City Council 2030 Vision Check-In and Progress Report

EXECUTIVE SUMMARY:

In January 2021, the City Council and Executive Management Team met to review and discuss changes to the 2030 vision and priorities for the upcoming year. Following those discussions, in March 2021, staff presented the updated language and priorities. The revised vision statements read:

- An inclusive community that promotes equity, diversity, and access in creating a meaningful quality of life for everyone
- A connected, informed, and civically engaged community that embraces our City's diversity
- A thriving and diversified economy that includes living wage jobs, increased tourism, and sustained financial stability for the whole City
- Safe, vibrant, and accessible gathering places throughout the City that build and celebrate our whole community
- An efficient, accessible, innovative, sustainable, and connected transportation system that effectively and safely meets the needs of our entire community
- Safe, desirable, welcoming, and sustainable neighborhoods with housing that is available for all
- An environmentally active, sustainable, responsible, and forward-thinking community that values and protects our natural resources, inhabitants, and habitat

Tonight, the City Council will review the organization's progress towards accomplishing the 2030 vision. Staff have prepared a list of completed, ongoing, and upcoming activities that relate to each of the seven statements.
