

City of Tualatin

## CITY OF TUALATIN Staff Report

**TO:** Honorable Mayor and Members of the City Council

**THROUGH:** Sherilyn Lombos, City Manager

**FROM:** Aquilla Hurd-Ravich, Community Development Director  
Garet Prior, Policy Analyst

**DATE:** February 24, 2020

---

**SUBJECT:**  
TriMet presentation on the Southwest Corridor project's Conceptual Design Report (CDR).

**RECOMMENDATION:**  
Receive presentation and provide feedback to TriMet representatives.

**EXECUTIVE SUMMARY:**

The Southwest Corridor project is an effort to establish a new 12-mile [TriMet MAX line](#) (light rail) between southwest Portland and a new Bridgeport Transit Center in Tualatin. In addition to light rail, the plan includes roadway, bicycle and pedestrian projects, a strategy to promote equitable development in the corridor ([SWEDS](#)), and a shared investment strategy for transportation improvements that connect the corridor's communities to the proposed light rail line.

The Conceptual Design Report (CDR) explains the look, feel, and preliminary design of the project. Until March 27, TriMet is collecting public comments on the CDR through the project website ([trimet.org/swcorridor/](http://trimet.org/swcorridor/)) and open house events. The closest events to Tualatin are as follows:

- **Monday, March 2 from 6-8pm** at Tualatin Elementary (20405 SW 95th Ave, Tualatin)
- **Sábado, 14 de marzo a 5-7pm** en Iglesia St. Anthony (9905 SW McKenzie Street, Tigard)

*Acompáñanos a una exhibición en español para aprender sobre los diseños de las estaciones, platicar con el personal del proyecto y compartir sus comentarios*
