CITY OF TUALATIN Staff Report

TO: Tualatin Planning Commissioners

THROUGH: Steve Koper, AICP, Assistant Community Development Director

FROM: Steve Koper, AICP, Assistant Community Development Director

DATE: January 17, 2024

SUBJECT:
Tualatin Transportation System Plan Update

EXECUTIVE SUMMARY:

An informational presentation on the status of the update to Tualatin's Transportation System Plan (TSP). This update will include details on the following topics:

- Transportation System Plan Goals: Five priority statements with shared with Council on August 28, 2023. Those statements have been refined based on staff comments, discussion with Council, and public outreach.
 - Engagement summary: An update on the activities that took place during Phase 1 and 2 of the TSP engagement process, and the results of those engagement efforts.
 - Existing conditions overview: The Existing Conditions report lays the groundwork for the TSP through an inventory of existing transportation infrastructure and identification of gaps, deficiencies, and opportunities in the current transportation system. The report is broken into three key sections: Plan Area, Existing Systems Inventory, and Operations & Safety.
 - Next steps: a review of upcoming TSP tasks.
