp constructed or altered as part of the Project. The completed form is the documentation required to show that each curb ramp meets ODOT standards and is ADA compliant. ODOT's fillable Curb Ramp Inspection Form and instructions are available at the following address:

<https://www.oregon.gov/ODOT/Engineering/Pages/Accessibility.aspx>
 - iv. Agency shall promptly notify ODOT of Project completion and allow ODOT to inspect Project sidewalks, curb ramps, and pedestrian-activated signals located on or along a state highway prior to acceptance of Project by Agency and prior to release of any Agency contractor.

- v. Agency shall ensure that temporary pedestrian routes are provided through or around any Project work zone. Any such temporary pedestrian route shall include directional and informational signs, comply with ODOT standards, and include accessibility features equal to or better than the features present in the existing pedestrian facility. Agency shall also ensure that advance notice of any temporary pedestrian route is provided in accessible format to the public, people with disabilities, disability organizations, and ODOT at least 10 days prior to the start of construction.
- b. Local Roads: For portions of the Project located on Agency roads or facilities that are not on or along a state highway:
- i. Agency shall ensure that the Project, including all sidewalks, curb ramps, and pedestrian-activated signals, is designed, constructed and maintained in compliance with the ADA.
 - ii. Agency may follow its own processes or may use ODOT's processes for design, construction, or alteration of Project sidewalks, curb ramps, and pedestrian-activated signals, including using the ODOT Highway Design Manual, ODOT Design Exception process, ODOT Standard Drawings, ODOT Construction Specifications, providing a temporary pedestrian accessible route plan and current Curb Ramp Inspection form, available at: <https://www.oregon.gov/ODOT/Engineering/Pages/Accessibility.aspx>;

Additional ODOT resources are available at the above-identified link. ODOT has made its forms, processes, and resources available for Agency's use and convenience.
 - iii. Agency assumes sole responsibility for ensuring that the Project complies with the ADA, including when Agency uses ODOT forms and processes. Agency acknowledges and agrees that ODOT is under no obligation to review or approve Project plans or inspect the completed Project to confirm ADA compliance.
 - iv. Agency shall ensure that temporary pedestrian routes are provided through or around any Project work zone. Any such temporary pedestrian route shall include directional and informational signs and include accessibility features equal to or better than the features present in the existing pedestrian route. Agency shall also ensure that advance notice of any temporary pedestrian route is provided in accessible format to the public, people with disabilities, and disability organizations prior to the start of construction.
- c. Agency shall ensure that any portions of the Project under Agency's maintenance jurisdiction are maintained in compliance with the ADA throughout the useful life of the Project. This includes, but is not limited to, Agency ensuring that:

- i. Pedestrian access is maintained as required by the ADA,
 - ii. Any complaints received by Agency identifying sidewalk, curb ramp, or pedestrian-activated signal safety or access issues are promptly evaluated and addressed,
 - iii. Agency, or abutting property owner, pursuant to local code provisions, performs any repair or removal of obstructions needed to maintain the facility in compliance with the ADA requirements that were in effect at the time the facility was constructed or altered,
 - iv. Any future alteration work on Project or Project features during the useful life of the Project complies with the ADA requirements in effect at the time the future alteration work is performed, and
 - v. Applicable permitting and regulatory actions are consistent with ADA requirements.
 - d. Maintenance obligations in this section shall survive termination of this Agreement
5. If any third party makes any claim or brings any action, suit or proceeding alleging a tort as now or hereafter defined in ORS 30.260 ("Third Party Claim") against State or Agency with respect to which the other Party may have liability, the notified Party must promptly notify the other Party in writing of the Third Party Claim and deliver to the other Party a copy of the claim, process, and all legal pleadings with respect to the Third Party Claim. Each Party is entitled to participate in the defense of a Third Party Claim, and to defend a Third Party Claim with counsel of its own choosing. Receipt by a Party of the notice and copies required in this paragraph and meaningful opportunity for the Party to participate in the investigation, defense and settlement of the Third Party Claim with counsel of its own choosing are conditions precedent to that Party's liability with respect to the Third Party Claim.
 6. With respect to a Third Party Claim for which State is jointly liable with Agency (or would be if joined in the Third Party Claim), State shall contribute to the amount of expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred and paid or payable by Agency in such proportion as is appropriate to reflect the relative fault of State on the one hand and of Agency on the other hand in connection with the events which resulted in such expenses, judgments, fines or settlement amounts, as well as any other relevant equitable considerations. The relative fault of State on the one hand and of Agency on the other hand shall be determined by reference to, among other things, the Parties' relative intent, knowledge, access to information and opportunity to correct or prevent the circumstances resulting in such expenses, judgments, fines or settlement amounts. State's contribution amount in any instance is capped to the same extent it would have been capped under Oregon law, including the Oregon Tort Claims Act, ORS 30.260 to 30.300, if State had sole liability in the proceeding.

7. With respect to a Third Party Claim for which Agency is jointly liable with State (or would be if joined in the Third Party Claim), Agency shall contribute to the amount of expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred and paid or payable by State in such proportion as is appropriate to reflect the relative fault of Agency on the one hand and of State on the other hand in connection with the events which resulted in such expenses, judgments, fines or settlement amounts, as well as any other relevant equitable considerations. The relative fault of Agency on the one hand and of State on the other hand shall be determined by reference to, among other things, the Parties' relative intent, knowledge, access to information and opportunity to correct or prevent the circumstances resulting in such expenses, judgments, fines or settlement amounts. Agency's contribution amount in any instance is capped to the same extent it would have been capped under Oregon law, including the Oregon Tort Claims Act, ORS 30.260 to 30.300, if it had sole liability in the proceeding.
8. The Parties shall attempt in good faith to resolve any dispute arising out of this Agreement. In addition, the Parties may agree to utilize a jointly selected mediator or arbitrator (for non-binding arbitration) to resolve the dispute short of litigation.
9. If Agency fails to maintain facilities in accordance with the terms of this Agreement, State, at its option, may maintain the facility and bill Agency, seek an injunction to enforce the duties and obligations of this Agreement or take any other action allowed by law.
10. This Agreement may be executed in several counterparts (facsimile or otherwise) all of which when taken together shall constitute one agreement binding on all Parties, notwithstanding that all Parties are not signatories to the same counterpart. Each copy of this Agreement so executed shall constitute an original.
11. This Agreement and attached exhibits constitute the entire agreement between the Parties on the subject matter hereof. There are no understandings, agreements, or representations, oral or written, not specified herein regarding this Agreement. No waiver, consent, modification or change of terms of this Agreement shall bind either Party unless in writing and signed by both Parties and all necessary approvals have been obtained. Such waiver, consent, modification or change, if made, shall be effective only in the specific instance and for the specific purpose given. The failure of State to enforce any provision of this Agreement shall not constitute a waiver by State of that or any other provision.
