

Olympia Tumwater RFA Planning Committee

July 2022

RFA Name Process

Issue:

The name of the RFA must be included in the RFA Plan.

Recommendation:

The staff team recommends that we ask the Fire Chiefs and Union Representatives to engage staff to offer suggestions on the name of the RFA. The deadline for input would be in time for the Committee's August 8 meeting, with the understanding that the Committee will make a recommendation to Councils here when the RFA plan is submitted this fall, with consideration of staff input.

Process:

The Chief's and Union representatives would take on this issue and make the decision about the best ways to engage staff and would present the results at the August 8 committee meeting.
