ARCHITECTURAL REVIEW BOARD
FEBRUARY 22, 2023

Parking Standards (TDC 73C)

The application demonstrates the proposal complies with requirements for:

- Minimum parking requirements (361 required* & 442 provided)
- Bike parking (45 units, bicycle parking within each units garages)
- Parking / drive aisle standards
- Parking lot landscaping
- 8 carports are proposed for the existing parking lot

Parking Standards (TDC 73C)

With conditions, the proposal complies with TDC 73C.210(2):

- Clear vision zone must be maintained at ends of on-site drive aisles and at driveway entrances, vertically between a maximum of 30 inches and a minimum of eight feet as measured from the ground level.

Waste and Recyclables (TDC 73D)

The application demonstrates the proposal complies with requirements for:

- Minimum Storage Area
- Per Republic Services, Waste and Recyclables placed at the end of each units driveway for pickup

Public Improvements (TDC 74) and Access Management (TDC 75)

With conditions, the proposal complies with public improvement and access management standards.

- Right-of-Way and easement dedications required
- Street improvements have been conditioned
- Public utility standards met by condition (Water, Sanitary Sewer, Storm Sewer)
- Grading and erosion control standards will apply through construction
- No access location modifications are proposed to SW Martinazzi Avenue or SW Sagert Street.
- Modifications to streets will be required to match existing cross-section

Conclusion

- The findings demonstrate that the proposal meets the applicable criteria of the Tualatin Development Code with the recommended Conditions of Approval.
- Therefore, staff respectfully recommends approval of the subject Architectural Review application (AR 22-0008), as conditioned.
