14 Completed Projects and 8 More Underway

2020 - Year of Construction

Built! – Boones Ferry Rd at Tualatin HS

- ✓ Mid-block crosswalk installed at High School south entrance
- ✓ Pedestrian-activated flashing beacons
- ✓ Sidewalks constructed to fill gaps

Built! – Nasoma Ln near Marquis Assisted Living

- ✓ Mid-block crossing with highvisibility crosswalk
- ✓ Pedestrian-activated flashing beacon
- ✓ Curb ramp for increased accessibility

Built! – 8 More Projects

Borland Rd: Bridgeport Elementary to 60th Ave

90th Ave Near Kaiser Permanente

90th Ave and Sweek Dr

Tualatin Road: between 105th Ave and 115th Ave

Mohawk St: East of Martinazzi Ave at PGE

More projects:

- Ibach St at Ibach Park
- Martinazzi Ave: between Avery St &Dakota Dr
- Grahams Ferry Rd at Dogwood St

Construction Begins – Garden Corner Curves

Moratoc Dr to Willow St upgrade SW 105th/SW Blake/SW 108th to roadway standards

- ✓ Extensive community engagement
- ✓ Construction began in August
- ✓ Completion anticipated in 2021

Coming Soon – Tualatin-Sherwood Rd/I-5

- ✓ Capacity improvements for Tualatin's busiest intersection
- ✓ Extends third eastbound lane from Martinazzi to Fred Meyer access
- ✓ Lane reconfiguration, striping and signage reduces travel time and saves up to \$1 million
- ✓ Construction begins in 2021

"Today, peak hour traffic backs up on Martinazzi from Tualatin-Sherwood Road all the way to Boones Ferry. Customers and employees can't get in or out of driveways."

Linda Moholt, Tualatin Chamber of Commerce CEO

Coming Soon – Martinazzi Ave and Sagert St

- ✓ Add a traffic signal to replace stop signs
- ✓ New sidewalks and crosswalks
- ✓ Improve bike lane striping
- ✓ Construction/completion in 2021

Transportation Bond Projects Continue to Advance

By Josh Kulla - October 15, 2020

Rendering of the Garden Corner Curves improvements in progress at 108th at Blake, looking northeast. CITY OF TUALATIN/COURTESY

"We're very excited that construction has now begun," said City program analyst Kelsey Lewis. "Some work will get done this fall, we'll have a pause for this winter, and it will start up again and be completed next year."

Want to suggest a project? It's not too late

¿Quiere sugerir un proyecto en su área?

En mayo de 2018, los votantes de Tualatin aprobaron una medida de bonos de obligación de \$ 20 millones para pagar los proyectos locales que alivian la congestión y mejoran la seguridad del tráfico en los vecindarios.

La ciudad de Tualatin está buscando sugerencias de los residentes para proyectos de seguridad vial necesarios en toda la ciudad. ¿Tiene un proyecto en mente? Háganos saber

Nombre de la calle y cruce de calle, o intersección más cercana:

	Problemas de exceso de velocidad:
	Asuntos de seguridad del peatón del vecindario:
Dígano	os sobre esta ruta / ubicación (marque todas las que correspondan)
	La gente usa esta ruta para ir a la escuela 🗆O al parque
	Las personas usan esta ruta para llegar a otros servicios públicos (médicos, tiendas, transporte público).
	La gente está conduciendo en exceso de la velocidad publicada $\hfill\Box$ O no ceden a las personas que
	cruzan la calle.
	La ubicación tiene accidentes con peatones, ciclistas y / o vehículos motorizados (puede proporcionar más
	detalles en la sección de comentarios)
	Hay una intersección señalizada que parece insegura para las personas que caminan
	Falta de pasos de peatones $\hfill\Box$ La distancia al cruce peatonal más cercano es demasiado grande.
	Falta de aceras seguras Falta de carriles bicicletas

PRIORITY PROJECTS

CONTACT

In May 2018, Tualatin voters approved a \$20 million G.O. bond measure to support high priority transportation projects, distributed citywide. The bond measure enables the City to move quickly to finance and build the priority projects within just a few years.

Project priorities are guided by community input demonstrating broad support for Tualatin's three most pressing transportation issues:

Congestion Relief

New signals and added travel lanes and turning lanes on Tualatin-Sherwood Road and other streets

Neighborhood Safety

New pedestrian crossings with signals and driver feedback signs that display speed

Safe Access to Schools

New crosswalks, speed controls and sidewalks to and from schools
