

The Project

Create a Backyard Habitat certified community demonstration site at Tualatin City Services

InPipe was installed

A micro-hydro turbine that turns the water flowing through pipes into energy.

We made a mess

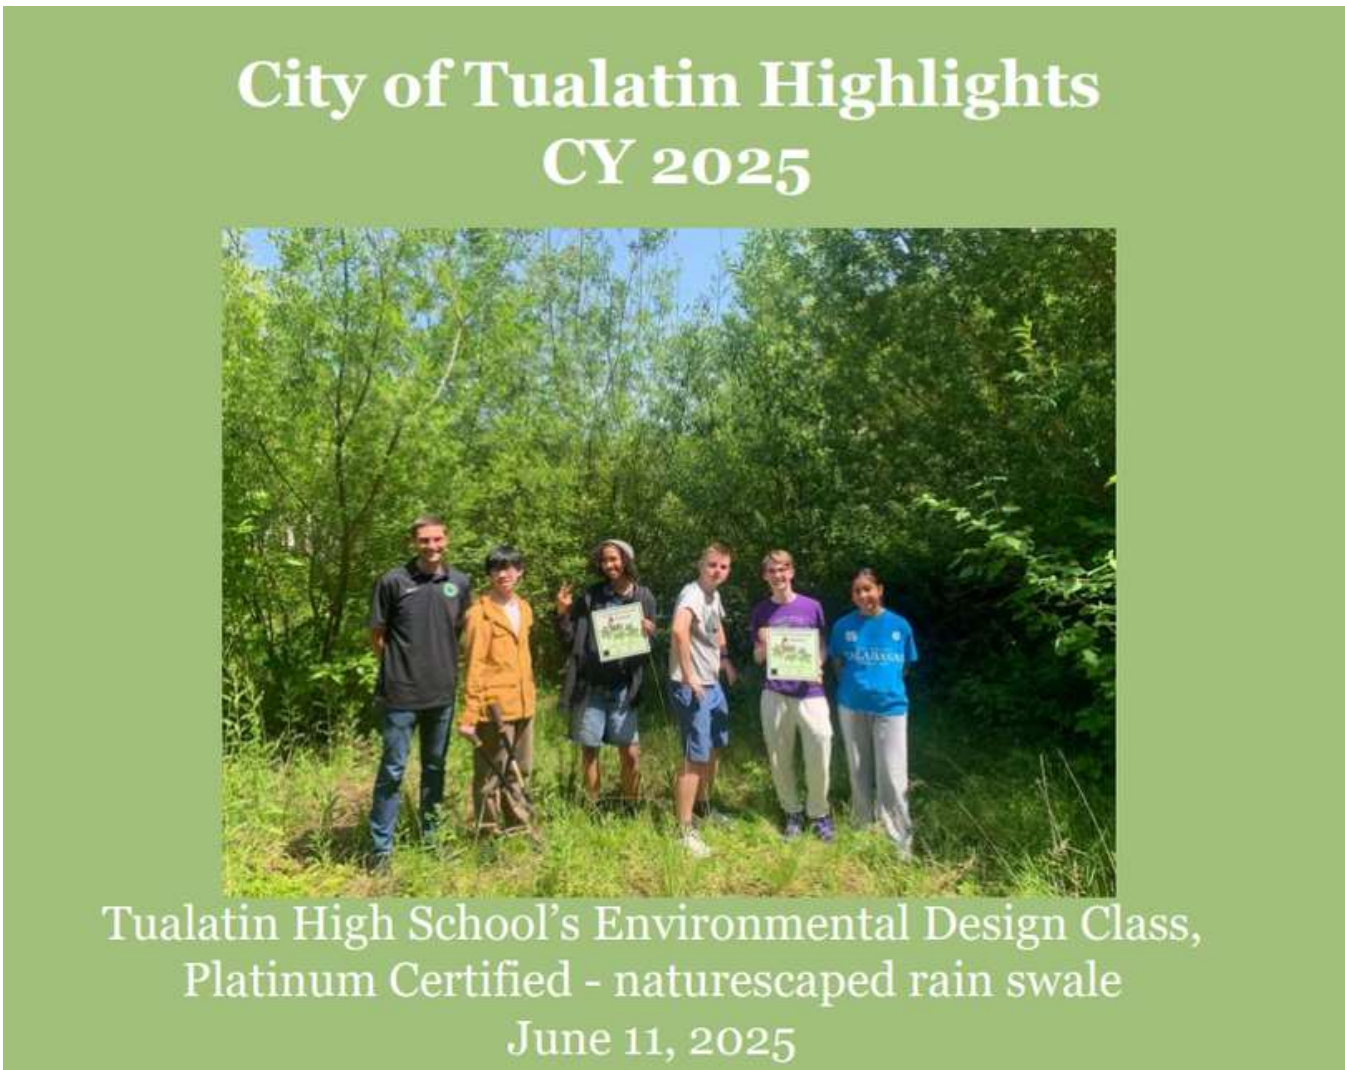

Installation damaged or destroyed much of the old landscaping.

We partner with BHCP

We partner with TuHS

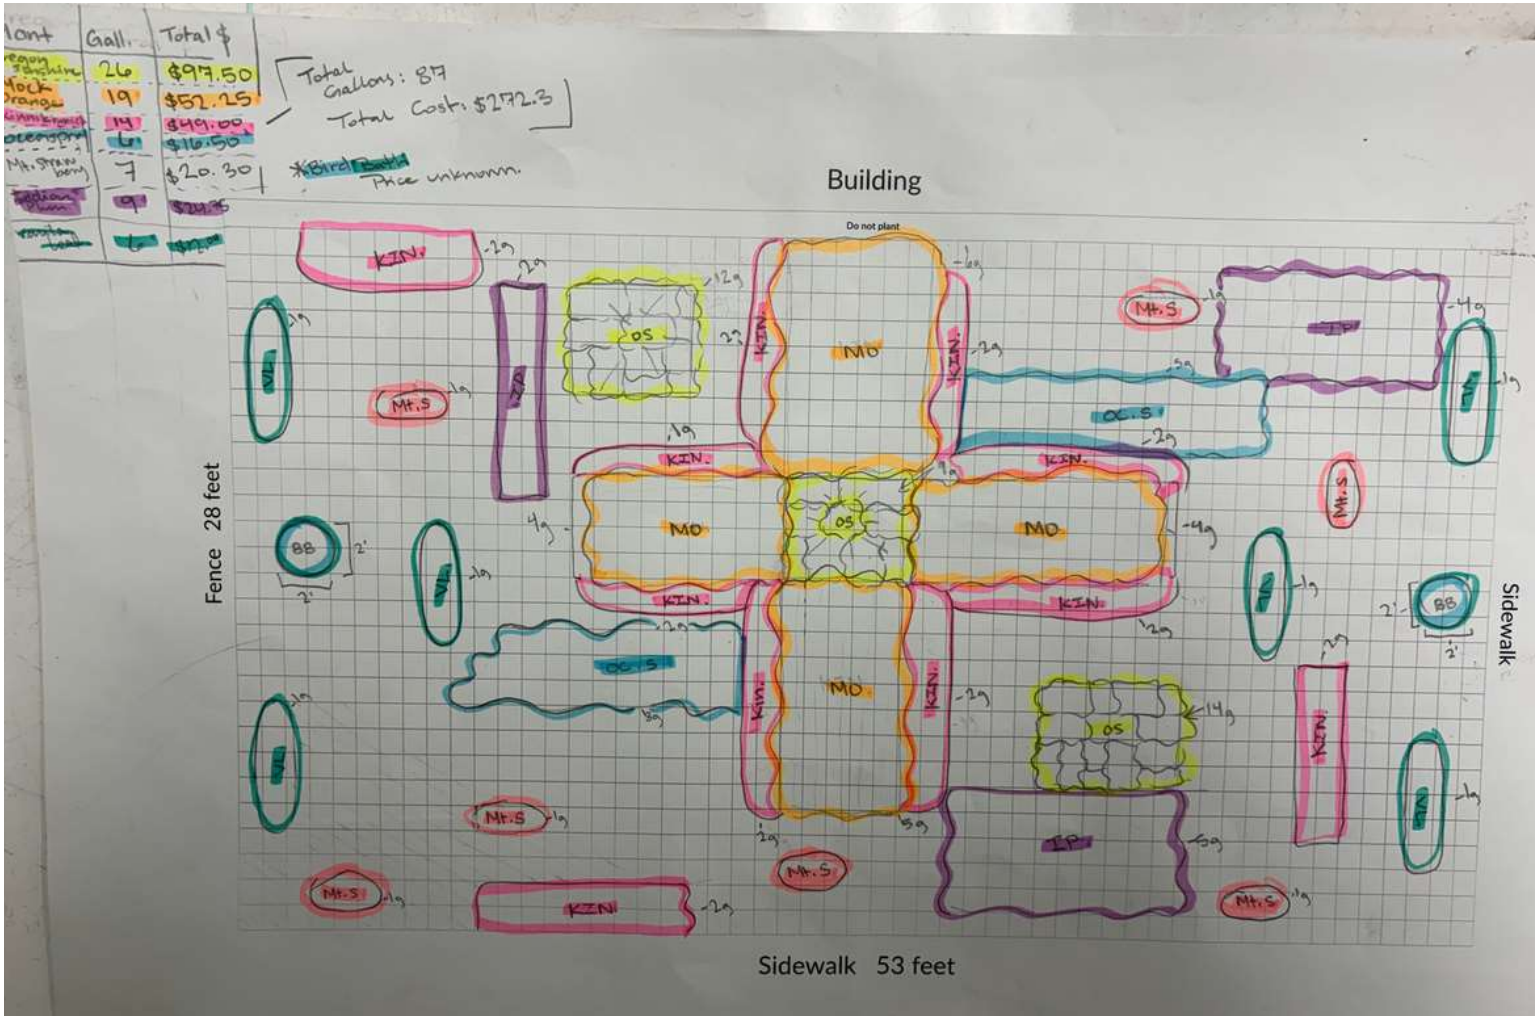

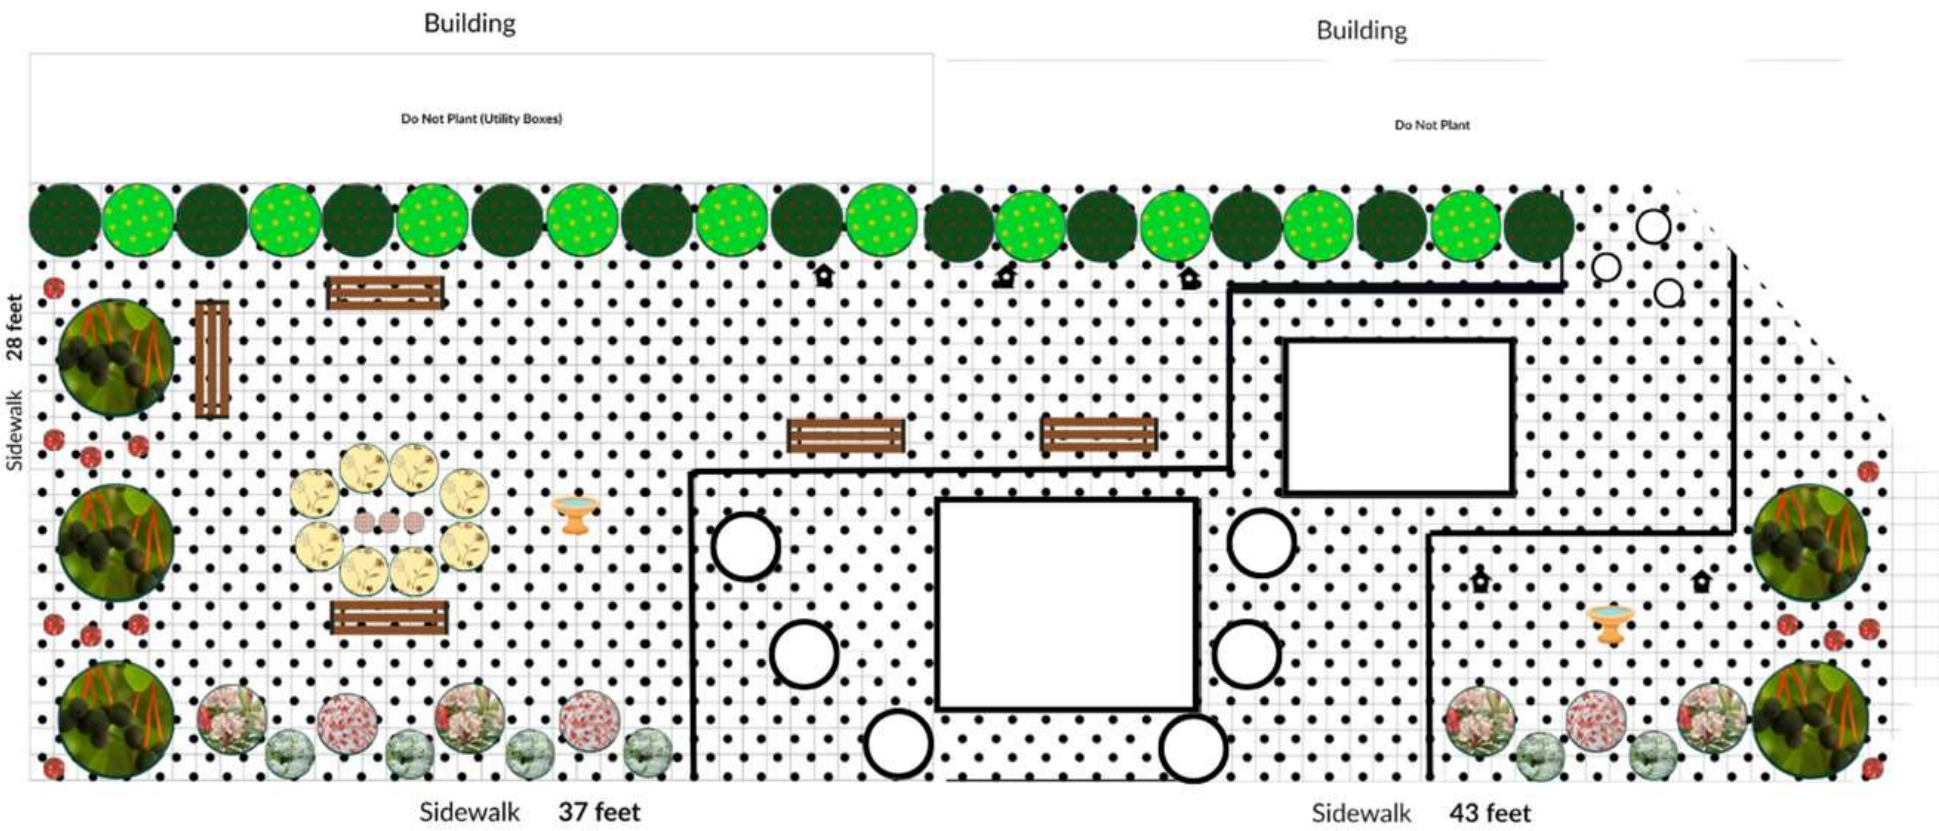

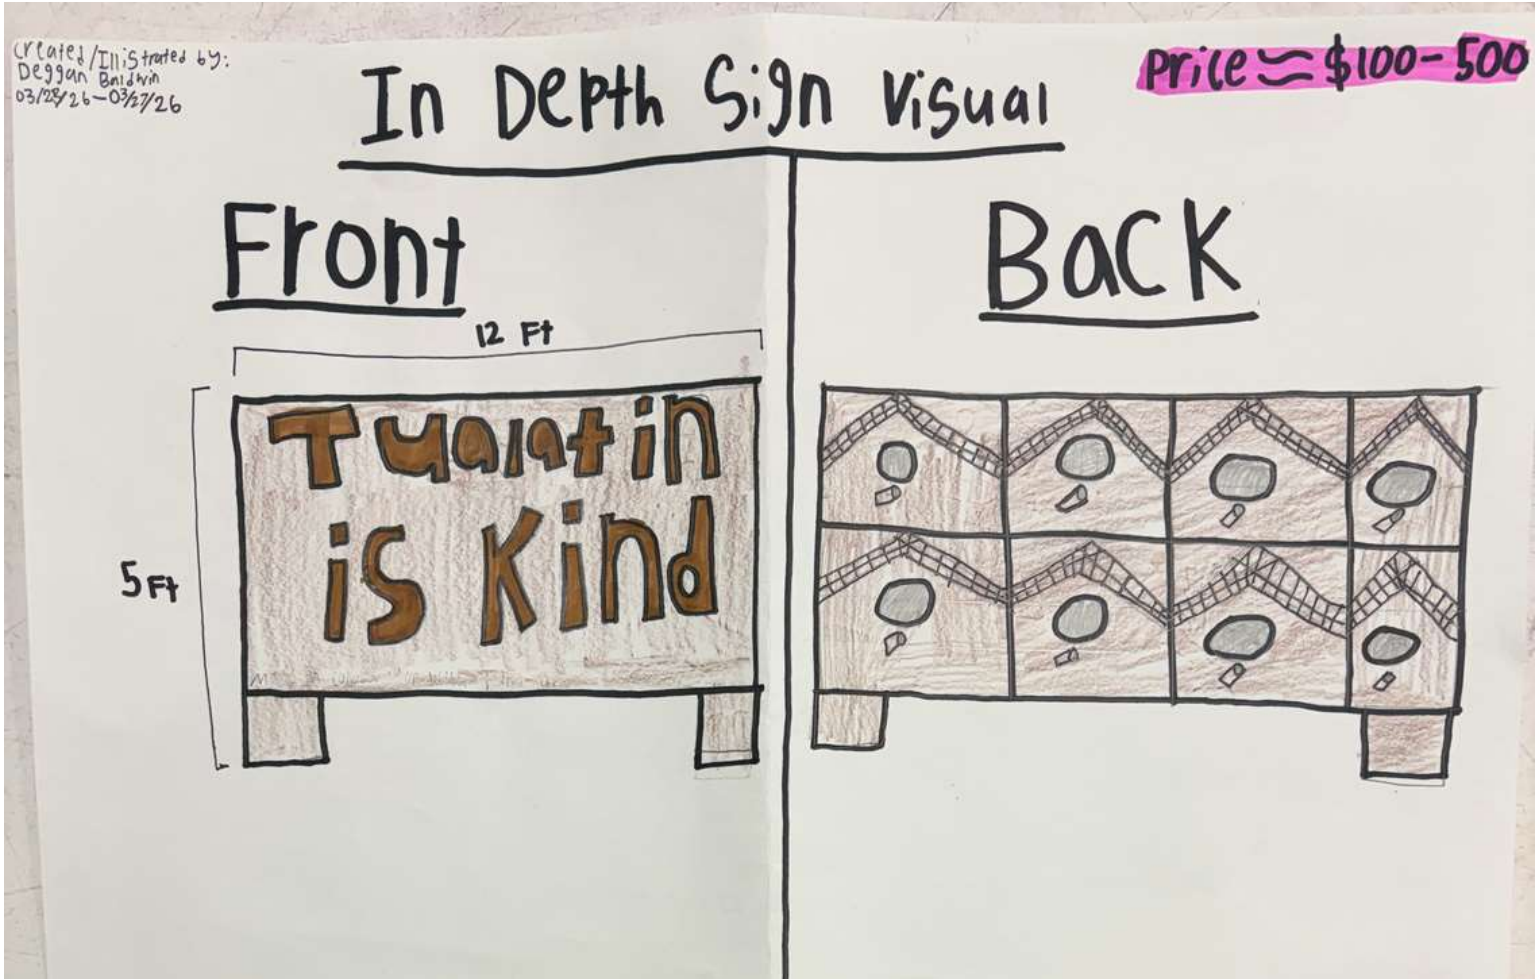

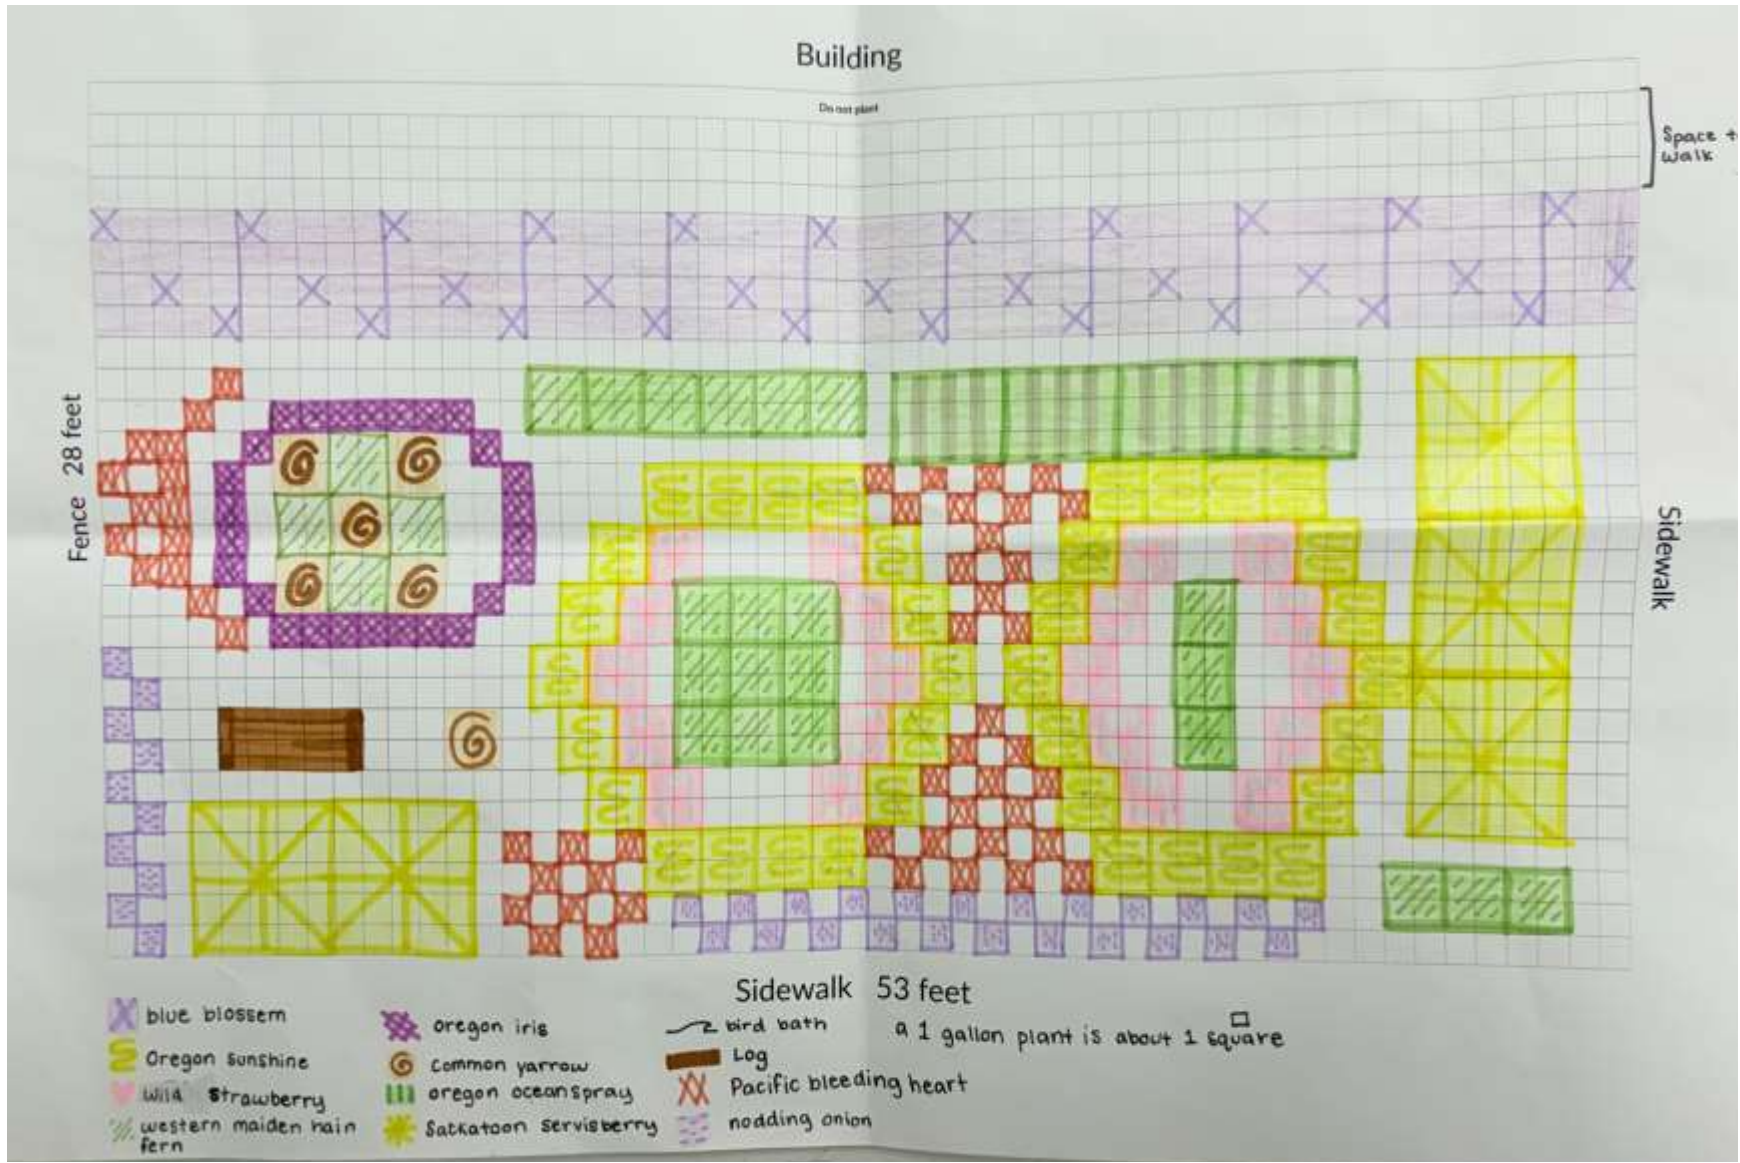

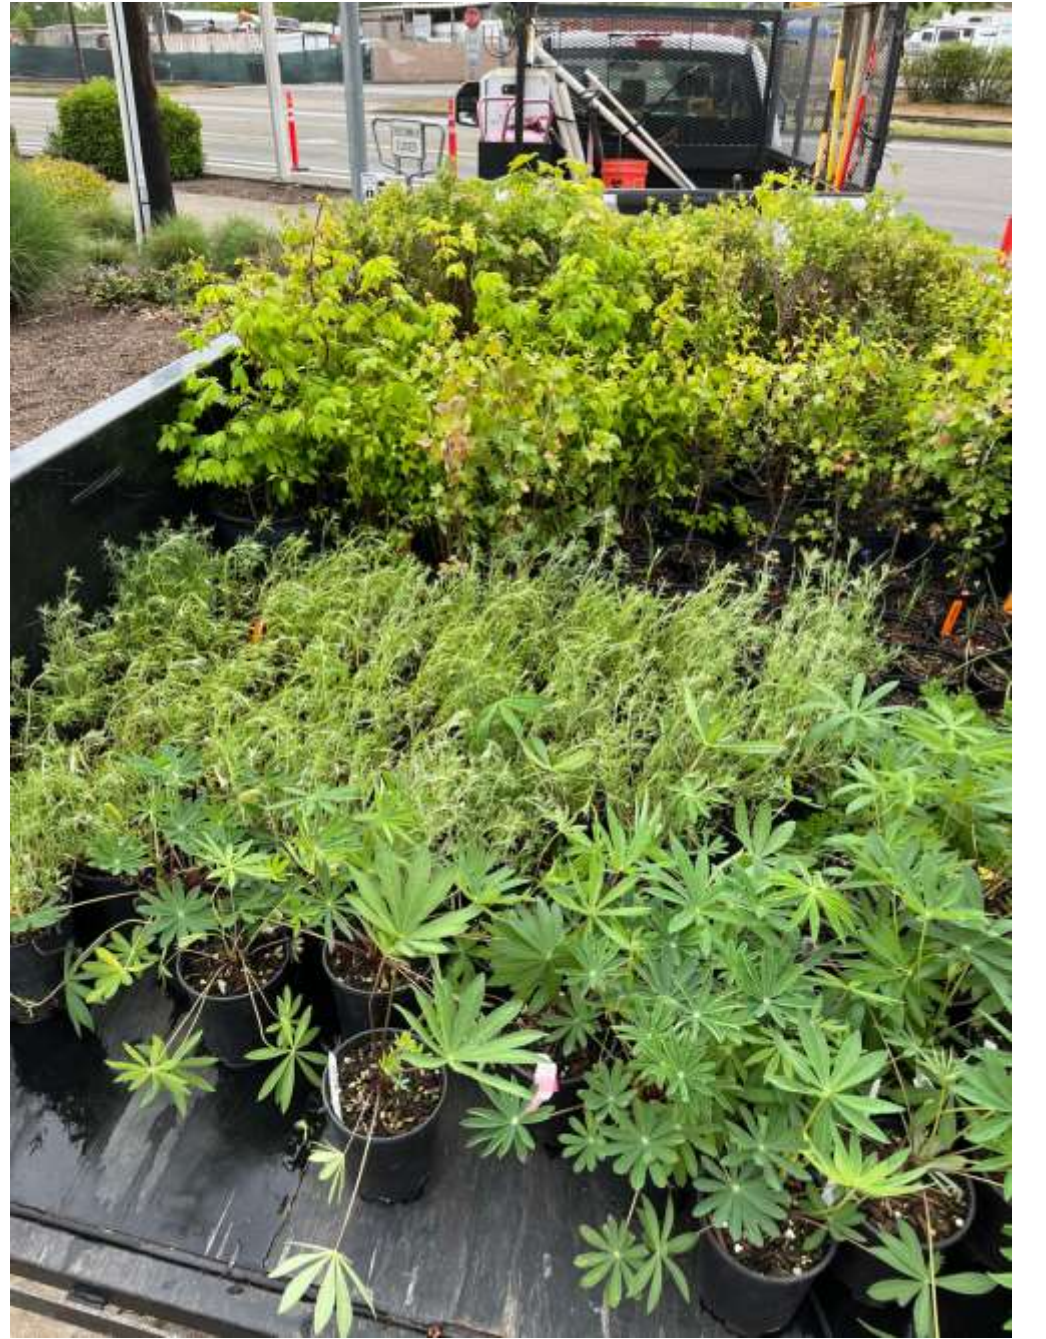

The Specs

- Two small sections of land
- Designed (and planted) by TuHS
- Using the provided planting list
- Staying with budget and guidelines
- Get certified by BHCP
