“did not apply” means the organization did not submit an application specific to Tumwater’s local Community Human Services Program. “did not apply” does not mean that the organization did not receive funds from the City of Tumwater. The organization may have applied through the regional funding process and received funds; or they may have a service provider agreement directly with the City and received funds.

*South Puget Sound Community College received \$1,500 by using remaining Council training/travel funds. CHSP funding remained at \$15,000. Unfortunately, the veterans’ event was canceled due to COVID-19.
