1) Recommended Action:

Authorize the Mayor to sign the Service Provider Agreement with Olympic Health and Recovery Services for Crisis Response in substantially similar form as approved by the City Attorney.

---

2) Background:

In response to the need for more effective behavioral health emergency services, legislation was passed in 2023 to support establishment of community based crisis teams within fire agencies. Community based crisis teams enhance the capacity of local emergency services to provide vital support to individuals experiencing behavioral health crises. Since 2021, Olympic Health and Recovery Services has partnered with multiple jurisdictions in Thurston and Mason counties to deliver innovative crisis outreach services. Through this agreement the City will have 24-hour crisis response coverage using a co-responder model. The teams will include a certified crisis clinician and peer navigator who can respond to assist emergency responders with individuals in crisis.
