

TO: City Council  
FROM: Dan Smith, Water Resources & Sustainability Director  
DATE: August 20, 2024  
SUBJECT: Resolution No. R2024-012 Percival Creek Fish Passage Barrier Removal #22-1161

---

1) Recommended Action:

Authorize the Mayor to sign Resolution No. R2024-012 Percival Creek Fish Passage Barrier Removal #22-1161, via Council Consent calendar.

This resolution was previously approved and signed by the Mayor, numbered as R2024-003. This request is only to change the resolution number to R2024-012 to remedy a clerical error that resulted in two resolutions being numbered R2024-003. No changes have been made to the original resolution.

---

2) Background:

The culvert conveying Percival Creek under Sapp Road has been identified as a fish passage barrier due to slope. The City plans to replace the culvert with a larger one to allow fish to pass under the road unobstructed, with construction planned to take place during the summer of 2025.

Tumwater received \$257,550 from the Salmon Recovery Funding Board to help fund part of the projects construction. This resolution would allow Tumwater to receive this grant from the Recreation and Conservation Office (RCO) and delegates authority to Dan Smith to make decisions on behalf of the City in day-to-day management of the grant.

---

3) Policy Support:

Strategic Priority B – Be a Leader in Environmental Sustainability

- Remove obstructions to fish passages
- 

4) Alternatives:

☐ None.

---

5) Fiscal Notes:

In addition to this RCO grant, Tumwater has secured \$2,100,000 from WSDOT's PROTECT funding program to pay for construction. In total, Tumwater has \$2,357,550 in grant funding to complete this project.
