The Planning Commission is the official Committee for Citizen Involvement in accordance with Statewide Land Use Planning Goal 1, Citizen Involvement. This annual report covers activities conducted by the Planning Commission in 2022.

This report will address a section of the Tualatin Municipal Code Chapter 11-1.

CITIZEN INVOLVEMENT AND INPUT

The Planning Commission is Tualatin's official Committee to fulfill Goal 1: Citizen Involvement of Oregon's statewide land use planning program. The purpose of Goal 1 is to develop a citizen involvement program that insures the opportunity for citizens to be involved in all phases of the land use planning process. Goal 1 is specific to land use and involving citizens in land use decisions. The Planning Commission serves two functions in Tualatin's land use planning program. Their first and original function is to serve as an advisory committee to the City Council by reviewing and making recommendations on comprehensive plan amendments. Plan amendments implement policy direction and are essentially legislative decisions. The second function of the Planning Commission is decision-making authority over a specified set of quasi-judicial land use decisions. In other words, the Planning Commission has the authority to approve or deny projects tied to specific properties.

At all Planning Commission meetings, community members are given the opportunity to make comments either in writing or verbally at the public meeting prior to the Planning Commission making a recommendation to the City Council. All Planning Commission meetings regardless of the agenda items are published on the City website and notices of the meetings are posted in two different locations in City buildings. Lastly, the Planning Commission provides room on each agenda for community members to make comments related to items not on the agenda that are within the Planning Commission's purview. Additionally, the Community Development staff meets with the Citizen Involvement Organization Land Use Officers as topics arise. The purpose of the meetings is to provide updates on land use items such as projects under construction, upcoming decisions and long-range planning. These meetings are held directly before the Planning Commission meetings, and they provide a forum for CIO officers to ask questions and get more information about community development processes.

PLANNING COMMISSION MEETINGS:

In 2022, the Planning Commission met 6 times during the calendar year. 6 meetings were canceled.

PLANNING COMMISSION RECOMMENDATIONS

The Planning Commission's role as an Advisory Committee to City Council involves it making recommendations to the Council on Comprehensive Plan amendments such as Plan Map and Plan Text Changes. In 2022, the Planning Commission made a recommendation to the City Council on the following item:

- Core Opportunity Investment Area Plan. The Planning Commission recommended (7-0) the Council adopt the Plan, finding it in conformance with the Tualatin Comprehensive Plan.

Notice for this item was given in accordance with the Tualatin Development Code and citizens were afforded the opportunity to comment at the Planning Commission meetings and the City Council public hearings.

PLANNING COMMISSION ACTION ITEMS

In addition to the Planning Commissions role as an Advisory Committee to City Council on comprehensive plan amendments such as Plan Map and Plan Text Changes, the Planning Commission has the authority to decide the following quasi-judicial land use application, types, appeals to which can be made to the City Council:

- Industrial Master Plan
