Section 4. Section 17.08.010 of the Tumwater Municipal Code is hereby amended to read as follows:

17.08.010 Binding site plans.

A. The intent of this section is to provide an alternative method of land division for the sale or lease of commercial or industrial zoned properties, condominiums, and manufactured home parks that is more flexible than traditional land division procedures. Binding site plans allow for shared access, parking, streets and other required aspects of development such as park and open space areas. Binding site plans promote orderly and efficient growth and expedite the land use review process.

AB. Divisions of land into lots, parcels, or tracts zoned for industrial and/or commercial use or specifically intended for condominiums [or manufactured home parks](#) may be processed as a binding site plan. The city shall approve a binding site plan [following the process in TMC Title 17, Land Division](#), when it has been shown to conform to the requirements of the zoning code; provided, that said lots, parcels or tracts shall not be sold or transferred unless the binding site plan and a record of survey map, which is prepared in compliance with Chapter 58.09 RCW, and which includes a legal description of each lot, parcel or tract being created, is approved by the department of community development and filed for record in the county auditor's office.

C. The department of community development shall certify that the survey map conforms to the requirements of the zoning code, [land division code](#), and development standards, and affix its signature to the survey prior to recording; provided further, that the binding site plan and all of its requirements shall be legally enforceable on the purchaser or other person acquiring ownership of the lot, parcel or tract; and provided further, that sale or transfer of such a lot, parcel or tract in violation of the

binding site plan, or without obtaining binding site plan approval, shall be considered a violation of this title and shall be restrained by injunctive action and be illegal as provided in Chapter 58.17 RCW.

(Ord. O2011-002, Amended, 03/01/2011; Ord. O96-004, Amended, 04/16/1996; Ord. 1308, Added, 10/15/1991)

Section 5. Section 17.14.045 of the Tumwater Municipal Code is hereby created and is to read as follows:

17.14.045 Review criteria for binding site plans.

In addition to the review criteria of TMC 17.14.040, binding site plans shall meet the following:

- A. A binding site plan shall depict building envelopes and all existing and proposed land uses.
- B. A parking lot plan is required for the binding site plan. The plan shall allocate parking to each lot or condominium unit or specify joint use parking. Proposed lots containing legally existing structures and uses need not meet current parking regulations. Proposed lots without legally existing structures or uses must meet current parking regulations.
- C. Access to each lot or condominium unit within the binding site plan shall be depicted. Existing access to legally existing structures and uses need not meet emergency vehicle access standards. Access to proposed lots and new development without legally established structures or uses shall meet current standards.
- D. Binding site plans shall be reviewed for storm drainage, roads, water supply, existing sanitary sewage disposal, access or easement for vehicles, survey requirements, utilities, and fire protection for any lot, tract, parcel or site, and for zoning requirements, previous decisions, accuracy of legal description, ownership, lot dimensions, and improvements on the lots.
- E. A binding site plan cannot amend or conflict with previously granted use permit approvals or conditions of approval.
- F. A binding site plan shall depict any open space tract, required recreational areas, critical area buffers, and utility easements.
- G. Proposed uses must be as allowed in the underlying zone district. Should the proposed use require a conditional use permit, said permit shall be requested and reviewed concurrently or prior to approval of the binding site plan. Binding site plan approval does not constitute approval for other required use permits.
- H. If there is adjacent property that is under the same ownership as the property being divided, then the location and sizing of shared and public amenities such as streets, access, utilities, and open space and recreation areas shall be taken into account so the development is congruent with future adjacent development.

I. Binding site plans shall account for the development of all of the land of a parcel or lot or parcels or lots under the same ownership.

Section 6. Section 17.14.050 of the Tumwater Municipal Code is hereby amended to read as follows:

17.14.050 Administrative consideration.

A. All preliminary short plats, binding site plans, and large lot subdivisions shall be reviewed by the development review committee based on the standards contained in this title and any other applicable ordinances or policies. If the proposed division is determined to meet the applicable standards and only if written findings that are appropriate, as provided in RCW 58.17.110, are made, it shall be approved.

B. Additional findings required for binding site plan approval.

1. The limitations and conditions for the uses depicted on the binding site plan are consistent with applicable ordinances, plans, and policies, including but not limited to, the comprehensive plan, the development guide, the municipal code, and state laws;

2. Specific use types and conditions shall be binding on the property and shall remain in effect for all future owners of the site unless altered in accordance with TMC 17.14.110;

3. The binding site plan does not create a nonconforming use or structure or increase the nonconformity of any nonconforming uses or structures on the site in accordance with TMC 18.54; and

4. The criteria contained in TMC 17.14.040 have been met.

A. An initial one-year extension, which has been filed at least thirty days prior to the expiration of the period of approval, may be granted by the community development director or his/her designee upon a finding that the applicant has attempted in good faith to submit the final plat or binding site plan within the period of approval. 3. There are no other significant changed conditions that would render filing of the preliminary plat or recording of the binding site plan contrary to the public health, safety, or general welfare.

C. For preliminary plats approved prior to January 1, 2008, which are affected by the United States Fish and Wildlife Service's requirement for a habitat conservation plan protecting federally listed species, the community development director or his/her designee may issue time extensions in one-year increments until a citywide or individual habitat conservation plan is approved by the U.S. Fish and Wildlife Service, but in no case shall time extensions exceed three years. During such extensions granted pursuant to this subsection, the plat shall continue to be subject to the conditions of approval and vested rights that applied to the approved phased preliminary plat prior to the extension, with the exception of storm drainage standards, design guidelines and building and fire codes, unless it would significantly alter the plat as approved by the hearing examiner.
