

**CONTRACT AMENDMENT****TITLE:** City of Tumwater HCP Phase 2**WDFW NUMBER:** 18-11088**CONTRACTOR:** City of Tumwater**AMENDMENT NUMBER:** 3**AMENDMENT VALUE:** \$0.00**AMENDMENT EFFECTIVE DATE:**
04/01/2023**CONTRACT END DATE:**
04/01/2024

The above-referenced Contract between the State of Washington, Department of Fish and Wildlife (WDFW); and the City of Tumwater is hereby amended as follows:

AMEND Section D | Period of Performance

The period of performance is extended from April 1, 2023, to **April 1, 2024**.

This no cost time extension will allow more time to complete all objectives required under the Agreement.

AMEND Attachment C | Statement of Work

The Target Completion Dates for Objectives 1, 3 and 4 are extended .

Reporting dates are revised; and new reporting dates added.

This Amendment modifies and replaces the Statement of Work in its entirety with the attached Statement of Work.

This is a no cost Amendment resulting in the total Grant award remaining the same at \$1,146,000.

No other changes authorized under this Amendment.

All other terms and conditions of this Contract remain in full force and effect.

THIS AMENDMENT is executed by the persons signing below, who warrant that they have the authority to execute this Amendment.

Attachment C
Statement of Work
City of Tumwater Habitat Conservation Plan Phase 2

REQUEST SUMMARY

The City of Tumwater (City) and the Port of Olympia (Port) in cooperation with the Washington State Department of Fish and Wildlife (WDFW) received a Cooperative Endangered Species Conservation Fund (Section 6) Habitat Conservation Plan (HCP) Planning Assistance grant in the amount of \$900,000 (75% of the anticipated project cost; 94% or \$846,000 to the City of Tumwater, and 6% or \$54,000 to WDFW) to complete Phase 2 of the HCP development.

Phase 2 grant funds would be used to develop a public draft of the Bush Prairie HCP to cover urban residential, commercial, industrial, and institutional development activities conducted in the City and on Port properties within the City's urban growth boundary that affect listed and other special-status species and their supporting habitats.

The City and Port will complete the following tasks in the second phase of HCP development:

- Review and refine mitigation issues and opportunities identified in Phase 1 specific to the City and the Port for effective management of affected species and prairie ecosystems across private and public lands.
- Continue collaborative Plan development with participation by the Stakeholder group, comprised of property owners, businesses, conservation organizations, and federal, state, and local agencies. The Stakeholder group, convened in Phase 1, has helped to establish criteria for selecting and implementing policies, programs, and projects that seek to conserve and preserve affected species and prairie ecosystems.
- Develop and initiate a broad public process that builds on the work of the Stakeholder group to seek feedback on policies, programs, and projects aimed at conserving and preserving affected species and prairie ecosystems.
- Complete a draft HCP leveraging information collected, memoranda developed, and stakeholder feedback received in Phase 1.
- Develop information to support the US Fish and Wildlife Service (USFWS) in conducting National Environmental Policy Act (NEPA) scoping and defining the issues and anticipated actions for the public, including stakeholders.
- With the City as Lead Agency, develop information to support USFWS in conducting Washington State Environmental Policy Act (SEPA) scoping and defining the issues and anticipated actions for the public, including stakeholders.
- Complete the draft Environmental Impact Statement (EIS) for combined NEPA and SEPA compliance and publication in the Federal Register.
- Receive and review public comments on the draft HCP and EIS. Organize comments to identify themes and significant issues to aid the City and Port in the final stages of HCP development.

OBJECTIVES

The goals for Phase 2 of the HCP planning process are to (for more detail, please refer to "Objectives" and associated "Tasks" described later in the document):

- Continue to educate, inform and involve the public in conservation planning for endangered species.
- Continue to build on other local efforts by Thurston County, WDFW, Center for Natural Lands Management, Department of Defense, and USFWS to maintain and restore the South Puget Sound prairie ecosystem.
- Continue to hold regular meetings of the HCP development team convened in Phase 1 including representatives from the City, the Port, USFWS, the consultant, and other key contributors.
- Continue to seek feedback from stakeholder group convened in Phase 1.
- Incorporate the initial framework for management tools such as regulations, incentives and acquisition strategies that result in protection of contiguous properties to provide for the long-term preservation of endangered species developed in Phase 1 into a draft HCP.
- Integrate features of priority properties identified in Phase 1 as a basis for minimization and mitigation measures into the draft HCP.
- Assemble the elements of an implementation strategy that:
 - o Builds partnerships to implement the strategy,
 - o Establishes conservation milestones, and
 - o Recommends the roles and actions needed for effective conservation and mitigation from conservation partners.
- Complete a draft HCP.
- Develop a long-term HCP implementation funding strategy.
- Provide the Service with resources necessary to continue the NEPA process.
- Conduct the Washington SEPA process concurrent to the NEPA process.
- Provide information and support to complete a draft EIS on the HCP.

The City and the Port have identified the following specific tasks to achieve Phase 2 objectives. Funding obtained for FY17 is critical for continuing the planning efforts begun in FY15. The requested funding will enable achievement of the following tasks to be completed as soon as possible, within one to two years of receipt of grant funds from USFWS:

Objective 1 | Continue to engage stakeholder group and the public to ensure awareness and support of the process and long-term commitment to implementation of the HCP.

Tasks include:

1. Convene quarterly stakeholder group meetings to seek general public feedback on the process and outcomes.
2. Convene public meetings to seek general public feedback on the process and outcomes.

Objective 1 deliverable: Regular meetings with both stakeholder group and general public with feedback received and taken into consideration by project team.

Cost: \$180,644

Schedule: September 2018- April 2024

Completion Date: April 2024

Objective 2 | Use data collected during Phase 1 of the project to develop a draft HCP.

Tasks include:

1. Combine information from the Phase 1 memoranda with data related to current and planned land use, existing permit requests, land development potential, and management and mitigation strategies.
2. Describe the covered activities and environmental conditions relevant to the covered species.
3. Conduct the impact analysis and develop the conservation strategy.
4. Develop the adaptive management and monitoring program.
5. Estimate HCP implementation costs and funding sources.
6. Define the implementation structure, implementation schedule, and changed and unforeseen circumstances and remedial measures.
7. Describe alternatives to take.
8. Present and seek feedback on the administrative draft HCP to the stakeholder group and the public.
9. Incorporate feedback, where appropriate, into the draft plan.

Objective 2 Deliverable: Draft HCP.

Cost: \$188,943

Schedule: September 2018— April 2023

Completion Date: April 2023

Objective 3 | Complete final draft of HCP

Tasks include:

1. Complete First and Second Administrative Draft HCPs.
2. Complete Public Draft HCP

Objective 3 Deliverable: Final HCP for publication, provided electronically only.

Cost: \$348,458

Schedule: February 2019 - April 2024

Completion Date: April 2024

Objective 4 | Complete the draft state and federal environmental review on the draft HCP.

Tasks include:

1. If NEPA/SEPA review results in a Determination of Significance, initiate an EIS
2. Define Proposed Action, Purpose and Need, and Alternatives to the Proposed Action.
3. Document the environmental baseline conditions.
4. Conduct the environmental impact assessment for all applicable resource topics.
5. Complete the public draft EIS.

Objective 4 Deliverable: Draft NEPA and SEPA decision documents...

Cost: \$127,955

Schedule: February 2019 - April 2024

Completion Date: April 2024

LOCATION (PLAN AREA)

Based on the Plan Area and Permit Term Memorandum developed in Phase 1, the HCP plan area (Figure 1) covers the lands within the City boundaries, lands within the City's UGA that are under direct control of the Port, and any additional lands that are to be managed by the permittees for the purposes of covered species conservation. The HCP plan area will be at least 17,000 acres. The plan area may be expanded if suitable mitigation areas are identified outside this area.

ESTIMATED COST

Thurston County received \$846,000 of a \$900,000 pass-through grant funding in partnership with WDFW. A non-federal match of \$150,000, or 12.5% will be provided by the City of Tumwater. The remaining \$150,000 non-federal match will be provided by the Port through an annual entitlement grant. As a key stakeholder in the development of the HCP, the Federal Aviation Administration (FAA) will ask the Port to use this \$150,000 annual entitlement grant to offset the cost of the Port's \$150,000 (12.5%) match.

REPORTING REQUIREMENTS		
Report Title	Report Period	Due Date
Interim Federal Financial Report (SF-425)	March 31, 2019	May 31, 2019
Interim Performance Report	March 31, 2019	May 31, 2019
Interim Federal Financial Report (SF-425)	March 31, 2020	May 31, 2020
Interim Performance Report	March 31, 2020	May 31, 2020
Interim Federal Financial Report (SF-425)	March 31, 2021	May 31, 2021
Interim Performance Report	March 31, 2021	May 31, 2021

Additional reports amended to contract:

• Interim Federal Financial Report (SF-425)	March 31, 2022	May 31, 2022
• Interim Performance Report	March 31, 2022	May 31, 2022
• Interim Federal Financial Report (SF-425)	1/1/2022 – 12/31/2022	March 1, 2023
• Interim Performance Report	1/1/2022 – 12/31/2022	March 1, 2023
• Interim Federal Financial Report (SF-425)	1/1/2023 – 12/31/2023	March 1, 2024
• Interim Performance Report	1/1/2023 – 12/31/2023	March 1, 2024
• Final Federal Financial Report (SF-425)	1/1/2024 – 4/1/2024	April 1, 2024
• Final Performance Report	1/1/2024 – 4/1/2024	April 1, 2024

All reports should be sent to the WDFW Project Manager.

Tables and Figures

Table 1. Species that will likely be covered by HCP

Common Name	Scientific Name	Federal Status	State Status
Olympia pocket gopher	<i>Thomomys mazama pugetensis</i>	FT	ST
Streaked horned lark	<i>Eremophila alpestris strigata</i>	FT	SE
Oregon vesper sparrow	<i>Poocetes gramineus affinis</i>	FSC	SC
Oregon spotted frog	<i>Rana pretiosa</i>	FT	SE
Roy Prairie pocket gopher	<i>Thomomys mazama g/acialis</i>	FT	ST
Tenino pocket gopher	<i>Thomomys mazama tumuli</i>	FT	ST
Yelm pocket gopher	<i>Thomomys mazama ye/mensis</i>	FT	ST
Taylor's checkerspot butterfly	<i>Euphydryas editha taylori</i>	FE	SE
Golden paintbrush	<i>Castilleja levisecta</i>	FT	ST
Kincaid's lupine	<i>Lupinus su/phureus ssp. kincaidii</i>	FT	SE
Nelson's checkermallow	<i>Sidalcea ne/soniana</i>	FT	SE
Hoary elfin butterfly	<i>Callophrys polios obscurus</i>	[none]	SM
Mardon skipper butterfly	<i>Polites mardon</i>	[none]	SE
Oregon branded skipper butterfly	<i>Hesperia colorado oregonia</i>	[none]	SM
Puget blue butterfly	<i>Icaricia icarioides blackmorei</i>	[none]	SC
Vallée silverspot butterfly	<i>Se_el' eria zerene brennerii</i>	[none]	SC

Table 2. Tasks and Deliverables of the Responsible Parties.

Responsible Party	Task	Deliverable
City and Port	Continue to hold regular meetings of HCP development team convened in Phase 1.	Bi-monthly meetings convened to move effort forward.
City and Port	Continue to convene stakeholder group to receive feedback on work products.	Quarterly meetings convened; feedback received, considered, and integrated into work products.
Consultant, City, and Port	Incorporate memoranda developed in Phase 1 into a draft HCP. HCP will: • Include reference to management tools developed in Phase 1. • Integrate features of priority properties identified in Phase 1. • Include elements of implementation strategy. • Include funding strategy for long-term implementation.	Draft HCP.
Consultant, City, and Port	Compile information necessary to initiate NEPA/SEPA efforts.	NEPA/SEPA review documents.
Consultant, City, and Port	Host public meetings to ensure the impacted public has opportunity to learn about and provide input into the draft HCP.	Public meetings.

Table 3. Benefits to covered species and quality of project area

Covered Species	Expected Benefit	Degree of Benefit	Justification
Olympia pocket gopher	The HCP will protect a major population necessary for recovery, including a source population that provides individuals for future emigration, and the HCP will mitigate for development threats to remaining habitat.	High	More than 75% (nearly all) of the range of the Olympia Distinct Population Segment of the Mazama pocket gopher is in the plan area. Conservation of this species will provide additional prairie ecosystem benefits and benefits to other species (page 11).
Streaked horned lark	The HCP will provide management to maintain large treeless expanses necessary for breeding, feeding, and nesting behaviors.	High	The largest breeding population in the South Puget Sound Region is in the plan area. ¹ The breeding population in the plan area is believed to be essential for recovery of the species.
Oregon vesper sparrow	Prairie restoration will benefit this species by maintaining habitat necessary for feeding, breeding, and/or sheltering behaviors.	Low	The plan area represents a small portion of the range of the species but contains all of the habitat features necessary for breeding, sheltering and feeding. This rarely recorded species has been documented to occur in the plan area.
Oregon spotted frog	Critical habitat for this species is in the plan area and the species will benefit from conservation activities at mitigation sites in the Black Lake drainage basin.	Medium	The plan area represents a small portion of the range of the species but contains all of the features necessary for breeding, sheltering and feeding. This rarely recorded species has been documented to occur in the plan area.
Roy Prairie pocket gopher	These species do not occur in the expected impact area; however, they may occur on mitigation sites in the plan area.	Low	Mitigation sites in these species' range will be managed to benefit prairie ecosystems, maintaining species productivity.
Tenino pocket gopher			
Yelm pocket gopher			
Taylor's checkerspot butterfly			
Golden paintbrush	The HCP will provide opportunities for reintroduction of native prairie plants at mitigation sites.	Low	Mitigation sites in these species' range will be managed to benefit prairie ecosystems. Although none of these species are known to occur within the plan area, each of them could establish in suitable habitat at mitigation sites.
Kincaid's lupine			
Nelson's checkermallow			
Hoary elfin butterfly	The HCP will conserve and restore feeding, breeding, and/or sheltering habitat for each of these prairie butterfly species. HCP implementation will include routine monitoring of mitigation sites so we may learn more about the species' distribution.	Low	It is not currently known if any of these species occur within the plan area. If any of them do, impacts might result from covered activities or the species may benefit from prairie conservation and restoration at mitigation sites.
Mardon skipper butterfly			
Oregon branded skipper butterfly			
Puget blue butterfly			
Valley silverspot butterfly			

¹ Estimated number of streaked horned lark pairs in South Puget Sound nesting areas based on survey information collected by WDFW and CNLM, compiled in Table 2 of the Kaufman Properties HCP (2015).

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, Washington State Department of Fish & Wildlife (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through the DocuSign system. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to this Electronic Record and Signature Disclosure (ERSD), please confirm your agreement by selecting the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. You will have the ability to download and print documents we send to you through the DocuSign system during and immediately after the signing session and, if you elect to create a DocuSign account, you may access the documents for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. Further, you will no longer be able to use the DocuSign system to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through the DocuSign system all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.

How to contact Washington State Department of Fish & Wildlife:

You may contact us to let us know of your changes as to how we may contact you electronically, to request paper copies of certain information from us, and to withdraw your prior consent to receive notices and disclosures electronically as follows:

To contact us by email send messages to: dfwservice@dfw.wa.gov

To advise Washington State Department of Fish & Wildlife of your new email address

To let us know of a change in your email address where we should send notices and disclosures electronically to you, you must send an email message to us at dfwservice@dfw.wa.gov and in the body of such request you must state: your previous email address, your new email address. We do not require any other information from you to change your email address.

If you created a DocuSign account, you may update it with your new email address through your account preferences.

To request paper copies from Washington State Department of Fish & Wildlife

To request delivery from us of paper copies of the notices and disclosures previously provided by us to you electronically, you must send us an email to servicedesk@dfw.wa.gov and in the body of such request you must state your email address, full name, mailing address, and telephone number. We will bill you for any fees at that time, if any.

To withdraw your consent with Washington State Department of Fish & Wildlife

To inform us that you no longer wish to receive future notices and disclosures in electronic format you may:

- i. decline to sign a document from within your signing session, and on the subsequent page, select the check-box indicating you wish to withdraw your consent, or you may;
- ii. send us an email to dfwservice@dfw.wa.gov and in the body of such request you must state your email, full name, mailing address, and telephone number. We do not need any other information from you to withdraw consent.. The consequences of your withdrawing consent for online documents will be that transactions may take a longer time to process..

Required hardware and software

The minimum system requirements for using the DocuSign system may change over time. The current system requirements are found here: <https://support.docusign.com/guides/signer-guide-signing-system-requirements>.

Acknowledging your access and consent to receive and sign documents electronically

To confirm to us that you can access this information electronically, which will be similar to other electronic notices and disclosures that we will provide to you, please confirm that you have read this ERSD, and (i) that you are able to print on paper or electronically save this ERSD for your future reference and access; or (ii) that you are able to email this ERSD to an email address where you will be able to print on paper or save it for your future reference and access. Further, if you consent to receiving notices and disclosures exclusively in electronic format as described herein, then select the check-box next to 'I agree to use electronic records and signatures' before clicking 'CONTINUE' within the DocuSign system.

By selecting the check-box next to 'I agree to use electronic records and signatures', you confirm that:

- You can access and read this Electronic Record and Signature Disclosure; and
- You can print on paper this Electronic Record and Signature Disclosure, or save or send this Electronic Record and Disclosure to a location where you can print it, for future reference and access; and
- Until or unless you notify Washington State Department of Fish & Wildlife as described above, you consent to receive exclusively through electronic means all notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you by Washington State Department of Fish & Wildlife during the course of your relationship with Washington State Department of Fish & Wildlife.
